The wiring of the Garden River R.C., Anglican Schools and teachers quarters, have been completed in accordance with instructions contained in your letter, file 13-2-5 W.T. 1. dated August 8th. 1946.

It is now necessary to arrange for the purchase of fixtures for same. The cost for labour and installing of fixtures in the school rooms and living quarters for the R.C. School will be approximately $170.00, and the cost for the Anglican School rooms and living quarters will be approximately $ 121.00. The school room fixtures are standard equipment and the fixtures for the living quarters are inexpensive fittings.

Kindly advise me if it will be in order to have the necessary fixtures installed.

Mr. R. P. G. Laurence,
Indian Agent,
Sault Ste. Marie.
Dear Sir,

In making requisition for soup for the twenty-five pupils of this school I am asking that it start on Nov. 1st. the same as in former years and continue until March 31st. Those five months are the coldest.

Last year we got $6.00 per month for this service. The ingredients alone cost 5.40 per month leaving us 60¢ for our work. We are asking that we be allowed 8.00 per month this year. We serve soup off beef bones and make it thick with plenty of vegetables, rice, barley or macaroni. The Inspector last winter was quite pleased with it.

Yours truly,
Albert E. Smith

You will please find enclosed letter received from Mr. A.E. Smith, teacher of the Garden River C.E. School, requesting that he be allowed $ 8.00 per month, this year instead of $ 6.00 for supplying hot lunches to the 25 pupils attending his school, to start on ~~November~~ 1st. and continuing to March 31st.

Nov 1/46

For your information the Garden River R.C. School, with an atterdance of 75 pupils, is allowed $ 12.00 per month for hot lunches from December 1st. to March 31st.

Kindly advise me regarding this matter at your convenience.

PLEASE QUOTE FILE 2-39-1-1

Sept. 3, 1947.

Indian Affairs Branch, Department of Mines and Resources, Ottawa.

I wish to acknowledge your letter of Aug. 19th, file 13-2-5 (W.T.1) regarding requisition from the Garden River Anglican School with reference to stoves and water supply.

Two new stoves are required for this school, one for the classroom and one for the teacher's residence as the present stoves are old and worn out. Mr. Smith would like to get two "Air-circulating" wood stoves to replace the old ones. The cost of these stoves would be approximately $50.00 each. I recommend that this request be granted.

With reference to the water supply, at present Mr. Smith has to carry his drinking and washing water about 700 feet.

The water that was formerly used at this school is full of iron and corrodes all the water pails, etc. Mr. Smith will not use this water.

Three years ago the Department tried to obtain a new source of water for this school, but it was not a success. I am getting further advice regarding this matter and will notify you at a later date what I think should be done to improve the water supply at this school.

Memorandum:

Classroom Inspection Report -
Garden River R.C. Indian Day School.

Mr. A.E. Smith , age forty-six, fourteen years Indian experience, twelve years Provincial Experience.

Enrolment is as follows:

[redacted]	1	- 7
"	2	- 6
"	3	- 4
"	5	- 3
"	6	- 4
"	7	- 2

The attendance on February 3rd, the day on which I inspected this school was sixteen. I tested only Grade 5 and Grade 7 with Achievement Tests and found them good in Spelling and weak in English and especially in Arithmetic.

This teacher seems to be in a rut and I feel that a change is definitely indicated. He admits frankly that he has lost interest in the lower grades and would like to handle the Senior Room at a two-room school. He is quite willing to move if we so request.

Discipline is no problem and the children are well mannered. They work well on their own and speak out well. The room is very untidy. In a corner is a work bench which takes up quite a bit of room (see recommendations below). The teacher was unshaven and his appearance left much to be desired in the way of cleanliness and tidiness.

This school is about fifty years old and has a large brick fireplace in the front of the room. This cuts down the blackboard surface considerably. The teacher's quarters are made up of a kitchen, dining-room/ sitting-room at the back. The whole is lighted with electricity and is adequately wired. The classroom has six semi-indirect lights in the ceiling.

RECOMMENDATIONS:

1. A brooder house at the back of the school should be fixed up as small workshop and the Manual Training equipment should be moved to it. There is an old stove which can be quite easily put up in the workshop. It could also be used as a small storeroom for Scout and Guide supplies.

2. During 1949-50 we should have an Engineer visit the school and decide what can be done about the foundation. The building seems sound in spite of its age. The present teacher and the Agent seem to feel that the foundation could be dug behind the school and that the building could be moved back to this new foundation. We could then arrange to have it heated by a furnace and at the same time remove the brick fireplace.

Mr.R.P.C.Laurence,

Dear Sir,

Last fall I wrote asking you to ask the Department for ten dollars a month for supplying a hot dish to the pupils of this school. Your reply stated that only $6.00 a month would be allowed.

You might write to the Department and ask them to raise the amount to ten dollars for the five months when we serve soup or cocoa.

You and they must know that the cost of living has raised in the last few years. You must realize that we serve an average of 20 bowls of soup a day for 20 days in the month which gives us approximately a cent and a half a bowl. If we can serve soup at that price and break even we are wasting our time here. We should be in the restaurant business.

While we were in the Oka Indian School we were paid ten dollars a month. We had only 10 or 12 children with us for lunch while here we have all 20. And that was in the depression years when food was about half what it is now.

Six dollars a month allows us 30 cents a day. Milk is 16 cents a quart. It takes at least two quarts of milk for the cocoa. Now what should we use for money to buy the cocoa,vanilla,sugar,and butter which are all necessary.

I am sure you can see that we are losing money on this project and still we have not the heart to refuse because we know that the hot dish is necessary for them.

Yours truly,

C.C.Smith.

Mr. R.P.G.Laurence,

Dear Sir,

I am enclosing plans which I have drawn to illustrate my idea of having indoor toilets placed in this school at as early a date as possible,preferably this summer.

On sheet 1 I have drawn a plan of the school and porch as it is. There is no need for a four foot door and a door this size is frightfully cold. I would have the porch removed altogether and an 8 foot addition built on the front of the school. As shown on sheet 2 this addition would be divided into three parts each 7'X8'. The centre room to be used as storage space while the two side rooms would be used as toilet and cloak-rooms.

This would cost in the neighbourhood of $1000 but it should be done as the children have to wade through snow a distance of 75 yards to the outdoor toilets.

An alternative plan would be either to build a basement behind the school and move the school building back onto it or excavate under the school where it is and put in a basement where the toilets could be installed. Either of these plans would be much better but would run into higher expense.

I would appreciate it veryymuch if you would take this up with the Department as soon as possible.

Yours truly,

W.E.Smith.

DIRECTOR, LANDS and DEVELOPMENT SERVICES BRANCH

Garden River C.E. Indian Day School -

The Anglican Indian Day School at Garden River is situated some ten miles from Sault Ste. Marie on the highway. It is a very old building but is soundly constructed and should serve our needs for some years to come. However, there is need for moving the building to a proper foundation as the present one is crumbling. We have now received a letter from Mr. A. E. Smith, the present teacher, forwarded by Mr. Indian Superintendent Lawrence. Mr. Smith's letter reads as follows:

"I am enclosing plans which I have drawn to illustrate my idea of having indoor toilets placed in this school at as early a date as possible, preferably this summer.

"On sheet 1 I have drawn a plan of the school and porch as it is. There is no need for a four foot door and a door this size is frightfully cold. onto it or excavate under the school where it is and put in a basement where the toilets could be installed. Either of these plans would be much better but would run into higher expense."

We are attaching his drawings to illustrate [redacted].

Our Superintendent of Education recently inspected this school and reports that action is definitely needed if we are to save this building. Unfortunately, it is a two-storey building with the teacherage being over the classroom. It would be appreciated if we could have an engineer visit this school and recommend the action that is needed to either

(a) preserve this building, or

(b) decide whether we should erect a new school.

I would suggest that the engineer sent to Sault Ste. Marie check first with our Superintendent of Education, who will be able to provide further details.

Mr. R. P. G. Laurence,
Indian Agent,

Dear Sir;

Will you ascertain if it will be possible to have water drawn to the school here.

The well from which we used to carry water has gone dry and we now have to carry it from the river which is nearly half a mile.

We would need 2 barrels a week. That is one barrel Monday and one on Thursday or Friday. An indian here (Joe Jones) who has a horse will bring it at $1.50 a trip making $3.00 a week.

Yours truly,
Albert E. Smith.
Teacher.

OTTAWA July 7th, 1948.

Re Garden River C.E. Indian Day School

With reference to Mr. Hoey's memorandum of June 29th which bears your Marginal Notation of July 5th, in connection with the above you are advised as follows:

It is expected that an officer from this Division will be carrying out an inspection at Brandon, Elkhorn, Punnichy and Kamsack, sometime in August. It has been planned to include the above school in his itinerary. It is likely that the visit to Garden River will be made by our officer on his way back from the West.

Col. Neary has been verbally advised as above and has expressed himself as being satisfied with this arrangement.

Following this inspection and when our recommendations are prepared, you will be further advised.

MEMORANDUM

Ottawa. October 5, 1948.

Re: Protestant Indian Day School,
Garden River, Ontario.

Further to our memorandum of July 7th, you are advised that our Mr. Hargreaves visited the above on September 10th, on his way back from a trip through the West, and the following report is submitted for your information and transmission to the Indian Affairs Branch.

It is estimated that the building is at least 50 years old. It appears to be structurally sound, but the windows and doors are noticeably loose fitting. The building is located 55 feet from the main highway.

The classroom, is 29'-3" long x 21' wide with a 9 foot ceiling which is somewhat smaller than a standard classroom of modern design. There are seats for twenty-two pupils and at present there is an attendance of twenty-nine pupils with at least thirty-four expected next year.

The first floor, in addition to the classroom, has a kitchen 10'-6" x 10'-0" and a dining room 9'-6" x 15'-0" and a small pantry. The second floor has five (5) average size bedrooms and a small lavatory which contains a chemical toilet. The building is heated by stoves.

There is a shallow well with a hand pump, on the property south of the building, and it was noticed that the water has an oily scum and is unpalatable. There is also a deep well casing near the school which is capped. Should it be desired to use this deep well, it would be necessary to "blow" the casing and remove some sand which has found its way into the pipe. The water from this well is said to be of good quality.

It would be possible to establish a sewage disposal field southwest of the building to serve a plumbing system, if one were installed.

If a new basement were excavated and built on a site immediately south of the existing building as has been suggested, and the building moved and set up thereon, together with the installation of plumbing, water supply and heating, it is estimated that the sum of $10,000.00 would be required to carry out these operations.

After having given careful consideration to the foregoing proposal, it is felt that it would be un-economical to carryout such operations. Nothing would be gained relative to bringing the classroom up to reasonably modern design. In view of the fact that a new modern one room school with basement and teachers' quarters, together with mechanical services, could be erected for approximately $15,000.00, it is recommended that the Indian Affairs Branch give consideration to this suggestion.

Dear Sirs,

At our regular monthly meeting held October 4 we decided to approach the department in the interests of the health of our children. We are asking for two things to be done:

First:- that milk, one pint and oranges, one each be supplied the pupils in the schools in place of the Vitamin Biscuits which the children do not like and will not eat.

Second:- That the children on the reserve be examined for defective teeth, eyes and tonsils and then that said defects be remedied by licensed practitioners in those lines. We would further ask that Dr. J. E. Gimby, Medical Health Officer for Sault Ste. Marie be appointed health officer for the reserve.

Yours truly,

Mr. R.P.C. Laurence,
Superintendent,
Indian Agency,
Sault Ste. Marie, Ont.

The Department is in receipt of a letter from Mrs. Frances Solomon, Secretary of the Garden River Womens Institute, which reads in part as follows:

"At our regular monthly meeting held October 4 we decided to approach the department in the interests of the health of our children. We are asking for two things to be done.

"First - that milk, one pint and oranges, one each be supplied the pupils in the schools in place of the Vitamin Biscuits which the children do not like and will not eat."

We would appreciate having your comments on the above.

It has not been our practice to supply milk and oranges at day schools for mid day lunch purposes. We have already authorized an amount for serving a mid day lunch and we regret that the vitaminized biscuits were not used as they are made from a special formula prepared by the Department of National Health and Welfare. We use these at all our dayschools in Western Canada.

Nov. 5, 1948.

Indian Affairs Branch, Department of Mines and Resources, Ottawa.

I wish to acknowledge your letter of October 28th, 1948, file 389-5 (E.1) regarding letter received by the Department from Mrs. Frances Solomon, Secretary of the Garden River Women's Institute, requesting that in the interests of health the children in the schools be supplied with one pint of milk and one orange each day.

This idea has very likely originated with Mr. Smith of the Garden River Anglican School, as he, so far, is the only teacher who has complained about his pupils not caring for the vitamin biscuits.

The present cost to the Department of supplying this Agency with vitamin biscuits and provisions for hot drinks is approximately $2,000.00 per year. To supply the pupils of each school with a pint of milk and an orange each day would cost approximately $6,500.00 per year, which is quite an item.

I would suggest that a few extra dollars per month be allowed each school to make hot soup as the present allowance for this purpose is not sufficient due to the high cost of food.

If the pupils receive the biscuits and a hot cup of soup each day, I would then feel that the Department has done their share and if any milk is needed it should be supplied by the parents from their family allowance cheques.

We have now over forty children in the new school. For next year, I already engaged a male teacher having the best recommendations, and then it is most probable that the number of scholars will increase by a good many more, so a second teacher becomes necessary. Mr. Benson, when he visited us the last time said that a salary for a second teacher would be given provided we maintain the average over 30. The last report shows an average of 33, and in the next it will be about the same or only a little under thirty because on account of bad & cold weather in the 2nd part of February and the beginning of March, many have been obliged to stay at home. By the large attendance of the first months. I see that the second teacher will be necessary not only a few months, as I thought but during the whole year. Please, Sir, let me know what the Department will be able to do, because I must on time find a competent person.

SCHOOL BRANCH

Dear Sir

In my last letter, I had the honour to ask for a reply of your Department to the second part of a precedent one written on the 19 of March 1896, about our school.

I said in that letter: "We have now over 40 children in the new school. For the next year, I already engaged a male teacher having the best recommendations, and as some of the parents say that when there will be a man to teach, they will send more regularly their children, it is almost certain that we will have always at least 40 scholars present. - The Department may see at once that a second teacher will be necessary, and probably not only for a few month's as I thought, but for the whole year. M^r. Benson, when he visited us the last time, said that a salary for a second teacher ought to be given, if we maintained our average over 30. In the last report, it has been 33, and in the next, it will be, I think about the same, or a little under 30. Because, on account of bad or cold weather in the 2^d part of Feb^y and the Beginning of March, many have been obliged to stay at home." Consequently I ask you, Dear Sir, what will you do for us, and what will be the amount paid for the second teacher? I must know that on time - to be able - to find a competent person - for the Beginning of the next schoolyears.

I remain, Dear Sir

Rev:Sir,

In reply to your letter of the 2nd instant I have the honor to inform you that you are under a misapprehension as to the purport of the conversation which took place between yours-elf and Mr Benson of this Department in regard to a second teacher for your school.

Mr Benson states that when the question of the salary of a second teacher was under discussion,he informed you that the Department had under consideration the placing of the Day Schools in Ontario on the same footing as regards salaries,as the schools in Manitoba,the North-West and British Columbia,which are paid at the rate of $3:00 per quarter for the average attendance of every pupil over 25,up to a maximum of 42 pupils,making $04:00 the maximum salary paid to any school.

There being more than an attendance of 25 pupils,it does not necessarily follow that a second teacher is required,as in the Provincial Schools teachers are expected to teach and control up to 45 pupils.

Dear Sir,

In answer to your honored of April the 9th, I may state that I am positively certain that when I had the pleasure to see Mr. Benson, he himself declared that a salary would be given for a second teacher provided our average be maintained over 30. — I remember also that the same gentleman spoke of the ways used in Manitoba to pay the teachers; but what has been said could not invalidate his formal statement.

However, and because I am confident that the Department will be able to pay us after the 30th of June next, $3.00 per quarter for every child over 25 and as far as 42, besides the 300 already paid yearly for the 25. I will consider this arrangement as satisfactorily for the present.

DEPARTMENT OF INDIAN AFFAIRS JUN 1 1896 RS

Dear Sir

Writing to you this letter, I do not speak in my own name but for and as the representative of ... the great Majority of the Indians belonging to the Shingwauk Band.

Months ago, one of them, who is a councillor, came and asked me whether it was right that the protestant schoolteacher be paid with the money of the Catholics. "No, I replied, it is not right, no more than it would be to take in your pocket your money to support the family of another." - "But, he said, we never consented to it." - "Then, I answered, it is evidently against the first principles of justice."

After some time, the new protestant teacher, who is, at the same time the minister, took charge of the school. Another man told me then that their protestant teacher and minister was supported by the 300 Dollars paid by the band, which is however two-thirds Catholic.

And again and again people came to talk about the matter.

Of course, Dear Sir, a long time before the first of them opened his mouth about it to me, I wondered at the extraordinary state of affairs which became the object of their complaint. - Why, when all sensible people in Canada are now indignant at the unfair treatment of the Catholic minority by an oppressive and tyrannical majority in Manitoba, where

most especially the conservative party is ready to fight in favor of the persecuted minority of this province ; ... in the same Canada, and in a village that depends directly for its administration on the conservative Government of Ottawa ; it is a majority, Catholic, which is robbed of its money and of its rights in favor of a protestant minority ! There, in Manitoba, it is the Catholics have been obliged to pay for the protestant schools ; But, after all, they are the minority, which gives to narrow-minded and bigotted people a bad excuse for the fact ; But here, for many years already, the Catholics, although being the great majority, have been obliged to pay for the protestant school ! — The case in Manitoba is an enormous injustice, the case in Yarmouth - River, is it not, horrible, exceedingly unreasonnable ... ?

One might say : "This is clear enough ; but why did they not send their protestation before now ?" To which question I might answer " It does not matter. The right is clear enough, and there is no prescription against Indian rights" - But I say. They did not yet protest because they are a peaceable kind of people, and would not make any noise as long as they did not see in the other party the spirit of animosity with which they seem to be inspired since the last election of the chief ; - Because also they did not yet appreciate as they do now the advantages of education, and one teacher

paid by another Band) was sufficient for the number of children who came to school ; now, it is all Different. Last year, and this year, most especially in the fall and spring, often 50 children are present and almost always over 40, so that it becomes, if not absolutely necessary, at least very desirable to have a second teacher ; and consequently they want now to use their own money for the benefit of their own children.

Now, our people wish to be well understood. They Do not Desire to suppress the protestant school. They would be pleased to see the protestant children well educated, But their conscience will not allow them to contribute their money to the support of a protestant teacher and minister ;... Beside what I said already, that they intend using their own means for their own benefit. Let others Do the same

Now, Dear Sir, I send you a copy of the petition that they wish to be sent to you, and to which they added their names :

.. We, the undersigned and our freinds catholic of Gardon - River Reserve protest - against the use made of our Indian money to support the teacher of the Protestant school, where, we, being the great Mayority, would not send our children. Our money, if used for school purposes,

Now, Dear Sir, you see what our people want: first that their funds be not used for the support of a protestant teacher or minister, and then, that if used for school purposes, they be used to pay a second teacher for their own children, in addition to the teacher already paid for by the Batchewana band.

In the list of the petitioners, they took the names of the men only who are of age to vote and of some widows or mothers of family: all receiving their Indian annuities. The names of a few are not on that list, owing to their absence which may be indefinitely prolonged.

They are anxious to have an answer and a decision.

The signatures, as they have been given by them are in my hands. They have been received by Joachim Biron, John Lesage, Michel Boissoneau, Theophile Boissoneau, besides 2 names added in my presence. I keep them carefully for further use

THIS [illegible] SENT OTTAWA 7th July 1896

Rev:Sir,

In reply to your letter of the 29th ultimo relative to the mode of paying the salaries of the teachers of the two Gardon River Indian schools,I have the honor to refer you to official letter of the 10th July 1895 on this subject,which the Department considers fully meets the case in point,which is not one of rights of majorities or minorities,but simply a matter of account. The Gardon River Indians as the wealthier of the two bands are assessed $300,while the Batchewana Band contributes $200,and this contribution of $500 towards the salaries of the teachers of the two schools,is supplemented by a grant of $100,making $600 in all for this purpose which is divided between the two schools.

In regard to the question of a salary for a second teacher,I beg to refer you to official letter of the 9th April last in which you were informed that the Department would consent to pay for an average attendance over 25 and up to 42,after the 30th June last,if Estimates voted. As,however, the present year's estimates have not yet been voted,nothing can at present be done in this matter.

In conclusion I may add that neither the Indians or the Department contribute anything to the Protestant minister on this Reserve.

Dear Sir

In reply to your favor of July the 7.th regarding the petition sent to the Department by the Majority of the Indians of the Garden-River Band. I beg to say that ...

1.°/ In the petition I do not speak in my name, but as the representative of the great Majority of the Garden-River-Band.

2.°/ Although the Department consider the case simply as "a matter of account", it remains that the money of the Majority is taken for a school where the children of the minority only can attend, and that Majority protests now, for the motives exposed in their petition of the 29.th ultimo.

"A matter of account" as it may be, the money of a man ought not to be taken to pay the expenses of another, without his consent, and much less when, as in the present case, he formally protests against it. — In a parallel case, what other name would it deserve but "gross injustice"!

3.°/ For myself, ofcourse, if I were not convinced with no possible doubt, that the claims of the petitioners is just, and that they are in fact deprived of their right to join the Baljiwanang Band in contributing to the support of the teacher or teachers of their children ..... If I had not that conviction, I could yet honestly declare myself satisfied with the present way of

By me the great majority of this Band wants

b) and that. if used for school-purposes. they be used to pay a second teacher for their own children in addition to the teacher already paid for by the other Band and the Government's grant.

Deputy Superintendent General of Indian Affairs.

Dear Sir:

Please refer to your letters 153328 & 153328---5 of April and July 1896 ... to my answer of July the 21. — I write again about the salary for the Roman Catholic Official.

DEPT OF INDIAN AFFAIRS OCT 8 1896

In reply to my last letter you kindly said that Mr Van Abbot was going to send a report on the matter .. More than two months elapsed since then : I suppose that the Agent had time enough to forward the informations required. I may be mistaken however, as the old gentleman is always sick. But is a report necessary when a petition bearing the names of the great majority of the Indians of this Band has been sent to the Department, in a case where there can be no doubt whether the claims are right or not, as they are founded upon the very words of the law in the most evident manner ?

After having taken, three years long, every means and much trouble to obtain that the children be regular at school, I have been successful and raised our average to 28 for the last quarter ; which average would be about 45 if, the two first weeks, all had come back from the Fairs .. Nearly every Day, when there is a good weather, we have 50 scholars, and I expect to have yet more of them present. But one condition is indispensable: I must have a second teacher —

It may be that in the Provincial schools, teachers are expected to teach up to 45 pupils ; But whosoever has an idea of our Indian schools knows that they are much more difficult to manage than the white ones.

Already, Dear Sir, in your letter of July the 7th, you stated that you consent

to pay us for an average attendance over 25 and up to 42. 5 Dollars per quarter for each child over 25. Consequently, the estimates having been voted now. I expect to receive for the last quarter $ 115 instead of 75; and so on each quarter.

But, dear Sir, see the inconvenient of that manner of payment in our case. Generally, if nothing extraordinary happens, if the weather is not too stormy, if there is no sickness among the children, the average will be over 42 and I shall receive from the Department an amount which will allow me to pay two teachers. But if any thing occurs and keeps at home 10 or 15 of them, there will be no money to pay the second teacher.

And if I have only one teacher, as he cannot possibly teach properly so many pupils in different standards, we will see unavoidably the average decrease little by little.

Please, tell your Department remember that after and with religion the best way to improve the condition of our Indians is the school; and when after 3 years of experience you see a place where so much is done with owners in that way, do. I pray. whatever is possible to help it. For many years, the missioners procured the schoolbuilding with the whole furniture; we contributed again 525 Dollars towards the erection of the new one and paid 30 Dollars for the assurance of it. we are yet building a large shed for the children 60 x 25; after pursuing efforts we are obtaining a very fair average of presence, that marche forward ought not to be stopped. And what I ask of you is only to give me for sure the 200

Dollars that according to every probability will have to be paid conformably to your letter of July the 7th (without that I can find no teacher.)

And the Indian Act gives you an easy way to get the money. The R. Catholics being the great Majority in the Garden River band, that band ought to pay at least 200 for a R. Catholic teacher. Those 200 added to the 300 paid by the Badjimanang band and the general fund, will afford the 500 required. What our people is asking for is nothing but that, and every impartial mind could not but approve of it

Please, Dear Sir, answer promptly this letter, because we are all very anxious to see at once our second teacher: I am almost sure to find one now, with good certificates

Your Servant in the Lord.

Memorandum for the

Acting Superintendent General of Indian Affairs.

The undersigned begs to report that an application has been received from the Rev:J.A.Artus, Roman Catholic Missionary on the Garden River Indian Reserve, applying for a grant of $200.00 per annum to pay the salary of a second teacher for the Indian school under his charge, and in connection with this application the undersigned would state that on a former occasion when this matter was brought up the Department agreed to the placing of this school on the same footing as regards salary as the day schools in Manitoba and North West Territories which are paid at the rate of $3:00 per quarter for the average attendance of every pupil over 25 up to a maximum of 42 pupils making $504:00. Father Artus now writes that although he had raised the average attendance to 45 for the greater part of last quarter, still to owing to many Indians being absent from the Reserve in the early part of August, the average had fallen to 38 for the whole quarter, and while claiming that the general average will reach 45 he points out that certain unavoidable things may occur to reduce the average so that he could not always count upon receiving $500:00 a year, the amount required to pay the salaries of two teachers who will be needed for the school.

A very commodious new school building has lately been put up partly from the funds of the band and the mission, and as the school is divided into a junior and senior divisions two teachers are required. The school is reported to be doing good work and should, the undersigned considers, be encouraged by fixing the grant at $500:00 per annum contingent upon its present standard being kept up.

Respectfully submitted,

The salary for the R. Calls. school 3rd quarter, has not yet been sent to me. We never had so long to wait for it. Please forward it at once.

I hope that considering the motives exposed in my last letter, you will be able to give me as a rule a salary which may allow me to have two teachers. — I do not think that since the beginning of October we have ben than 50 children present any day. the day before yesterday they were 61, yesterday 64. to-day. on account of rain we have only 5 ℔ — I must myself give a great deal of my time to the school: but my missionary work will not allow me to do so a long while. If the Department does not consent to give now the necessary salary, in case I will be obliged to absent myself. it will be impossible to keep so many children and to teach them properly.

The progress of the children, as well as their attendance, is truly speaking, extraordinary: and I am sure that you would be ready for any possible sacrifice, if you could see by yourself what I have the pleasure to see every day.

Expecting the salary and a favorable reply. I remain. Dear Sir. Your servant in the Lord

Word has reached me from Garden River Indian School that great inconvenience is caused by the lack of some means of school communication recommended some time ago. May I ask that such supplies be forwarded as promptly as possible as the progress of the classes may not be hindered.

It was said also that the salary for the first quarter had not yet been received although the school attendance at least will be sent in some time ago, and that the teacher was thereby considerably inconvenienced.

The attendance in this school is quite regular and too large for one teacher. In Indian schools the number of teachers should be greater in proportion than in white schools owing to the former the children need much more individual training and attendance for this reason found the work in this school more than any one teacher could properly attend to and would

Dear Sir:

INDIAN BRANCH
DEC 11 1900

There is already a long while, since the majority of the Garden-River people sent by me to the Department asking that their money "if used for school purposes, be used to pay a teacher for their own children." I sent a few letters to the Department about it, and the last answer 28th July 1896, stated that Mr Van Abbot was going to send a report

Mr Van-Abbot is unable to do anything by himself, and no report has been made, while the people here is very anxious to know whether their own money will be used another year against their will clearly manifested to pay a teacher for a school where they cannot send their children, while they pay nothing for the school of their own. As they know now that a salary is paid for a second teacher in that school, they expect that their $200 dollars will be used for it

MEMO:

OTTAWA 17th May 1897

The mode of payment referred to by Mr Agent Abbott as being objected to by the Batchewana Band, has been followed for the past ten years, and if thinks they are being over assessed for the support of the school, it would be well for Him to state what change he would recommend made. The Batchewana Band contributed $200, the Garden River Band $300 and the Government $100 for the support of the two schools up to the 30th June '96. The Roman Catholic school is now in receipt of $500, none of which is charged against the Batchewana Band, and the undersigned does not think that they should complain of having to pay $200 for school purposes. However as they have $700 to contribute between the two Bands they ought to be able, with the help of the Agent to settle it among themselves.

The matter of Dr Reed's salary had better be referred to the Account's Branch.

Agent Van Abbot evidently refers to Return A (2) of the Departmental Report , in which it is stated that Dr Reid's salary is paid by Garden River and Batchewana Bands . Had Mr Van Abbott examined the account of the Batchewana Indians he would have found that no charge is made therein for medical attendance.

Rev.Sir,

I beg to inform you that a communication has been received from several Roman Catholic Indians of the Garden River Reserve advising the Department that you had notified Mr Reid and his daughter,who have been in charge of the Roman Catholic school on that reserve for some years,that their services are no longer required as the school is to be conducted by the nuns in future.The Indians further state that they are perfectly satisfied with Mr Reid and wish him to be reengaged.

As this is the first intimation the Department has received of any change in the personnel of this school,I should be glad if you would inform it what truth there is in the above statements of the Indians.While it has always been recognized that the Church has always been at liberty to nominate teachers,when a vacancy occurs,the Department reserves to itself the right to make any such sweeping changes as the one referred to and before you take any further steps in this direction a full report on this subject and the Department's consent will be necessary.

Dear Sir.

In reply to your letter of July 19th I beg to say 1° that there is no truth in the statement that the school here is to be conducted by the nuns in future. It as been a question sometime ago of coming here, but it also as been decided long ago that they would not come.

2° The Indians state that they are perfectly satisfied with Mr. Reid. I do not know where they took their information, very likely in the same source where they took that the nuns were to conduct the school in future. Acting on the advice left to the church to nominate the teachers. I must say that, his Lordship, Right Reverend J. A. O'Connor D.D. Bishop of Peterborough, the Bishop of this diocese is opposed to Mr Reid's nomination or reengagement as school teacher for another year.

I can also refer you to the School Inspector Mr. J. F. White, who is not satisfied with his success. Here is what he wrote to me on June 22d 1901.

I regret to know that Mr. Reid is again giving you

trouble about retaining his position He will not however gain much if he appeals to the Indian Department as our reports on his success would not strengthen his cause."
At his visit here in June Mr. White also spoke to me and quite approved of a change, and he also spoke the same way to others With these two authorities I thought I was justified in looking for other teachers in hope of having better satisfaction.
Mr Reid's daughter told me when she left here at the end of the year, that she would never come back. So this changes the position of Mr. Reid. That same girl has been complaining to me during the two years she has been here, that she was not getting enough of onions

It is recognised that I am responsible for the school and I also have many reasons for a change. Mr. Reid would not follow my direction, see for instance, it took him 17 days to make the Return of the quarter though the regulations of the Department are that these Returns are to be sent in immediately after the end of the quarter. Also I never could get Mr. Reid to let the children in at four o'clock parents were often complaining of it, and I also had to complain about it for this particular reason. Every day, morning and evening I have to take some of the children across the [illegible] River in a [illegible]

or have a man to do it for me. The children of one class would come out at 4 P.M. and the man and children had to wait 15 or 20 minutes before the children of Mr. Reid's class would come out. I also often noticed that he would begin school 10. 15 minutes after 1 o'clock. the same in the morning.

For Mr. Reid's daughter she has been repeating me right along that she would not come back, even at the beginning of the year. She began to say she was sorry she had come. For her she is out of the question for me, as she had given me notice herself, and I never told her of the notice I had given her father. Both father and daughter could not agree together, how could I get a stranger to agree with Mr. Reid.

Chief Michael Cadotte who has also received a letter from Dept. acknowledging receipt of the petition of July 1st told me this morning that he did not sign nor allow any one to put his name on a petition to retain Mr. Reid's services. There has been too many petitions made on this Reserve lately and we can pretty near guess who was at the bottom of them. Before giving notice to Mr Reid I spoke to the Indian agent, Mr. Wm Van Abbott, and he was quite satisfied of the change. He might tell you something himself about Mr. Reid.

Under the direction of our Bishop and the approval of the school Inspector and the consent of the Agent and chief of Garden River Band I acted in good faith and for the good of the school in giving notice to Mr. Reid. He knows or ought to know that his position is changed since his daughter has decided not to come back and he never asked me himself to reengage him, even after the conditions were changed The Indians never spoke to me about it Though on June 14th they sent me a petition or rather a summons to retain Mr. Reid's services, they gave me only six hours to comply with the request and after the six hours they were to memorialize the Department to do so at once.

Some of the indians whose name appeared on that petition told me they were sorry they had signed the petition, the chief himself declared in writing before a witness that he had been deceived when they asked him to put his name. He does not want to retain his services, though somebody has put his name on the petition. Rev. Sir,

I have to acknowledge the receipt of your instant letter of the 24th ultimo in reference to the proposed change of teachers for the Fowar Catholic school on the Gardon River Reserve; and in reply I beg to say that our report places this matter in a very different light to from that shown in the petition of the Indians and the Department will sanction the change you propose to make in obtaining new teachers to conduct this school, provided your nominees possess the proper qualifications.

Dear Sir. SCHOOLS.

I am happy to state that I have come to an arrangement with my two teachers, They are two Misses Lorman, of Eganville. they are qualified having six and four years experience. They are the two sisters, not two nuns.

Now, as Chief Reid is putting his application for the Indian agency, at Sault Ste Marie, I thought I would tell you something about him to give you a speciman of what he is. I paid him last night his money for the last quarter and he wants now to be paid for July the time he has been waiting for his money. He blames consequently the Department for it. Our agreement is clear with me, he is to be paid quarterly by the Department. Another thing, he is residing in one of my houses, on this Reserve and I cannot get him out, and I need my house for the new teachers. If the Department does not come to my aid I will have to have him ejected by the Sheriff, what will cost me money. I cannot either find out who has signed the petition of the Chiefs, and what names are on it. Chief Michael Cadotte, who received your letter acknowledging the petition told me he was ready to [illegible]

he had not signed such petition, others also, whom I supposed could have signed, told me they had refused of course I do not know if their name is on the petition, or not; If really they have used the name of Chief Michael Cadotte to have others to sign said petition it seems to me that the Indian act, 1886 Chap. 43. section 112 would be hard on somebody. "Every one who incites any Indian to commit any "delict" "the offence is guilty of felony and liable to imprison-" "ment for any term not exceeding five years."

I beg your pardon for troubling you so much about Mr. Reid, but I wanted to let you know what kind of man the Department would have, if it was to take his application for the agency into consideration. I like to be friend and live in peace with everybody.

Thanking you for your kindness and hoping you will see a friendly spirit in this letter.

I could not but tell the Department from Chief Reid is stirring up a lot of the Indians. I hope you have received Mr Abbott's letter relating to the declaration of Michael Cadotte.

I remain, Dear Sir.

I beg to draw your attention to the fact that a difficulty has arisen between the Teacher Mr Reid of the Roman Catholic School at Garden River Reserve and Rev. father Cavon the priest in charge It appears the teacher refuses to leave or give up possession of the house he has occupied in

The Rev father has applied to me to take action in the matter but I am not sure of the powers I hold as agent of the Indian Department and have taken no action until I am instructed by your Department. It appears that the school buildings are situated on property held by the Church and whether an order from me would be supported

I might refer to Mr Abbotts letter of 24th ult- as connected with this matter Kindly advise me in the matter

Dear Sir

I am requested by the people of this place, who have children attending school, and who reside upon or about the 11th Line on the subject of reengaging our present Teacher, who holds a 2nd Class Certificate and who has taught successfully and satisfactorily for the last five years, to inform you, that the reply you received to your letter to Chief Cadelle through Mr Van Abbott, was false and erroneous in its entirety. The said chief having denied all knowledge of the circumstances of which he was cognizant, and knew perfectly well, having been present at the meeting held for that purpose, and as you have a copy of the request to Rev. H. Caron, asking him to reengage our Teacher, you will see M. Cadelle's name heading the list by his order.

Having interviewed Mr Van Abbott on the subject he stated that you asked for reasons for not reengaging the Teacher but he gave no definite reply what-

answer he sent you to that question.

Now since your letter to the Chief, who is in bosom confidence with the priest and in opposition to the people, the latter (priest) has changed his mind, from getting items which he says he never mentioned (another falsehood) to getting two girls. which is worse still, - because it is a well known fact, that no girl or girls can conduct this school, moreover since The school was established one always had female Teachers, but a good scholar or even a middling one, never left the school yet. — Again Rev. Canon takes no interest in the school, He had no examination at Christmas nor prizes, nor at the close on 30th June last, nor even went into the school on the latter occasion.

The whole trouble arises out of a bitter spite and vindictiveness on the part of the Rev. H. Canon against the Teacher, because he tried to keep half the Teacher's salary in October - 1900 saying, as how he did not earn it during the holidays, but when the Teacher informed the Indian Agent, Mr. Wadsworth, ordered payment at once, since that he (the priest) is desirous of removing the Teacher whom we desire to keep.

Kindly inform the present Indian Agt. to engage our Teacher, as the priest will not do so. He announced from the pulpit on Sunday last, that school would reopen on the 15th inst., as the Teacher asked for the Boys to stay, he was told there would

Chief

In reply to that portion of your letter of the 18th instant in which you call attention to the location of two schools on the Gordon River reserve, I beg to say that the Department regrets that it can do nothing to meet our views in the matter. There is a Roman Catholic, as well as a Protestant school on the reserve, which meet the requirements of the larger portion of the members of the band, and over. if some the children are compelled to walk nearly two miles in winter to attend school, this is no great hardship, as the main travelled road passes close to their homes, and white children in rural districts often have to exceed this distance.

Rev. Sir,

I beg to call your attention to the unsatisfactory attendance at the Garden River (R.C.) School. The last report of the Separate School Inspector showed that out of a total school population of 70, most of whom reside within a reasonable distance of the school, only 47 were enrolled and the average attendance for three months previous to his visit was only 19. This is a very poor showing and the Department would like to see the teachers of this school make some vigorous effort to improve matters. Unless some improvement can be effected the Department will not be warranted in continuing the services of two teachers.

Experience has shown that a great deal depends upon the personal efforts of the teachers in arousing the interests of the parents and thus inducing a more regular attendance and the Department is prepared to co-operate if you can offer any practical suggestions.

Dear Sir,

In reply to the observations made by the Dept. in letter dated April 27, 1910 No-153328, beg to say that these observations come at a very unfortunate moment. - For two weeks now the burden of the whole school weighs on the shoulders of the one teacher. The teacher of the higher class is laid up with pneumonia. She is out of danger now, but can not resume her work before a few weeks. - I will bring home the remarks of the Dept as soon as circumstances will allow me. - There was a want of tact on the part of the younger teacher last fall, in carrying out the regulations of the school which caused a sudden fall in the attendance. It gave me much trouble to bring back to school those pupils who were displeased. This along with sickness and other reasons demoralized the school last winter also. - I would be sorry to change these teachers before giving them an other chance, for they understand the children quite well: New comers always find it hard at the start. - I hope the attendance will improve as soon as the teacher has recovered - yours truly,

J. A. Grant O.F.

Rev. Sir,

I have to acknowledge the receipt of your letter of the 29th ultimo, and in reply I beg to say that the Department regrets to learn of the illness of the senior teacher at the Garden River school.

The letter of April 27, last, was not intended as a criticism of the methods of either of these teachers, but the Department wished to point out that, unless a decided improvement can be effected in the attendance, the grant for two teachers cannot be continued. You state that for two weeks now the burden of the whole school weighs on the shoulders of the one teacher, but, unless there has been a considerable increase within a short time, the work can easily be performed by one.

The Department will await a later report before taking any further action either in the way of asking for a change of teachers or reducing the staff to one.

Your obedient servant,

Secretary.

Ottawa, October 25, 1912.

The [redacted] Deputy Superintendent General,-

Mr. Agent McNabb encloses a letter from the Misses Reid, teachers of the Roman Catholic Indian School on the Garden River Reserve, in which they ask for an increase of $50.00.

This is a two roomed school and the Misses Reid have been continuously in the employ of the Department for the last six years. The sum of $600.00 is allowed for this school and is paid to Rev. V. Renaud, S.J., who signs the returns and styles himself as Principal while the Misses Reid do the work. I think that their modest request for an increase of $50.00 should be granted, as they are reported by Mr. O'Brien, the Separate School Inspector, as energetic and manifesting a serious interest in their work. They have been brought up amongst the Garden River Indians and are thoroughly conversant with the Indian character and language, and, although not trained teachers, are well fitted for the position.

Received AUG 27 1913

The Secretary of the Department of Indian Affairs,
Ottawa.—

Dear Sir:

I beg to inform you that, whereas our two Roman Catholic School teachers, Misses Bella & Ida Reid, resigned their positions last school quarter June 30, it is urgent that provision be made to fill the vacancy. As my predecessor here, Rev. V. Renaud, S.J., did not make any arrangements to that end, I have to do so.

First, dear Sir, I would propose to the Department to have just one teacher, my predecessor having told me that one could do the work on hand.

Secondly, I would suggest to the Department, to grant the teacher I will propose unto them, a salary of $500.00. The two Misses Reid cost the Department, last year $600.00 + $50.00 for fuel.

The person I have in view — though I do not yet know her name — is capable, having had 3 or 4 years experience, and is highly recommended as to her character. Her certificate expired this year. She would, I think board in some family near the school.

As the matter is urgent and I have not yet made the acquaintance of Indian Agent, Mr. Abbott, of Sault Ste. Marie, I forward this directly to you. Kindly send me an answer at your earliest convenience, stating exactly what salary the Department is willing to grant and saying whether I may immediately engage the services of the young

The Secretary, Department of Indian Affairs,
Ottawa.-

Dear Sir:

I received your letter No 153328/1, of the 28th ult, re, a school teacher for Garden River (R.C.) school.

The applicant's name is Margaret Dwyer, aged 23 years, P.O. address Eganville, Ont.- She has been teaching for 5½ years, in Augusburg, Co. Renfrew. She has been a succesful teacher - as vouched for by Rev. P. J. Dowdall, P.P. of Eganville. For the last two years she has received permits from the local Inspector of Public Schools, and Mr. Michael O'Brien, Inspector of Separate Schools is willing to give her a Permit to teach in Garden River. She has an excellent character.- But she asks a salary of $500.00, with $50.00 additional, to help her to buy fuel, if she take the house to dwell in (it is an old house of ours, now in pretty bad shape), or else she wants the Department, or some one else, to pay for her board, if she can find a satisfactory boarding house. Her board would come to some $170.00, or so, for a 10 month.

Considering everything, I refuse Miss Dwyer's application, and let her know my decision by this very mail. I am convinced the Department will be of the same opinion as I.

I will make at once application for another teacher, offering a salary at the rate of $500.00 per annum, if the candidate is capable of

Dear Sir.

I beg to inform you, that I found a very suitable person to teach the R.C Garden River School, in the person of Miss Catherine Tuckney, of Allumette Island, P.Q, who for the last two years - as you are aware - taught the Beaucage Ont. Indian School. She asks about $500.00 per annum, of a salary; in the letter she writes me she says that she expected a salary not less than $500.00 per annum.

She holds a First Class Quebec Certificate, has twelve years experience, two in the Indian School (Beaucage), and is 32 years old. She is ready to come at once.

I know Miss Tuckney very well, having seen her at work these last two years.

I ask the Department to accept her services. She will be the right person for Garden River.

In reply I beg to say that the Department has not received Miss Tackney's resignation as teacher of the Beaucage School, Nipissing Reserve, and for this reason cannot understand this application. If it is Miss Tackney's intention to leave she should have advised the Department, as, under these circumstances, the Beaucage School might be vacant for sometime. Miss Takney's services at Beaucage were satisfactory, but she was paid there only a salary of $400.00 per annum.

If she wishes to take charge of the Garden River School the Department will allow her a present increase of $50.00 and will grant a further increase, should she show herself capable of keeping up the standard of the school.

Dear Sir:

In reference to your letter No 15332 6 appointing teacher for the R.C. School here in Garden River I beg to say that on the 11th inst. Tackney, stating that she has again the school at Beaucage, Indian Agent Mr Jos. Cockburn having wired for her to come [to Beaucage if possible.

This is of course, a great disappointment for me; still I do not lose courage, but send you for approbation the application of Miss Ida May Lyon, of Manitoulin Island, P.Q., for our school here. She writes me on the 11th inst. offering her services & till the vacancy and stating that she holds a first class Quebec Diploma and will, if favoured with the position, enter upon her duties with full confidence in determination of giving satisfaction to all concerned.

Miss C. Tackney tells me that she knows this Lyon personally, having had her as one of her pupils, that she secured her certificate

I asked Miss Ryan about the matter, some 8 days ago. Her answer was "no", and it is her final answer.
I think I can secure the services of Miss Kate Tackney, who taught the Beaucage School till the middle of last March. The lady asked me whether I knew of any vacant school. I answered, that the Garden River R.C. School would be free after this quarter. If the Department be willing, I will offer her the position, with a salary of $500.00 per annum.

Sir,-

I have to acknowledge the receipt of your letter of the 31st ultimo, and in reply I beg to say that the Department is pleased to learn that the Roman Catholic School on the Garden River Reserve is progressing so favourably under the care of MissTackney.

When Mr. Benson visited the school in your company the question of engaging a second teacher during the winter months was brought to his notice. I should be glad if you would report whether you consider the attendance is sufficiently large to justify the Department in asking Miss McDermott of Sturgeon Falls to assist Miss Tackney during the winter months.

Dear Sir,

Having been advised by Miss Yackney, teacher Garden River that you may require an assistant for said School about April 1st I beg to offer myself as an applicant for the position.
I hold a First Class Elementary Diploma for Quebec, and have six years experience teaching in Indian Schools. I taught in the Goulais Bay School part of the year 1908, and for the last five years I had charge of the Garden Village Day School in the Sturgeon Falls Agency. If required I could furnish testimonials from the Indian Agent here.
I would ask a salary at the rate of $400 per annum.
Should you consider my application, I may say I shall endeavour to do good and faithful work in the Class room.
Hoping to be favoured with a reply

from Mr. W. Robb

I am, Respectfully Yours,

MEMORANDUM.

Approved

When at Garden River the end of last November I visited the Roman Catholic school there in company with Mr. Agent McNabb and Father Specht, the resident missionary.

Miss Tackney, the teacher in charge, asked to be allowed to have an assistant from the first of April to the first of November, when all the children are on the reserve and the number in attendance is greater than she can look after. The school-house contains two school-rooms and they have always had two teachers there. During the winter the attendance is not more than one teacher can look after comfortably. As there are over seventy-five Roman Catholic children on the reserve of school age there would be plenty for two teachers, if they all attended. Mr. Agent McNabb says that if they were allowed an assistant from April to November he would act as truant officer himself and guarantee a good attendance.

Miss McDermott, who formerly successfully taught the Garden Village School near Sturgeon Falls for some years, would be willing to take the position for the short term and teach the younger children. Both rooms are equipped and I think

think it would be to the advantage of the school to allow an assistant for the summer months.

I beg to enclose a letter received from Miss Katherine Tackney late Teacher at Garden River R. C. School, I am very sorry that Miss Tackney is dissatified as she is a splendid Teacher, I cannot understand how it was she was not paid the $500,00 . I think she is under the idea that she should have got her full quarters Salary last September quarter,
I would be pleased if you would write to her and explain matters to her also if you could p-rsuade her to return for the next year at least as it would be a great loss to the pupils to have her lea leave now, Good Teachers are scarcein this part,

Rec'd cheques to-day. I really can't understand why I did not get my full year's pay at the end of my term.

I was hired at $500. per annum. I only received $427.50. Purhaps it is a mistake not on my part as I worked hard. it is a large school the C.P.R. at Virden Rivers, Ontario.

I really did the work of two teachers for, a while I presume you know it.

If you think fit kindly forward this note to the Dept. of Indian Affairs and if they don't pay me in full it would seem foolish of me to re-engage. I shall not return either without a raise in wages as it is a hard school.

I've worked for the Dept. the last four years they always paid me C.P.R. I'd like a reply immediately as I don't go back if I don't get paid, and give me a chance to get a school.

Awaiting a reply.

Dear Friend:

I wrote you four weeks ago informing you that I did not get my salary in full for year ending June 30th 1915.

I presume you don't want me back or you would sign be reinstated.

I hired for $40.00 for season I received $27.50 so there is a balance of $12.50.

The last Indian Day School I taught. The Dept. paid me in full at the end of the first year's term. It was at Beaucage.

I was afraid the Garden school would be without a teacher so I'm writing again, would like an explanation regarding my wages.

You could not expect me to return and teach in such circumstances.

I know I promised to go back if you would raise my wages I never thought then I would have trouble getting my last year's pay.

I expect a reply at once as there are teachers to be hired next Sat. the 21st. so I can withdraw my applications if you settle with me I shall go back then I did promised.

Yours Sincerely

Sir,—

I beg to advise that I have received letters from Miss Tackney and Miss Mc Dermott, Teachers at the Garden Rive R, C, School both asking for an increase of Salary, Miss Tackney i is asking for $600,00 per Annum and Miss Mc Dermott $500,00.
There has been a very large attendance in this School for the last quarter and the work has been hard on the two Teachers,also the l living is getting dearer all the time,
They are two first class Teachers and I would not like to have the leave the school now, I would recommend that they be given an incr increase of salary, as good Teachers are hard to find ,
Hoping you will do something for these ladies,

I have the honor to be Sir,

Your obedient servant,

Sir,-

I have to acknowledge the receipt of your letter of the 11th instant stating that you have received communications from Miss Tackney and Miss McDermott, teachers of Garden River (R.C.) Day School, asking for increases in their salaries.

In reply I beg to say that the Department has decided to increase Miss Tackney's salary to $600.00 per annum and to allow Miss McDermott an increase of $50.00, making her salary $450.00 per annum, and you will be good enough to advise them accordingly. These increases will date from the first of the current quarter.

Sir,-

In a recent report on the Garden River Roman Catholic Day School, Inspector Finn states that the attendance is not as good as it was at the time of his last visit. The Inspector thinks that the falling off in the attendance is due to the absence of Father Artus, who used to interest himself deeply in this matter.

The Department expects you to point out to the parents the necessity of sending their children regularly, and it is felt that if you shew them that you are interested in this matter, the attendance will soon be as large as it formerly was.

EXTRACT FROM REPORT OF MISS DALY, TEACHER OF THE CARDEN RIVER B.C. DAY SCHOOL.

The attendance is all that could be desired during the last and first quarters of the year. Many of the children come from French Bay, a distance of 2½ miles and these never start back after the Christmas vacation, until the end of March. Iw ould suggest that for the winter quarter one of the teachers teach in the Bay. A small room fitted up temporarily would be all that would be necessary for the three months. Both class rooms are heated here and only pupils for one. Let this second fire be kept in avacant house or room in the Bay. This of course only for three winter months. For the remainder of the term, the present conditions are excellent. One teacher for the junior and one for the senior room is a much better arrangement than the two teachers with a class of junior and senior pupils in different.schools.

IS JANITOR'S WORK PERFORMED IN A SATISFACTORY MANNER?..Not so well as would be desired.

Dear Sir,-

On account of the increase in railroad rates and high cost of living, I am requesting a raise of salary for the coming school year. My travelling expenses are heavy - over fifty dollars a.m. all commodities are soaring and are likely to continue so I do not consider six hundred dollars ($600) too high a salary to expect.

We have now a new organ in the school and consequently music will be one of the subjects expected to be taught next term. This, I am willing to do, if I get the above mentioned salary but decidedly not, otherwise.

When sending in the Reports would you kindly make a note of the fact that my September cheque was $47.50 instead of $50.00 which should make my June Cheque $202.50?

Dear Sir.-

Attached hereto you will find a telegram offering me a school at a salary of $800.
I have been in your employ for the last two years, as principal of the two-roomed school at Garden River. A School Fair to be held Oct. 8th was organized last spring and a change of teachers at this juncture would not help things. I would prefer remaining one for this term at Garden, but cannot overlook the salary offered me so much more. here. I hold a Second Class non-professional for Ontario and a Model Low Quebec. I have had four years experience and am twenty-three years of age.
Would you kindly let me know if I am entitled to the balance of the Bonus and what salary you can give me? I would like to write the Board at Campbells Bay for August 1st. so a prompt reply would be much appreciated.

Trusting this will receive your early consideration.

I am, Yours Respectfully
Margaret M. Dale.

Extract from report of Mr. Benson, dated July 29th, 1919, on his recent visit to the Sault Ste. Marie.

Mr. McNabb spoke to me about Miss Daly, the senior teacher of the Roman Catholic School on the Garden River Reserve, and told me that she is a very successful teacher, having increased the attendance and brought the children on in their work. He says that it would be a great loss if she should leave. It is a question of salary with her. She is now paid at the rate of $700.00 per annum and she received the bonus last year. I told her, when she called at the Department a short time ago, that it was possible that the bonus would be continued, and that, if so, she would be better off to stay with the Department, although she showed me an offer she had had from a white school of $800.00.

Ottawa, December 31, 1919.

MEMORANDUM.

Mr. Scott,-

Mr. Agent McNabb, who called at the Department yesterday, requested that an increase in salary be granted to Miss Jean McDermott, junior teacher of the Garden River (R.C.) Day School. A similar request was made by Separate School Inspector Bennet after his visit to the school in September, last.

Miss McDermott began duties April, 1st. 1915, at a salary of $400.00 per annum, which was increased on July 1st. 1916, to $450.00 and further increased to $500.00 per annum on July 1st, 1917. She has a Quebec Elementary Certificate and has had a number of years' experience as teacher. The Inspector states that she is capable and very much interested in her work and that the children in her class-room compare favourably with the white children in the separate school. There is an enrolment of about 34 children in her class-room, with an average attendance of 19.

Miss K. Leahy, the senior teacher, receives a salary of $600.00 per annum, and I would suggest that Miss McDermott be granted an increase of $50.00 a year from the first of January, next, making her salary at the rate of $550.00 per annum.

Sir,-

In further reference to official letter of the 12th instant regarding the resignation of Miss M. G. Honan, principal of the Garden River (R.C.) Indian Day School, I beg to say that a communication has been received from Miss Honan, in which she states that the reason she is giving up her duties is that she was not aware at the time she took charge that the teacher was called upon to act as caretaker.

It is considered that the teacher at this school should not be requested to perform the duties of caretaker and clean and sweep the floor and light the fires. You should consult Miss Honan and see if she will not withdraw her resignation, provided the services of a competent person are obtained by you to perform the duties of caretaker. You should endeavour to secure a competent Indian to do this work. He should light the fires each day, sweep the school daily and scrub the classrooms at least once a month. I shall be pleased if you will submit the name of a man for this purpose and also state the amount of salary that he would require. You should give this matter your prompt attention, in order that he can take over these duties as soon as possible. You should also state whether Miss Honan would consent to remain if a caretaker is secured. I might add that the salary allowed to caretakers in two roomed schools is at the rate of $60.00 per annum, or $6.00 per month for the ten teaching months, and it is hoped that you can obtain the services of a competent caretaker for this amount. An early reply will oblige.

I get Mrs Mike Lasage to take the position of Caretakerat $6,00 per month after the first cleaning, she claims she ought to be p $2,50 extra for the first month as the School has not been cleaned since May last, she also wants her pay monthly as she is not very plentiful with money, I agreed to allow her the extra $2,50 for this month,

I also found that the firewood is very low and I must have some wood right away, I spoke to several of the Indians and the best price I can get is $10,00 for a double cord. I may have to take a Cord or two from the Anglican School as there is 4 or 5 cords there ,

Sir,-

I have to acknowledge the receipt of your letter of the 26th ultimo, in which you inform the Department that you expect that Miss Honan, the senior teacher of the Garden River (R.C.) Indian Day School, will withdraw her resignation, if a caretaker is appointed, and nominating a suitable person for this position.

In reply I beg to say that the Department will approve of the appointment of Mrs. Mike Lesage to perform the duties as caretaker at this school and will allow her a salary at the rate of $6.00 per month for the ten teaching months in the year. You may include her name in your pay list each month at the above rate. The Department will also allow her $2.50 for the cleaning of the school before she takes up her regular duties. You should forward a separate voucher, properly certified, in payment for this extra service.

With reference to the wood required I beg to say that you should at once make arrangements for the delivery of the quantity required. If possible, competitive prices should be secured from the Indians or other dealers and the wood obtained from the person quoting the lowest price. The Department will leave this matter in your hands to have the wood delivered at the lowest possible price and it should receive your prompt attention.

It is hoped with the appointment of a caretaker, whose duties will consist of the proper scrubbing and cleaning of the school and lighting the fires, that Miss Honan will consent to remain. You should inform the Department definitely as to her decision at an early date.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa, March 14, 1921.

MEMORANDUM.

Mr. Scott,-

Mr. Agent McNabb forwards the resignation of Miss Jean McDermott, assistant teacher at the Garden River (R.C.) Indian Day School, to take effect at the end of the present quarter, and encloses a doctor's certificate stating that she is permanently unable to carry on the duties of school teacher. Miss McDermott requests that, in view of her long service, she be granted super annuation. There is no provision for the granting of superannuation to teachers of Indian day schools, but a gratuity on retirement has been granted in the case of several teachers in the past.

Miss McDermott has been in the employ of the Department since 1908, having first been engaged as teacher of the Goulais Bay School. She was transferred to the Garden Village School, Sturgeon Falls Agency, after the summer holidays in 1909. Her salary was $350.00 per annum, which was increased to $400.00 on January 1st, 1912. She taught this school till June 30th, 1914, and was re-engaged as assistant teacher of the Garden River (R.C.) School, beginning duties April 1st, 1915, at a salary of $400.00 per annum. This was increased to $450.00 on July 1st, 1916, and further increased to $500.00 on July 1st, 1917, and further increased to $550.00, her present salary, on January 1st, 1920. Besides salary she has also received bonus at the rate of $150.00 per annum during the past three years. This covers a period of thirteen years.

The Department has, in the past, granted a gratuity on retirement in several cases, as follows,-

In 1909, Mrs. C. A. Vollick, who had taught the No. 3 School on the Oneida Reserve for a period of 17 years and who resigned on account of failing health, was granted a gratuity of $100.00, in recognition of her long and faithful service. The salary allowed her at that time was at the rate of $300.00 per annum.

A gratuity

Indian Affairs. (RG 10, Volume 6127, File 390-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

POOR COPY

A gratuity was granted Miss Annie Kehoe, teacher of the Goulais Bay Indian Day School in June, 1915. Miss Kehoe was in the service of the Department for eight years. She contracted tuberculosis from her work among the Indians. In addition to teaching, she acted as field matron and visited and attended the sick on the two reserves on which she had taught. The Department allowed her a gratuity equal to one-quarter of her yearly salary, or total of $125.00.

L. F. Hardyman, teacher of the Anglican School on the Garden River Reserve, after completing 30 years of service as a teacher in Indian schools, was granted a gratuity equal to six months' salary (March 31, 1919). The amount paid him was $300.00.

In November, last, Mr. John R. Lickers, teacher of the No. 5 School on the Six Nations Reserve, retired after 35 years' service as a teacher in Indian schools. He was allowed a gratuity of six months' salary, which amounted to $350.00.

Mr. Agent McNabb states that Miss McDermott has been a faithful, efficient, painstaking teacher, always at her post, never finding fault with her work or surroundings, but cheerful and kind and beloved by her pupils and recommends that the Department grant her some assistance for the few remaining years of her life.

I would draw your attention to the case of Miss Kehoe, mentioned above, who was granted a gratuity on retirement on account of tuberculosis, which she claimed she contracted on account of her association with the Indians.

I would recommend, in view of the Miss McDermott's faithful service and the circumstances under which she is compelled to resign and also to the fact that it is impossible for teachers to save any money from the salaries paid them, that the Department allow her a gratuity on her retirement equal to at least one quarter's salary, namely,- $137.50. This could be paid from the appropriation for Indian Education, as was done in the cases mentioned above.

Sir,-

I have to acknowledge the receipt of your letter of the 10th ultimo enclosing the resignation of Miss Jeannie McDermott, assistant teacher at the Garden River (R.C.) Indian Day School, together with a certificate from Dr. McCaig as to her condition of health.

In reply I beg to say that the resignation of Miss McDermott is accepted.

In reference to your request that, in view of her long service, she be granted superannuation, I beg to say that there is not provision for the granting of superannuation to teachers of Indian day schools. A gratuity on retirement has been granted in the case of several teachers in the past and the Department, after carefully considering her case, has decided to allow her a gratuity on her retirement equal to one-quarter's salary, namely,- $137.50. You should state when Miss McDermott gave up her duties and, as soon as returns have been received covering the period up to the time when she leaves and the full amount of salary and bonus due her is paid, payment can then be made of the above gratuity. Kindly state as soon as possible whether Miss McDermott has given up her duties and also whether there is any further balance of salary due her. A cheque for her salary to March 31st, last, has been sent.

The Department has received an application for the position from Miss Malvina Cahill, Westmeath, Ont. She is the holder of a second-class non-professional certificate, with model training, and has had five years' experience. If you have not succeeded in obtaining the services of a teacher to succeed Miss McDermott, you should communicate with Miss Cahill with a view to obtaining her services. She would be allowed the same salary as was paid Miss McDermott. Miss Cahill is being informed that she should take this matter up with you.

I shall be pleased to have particulars as to whether Miss McDermott has retired from the service and also whether there is any further balance of salary due her from March 31st, last.

Dear Sir,

I beg to advise that I field my position as Assistant Teacher in the R. C. School Garden River until Tuesday April 26th. Miss Cahill arrived on the evening of the 26th. and took charge of the class the following morning.

May I trouble you to answer the following regarding the gratuity offered me by the Department in your letter of April 11th. to Mr. McCall Indian Agent. Should I accept Gratuity offered in said letter, would I forfeit the right, Health permitting, to return to teach in an Indian Day School!

Awaiting your reply and thanking you in advance.

I am. Hon. Mr. McLean.
Most respectfully yours.
Jeannie M. Dennett.

Madam, -

I have to acknowledge the receipt of your letter of the 2nd instant, in which you inform the Department that you gave up your duties as assistant teacher in the Garden River Roman Catholic Indian Day School on the 26th ultimo; having been succeeded by Miss Cahill.

As soon as a Return is received showing the days taught by you during the month of April, payment of the amount of salary and bonus due you will be made; also the amount of the gratuity which is being granted you.

Regarding your enquiry as to whether, if you accept this gratuity, you would be debarred from being appointed to a position as teacher in the future, should your health permit, I beg to say that this would not necessarily prevent you from being appointed as teacher in an Indian School.

Your obedient servant,

J. D. McLean

Dear Sir :-

With thanks I acknowledge the receipt of your letter of the 12th instant, together with Official Cheques, one for $137.50 gratuity, the other, cheque No 105 for $22.00, dated May 12th, payment for 18 days service as Assistant Teacher in the Roman Catholic School, Garden River, during the present quarter. Pardon, but has a mistake not been made in amount of cheque No 105. You know my salary, less bonus, was $550.00 per annum, and as the school year consists of 200 teaching days, I understood I would receive 18/200 of $550.00, or $49.50 for the 18 days service.

May I trouble you to bring this matter to the notice of the Department and I am quite confident the balance due will be sent without delay.

Thanking the Department and your for your kind wishes,

Sir, -

I have to acknowledge the receipt of your letter of the 11th instant enclosing the resignation of Miss M. G. Honan, as teacher of the Garden River (R.C.) Indian Day School.

In reply, I beg to say that the Department regrets that Miss Honan is giving up duties at this school, as, from the reports received, her services were most satisfactory.

The Department is not aware of the present address of Miss Daly, the former teacher, and if you know her address, it might be well for you to communicate with her and offer her the position vacated by Miss Honan.

You should advise the Department as soon as possible whether you have been able to get in communication with Miss Daly, and if not action will be taken to secure the services of another teacher.

I have to acknowledge the receipt of your letter of the 19th instant, claiming a balance of salary due you for the period you were teaching at the Gordon River Roman Catholic Day School.

In reply I beg to say that you were engaged at a salary of $600.00 per annum, plus the bonus at the rate of $150.00 per annum. For the period you taught the school during the month of September 1920, you were paid $60.00 salary. You were also paid $150.00 for the December quarter, $150.00 for the March quarter and $240.00 for the June quarter, making the total salary for the school year $600.00.

During the fiscal year 1920-21, which began on April 1, 1920 and ended March 31, 1921, teachers of Indian Day Schools were allowed a bonus at the rate of $150.00, or, $12.50 per month. You were allowed $12.50 as bonus for the month of September and $37.50 for the December quarter and the same amount for the March quarter. There is, therefore, no further balance due you.

TO DATE OF THIS LETTER

Sir,—

I beg to inclose letter received from Miss Malvina C Cahill for a raise of Salary for the coming year as Teacher in th R, C, School at Garden River,

I may say that for the short time th that Miss Cahill was here she has given very good services, as Te Teacher in the School but has given the pupils lessons in music both vocal and instrumental. I do think she should be paid at the same rate as the Principal as in my opinion she has the harder work, she teaches all the little tots and seems to like her work, I would recommend she be given a raise as asked,

Madam, -

I have to acknowledge the receipt of your letter of the 26th instant, applying for a position as teacher in an Indian school - the Garden River R.C. school preferred - for the school year 1922-23.

In reply I beg to say that, should a vacancy occur for an assistant teacher at the Garden River school, your application will receive consideration. If there is no vacancy at Garden River, your application will be considered when teachers are being engaged for our other Indian day schools.

Your obedient servant,

Russell T. Ferrier,

EXTRACT FROM REPORT OF J. M. BENNETT, B.A., INSPECTOR OF SEPARATE SCHOOLS, TORONTO, ON THE SERPENT RIVER INDIAN DAY SCHOOL, DATED APRIL 27, 1922.

Original on File 32-2-6.

Miss McAndrew, the teacher, is very capable and earnest. It would be fine for the Indian schools if such was always the case. On enquiry, I find that this teacher will hardly remain; chief reason is the condition of boarding facilities in Cutler. Beyond a doubt, if a teacher's residence was here, it would be an inducement to remain. Maybe this teacher could be engaged as principal of Garden River Indian School. I would recommend this, for the following reasons: -

1. A strong principal is needed there.
2. Children would attend better.
3. Standard of proficiency would be raised.

However, a residence should be built at Cutler or rather at Kenaoutch. It would aid in retaining the services of a good teacher like Miss McAndrew.

Sir,—

I beg to inclose letter received from Miss Melvina [illegible] Cahill. Teacher at the Garden River R, C, School tendering her resignation, I wish to say that I am very sorry that she is leavin[illegible] she is by far the better teacher of the two, she is liked by both Pupils and Scholars.

I would strongly recommend that the Dept, try and get her to change her mind, I do not think that the two got along very well together, and of the two I would rather loose Miss Toner than Miss Cahill. Miss Toner is not liked by either pupils o[illegible] Parents, and Miss Cahill is worth a good deal more money than Miss Toner, In my opinion it would pay the Department to give her even two hundred Dollars of an increase if it would induce her to come back for another y4ar at the least,

Hoping you will give this matter your very best consideration and let me know the result at your earliest opportunity,

Sir: -

I have to acknowledge the receipt of your letter of the 26th instant, enclosing the resignation of Miss Malvina Cahill, junior teacher of the Garden River R.C. Indian Day School.

In reply I beg to say it is regretted that Miss Cahill is giving up duties at this school. We would be prepared to grant her an increase in salary of $100 per annum if she would consent to remain. You might communicate with her and ascertain whether or not she would consent to remain for another year in view of the increase which would be granted.

We note your remarks regarding Miss Toner, but in view of the report of the Separate School Inspector regarding the work she is performing in the class room, we would not feel justified in asking for her resignation.

We hope that Miss Cahill will consent to remain another year. After you have taken this matter up with her, you should inform the Department immediately as to whether she will remain.

I have to acknowledge receipt of your letter of the 28th ultimo, applying for the position of Junior Teacher of the Garden River Indian Day School, to succeed Miss M. Cahill, and stating the qualifications which you possess.

In reply I beg to say that, while the resignation of Miss Cahill was received, the agent stated that if an increase in salary was offered her, she might remain. As she has done excellent work, we are anxious to retain her services, and the agent is ascertaining from her whether she would consent to remain during the next school year, in view of the increase offered her. Until we have definite information as to whether she will accept this school for another year or not, we are not in a position to consider your application. Sir,—

I have received a letter from Miss Angela Toner the Teacher at the Goulais Bay school asking to be transferred to the Garden River School in her Sister's place and let her Sister take the Goulais Bay School, I do not approve of changing from one school to another although I do believe that Miss Angela is a better Teacher than her Sister, I cannot say that I am very favorably impressed with either of them, I am satisfied that the best Teacher in my Agency is where there are the least number of Pupils, I mean Miss Rose Chaput at Batchewana, I would be very willing to let Miss Toner at Garden exchange with Miss Chaput after the summer Holidays. If Miss Daly had remained here until this time we would have had a number of children in the High School. but now I cannot see that any of them are any farther along in their studies than when she left, as far as I can see I do think that Miss Chaput would do better work at Garden River than any one since Miss Daly left. Miss Cahill was good and was well liked by the Pupils and Parents but she was only teaching the Junior Classes. I tried to get her to come back but she would not for even a raise of pay, she gave me her reason but I do not want to interfere with the Teachers as long as the Inspector is satisfied. at the same time I do not think it would be wise to make the change asked for, of course I will leave that for Mr Ferrier to decide, I am satisfied to live up to what he says. I shall be pleased to have your opinion, at an early date, as to the conditions at this school. Please state whether you would advise having a change of teachers made. There does not appear to be any reason why there should not be a regular attendance of the Indian children of school age. In reply to your letter of the 12th Instant No 13-3-1 in reference to the Garden River R, C, School, I beg to say that I have never been satisfied with Miss Toner as a Teacher, she has been forever asking for impossible things and every time the Inspector visits the school she seems to get him to stir up more trouble, I would recommend that Miss Rose Chaput be transferred from Batchewana to the Garden River School and that Miss BellaXKa Peletier a former Teacher at Batchewana be given the Batchewana School. I cannot say anything about Miss Bush as I do not think she has very much to say about the school. I wrote you last year about making a change at Garden and have Miss Cahill appointed Principal but it seems the Inspector gave Miss Toner a good name Miss Chaput has been confined to Batchewana all winter and she appears to me to be a good teacher and has good common sense and I hope you will see your way clear to give her the Principal 's place at Garden River.

Sir:

I have to acknowledge receipt of your letter of the 26th ultimo, regarding the services being performed by Miss Mildred Toner, Senior Teacher of the Garden River R. C. Indian Day School.

In reply I beg to say that, in view of the reports of the Separate School Inspector, the Travelling Nurse and yourself concerning the work in the classroom, the condition of the school room and the poor attendance, it has been decided that it would be in the interests of the work to make a change of senior teacher for the next school year. You may therefore inform Miss Mildred Toner that her services will not be required after the end of the present school year, viz.: June 30th, next. You will be good enough to see that before she leaves she prepares and hands to you her quarterly return of attendance, etc.

We will approve of the transfer of Miss Rose Chaput from Batchawana to take charge of the senior room to succeed Miss Toner - the salary allowed her will be the same as was paid Miss Toner. You should ascertain definitely whether she will be agreeable to the transfer from Batchawana to take charge of the senior room at the Garden River R. C. school and inform the Department accordingly.

Miss Ada Bush, the present junior teacher, may remain for the next school year. You should also ascertain from her whether she will be prepared to return after the summer holidays and inform the Department accordingly.

Regarding the appointment of a teacher at Batchawana to succeed Miss Chaput, I beg to say that we will approve of the appointment of Miss Bella Pelletier who formerly taught this school. The salary allowed her will be the same as is now paid Miss Chaput. All the above salaries will be supplemented by any bonus provided by law.

Dear Sir, —

Miss Mildred Jones at Gordon Rees School, near Sault Ste Marie wrote me complaining that Mr Nabb in notifying her that her services were no longer required blamed me as the cause. I do not recollect that anything in my report was adverse to Miss Jones. In fact I found her the average teacher that I meet.

I would you kindly let me know for my own satisfaction, just why she is being dismissed. Or rather if Mr McNabb was told to place the blame on me. . . . Yours sincerely

Sir:

I have your letter of the 14th instant, regarding the services of Miss Mildred Toner, teacher of the Garden River R.C. Indian Day School.

In reply I beg to say that we are dispensing with Miss Toner's services from the end of the present school year. Reports received from the Agent, the Travelling Nurse and yourself show that the attendance fell off to a great extent during the time the school was under her charge. The Agent has stated that she was not liked by either the parents or the children. The Travelling Nurse reported on the dirty condition of the school. It was considered in the interests of the work that a change in teacher would be advisable for the next school year.

We have approved of the transfer of Miss Rose Chaput from Batchawana to succeed Miss Toner for the next school year.

Ottawa, Nov. 5, 1923.

Sir:

I have to acknowledge receipt of your night letter of the first, your telegram of the 2nd and your letter of the first instant - all with reference to the proposed building activity in connection with the Garden River R. C. Indian Day School. I have to confirm official day letter of today's date, as follows: -

"Reference Garden River Roman Catholic Day School. It is considered false economy to move present school building and to erect separate teacher's residence. Arrangements will be made to prepare plans and let contract for combined school and residence early next spring. Full explanation in today's letter."

I have to inform you that the proposed building activity in the case of this school has been given serious consideration, and, in view of your recommendation, it has been decided that lot 135, of the new survey of the reserve, would be the most central site for the Roman Catholic pupils. As you were informed in the official telegram, it is not considered wise to move a 26-year-old building, at considerable cost, to a site on the main road. The Superintendent of Indian Education and the Separate School Inspector both report that the present school is not attractive from any standpoint. A new teacher's residence has to be erected in any case, and it is considered in the best interests of economy to arrange for a combined school and teacher's residence. Such a building would contain two classrooms on the ground floor wi... cloak-room for children. The teacher's residence would be up stairs and might consist of a combined kitchen and dining-room, two bedrooms with clothes closets, etc. A proper basement should be provided with furnace and perhaps a dry chemical closet for winter's use. The funds necessary, over and above the $8,000 which will be taken from the Garden River and Batchawana Capital Accounts, will be provided in the Appropriation for Indian Education.

The plans for such a building should be prepared by the Department and the contract awarded. I regret that this arrangement does not provide adequate residence facilities for the two teachers at the Garden River Indian Day School for the coming winter, and the Department will give favourable consideration to any recommendation you make with a view to ameliorating conditions for them.

You should make arrangements with the members of the Band to release lot 135 for school purposes. The resolution in this connection should be forwarded to the Department.

Dear Sir,

As you know your Department has just completed a new school at Garden River and we appreciate very much the erection of this fine new building for the education of our children. We feel that a great deal of credit for the erection of this school should be given to Mr. A. D. McNabb, our Indian Agent, who has always taken the greatest interest in the education of the Indian children, in fact this has been the marked feature of his work as Indian Agent.

In recognition of this might I suggest that the Department name the school the "McNabb School" so that when the school is officially opened about the middle of January this name may be given to the school with the consent of the Department of Indian Affairs.

The Separate School Inspector, in a report on his recent inspection of the Garden River R. C. Indian Day School, has strongly recommended that the salary of Miss Rose Chaput be increased in view of her length of service in Indian schools and the success she is making of her work at Garden River. The Department will approve of an increase of $100 per annum in her salary from the 1st of January. This will make the salary allowed her at the rate of $850 per teaching year, which will include any bonus provided by law.

Please inform Miss Chaput of the increase allowed and the full rate of salary, including bonus, which she will receive from the above date.

Sir;

I beg to write to you on behalf of Miss Ada Bush Asst, Teacher at the Garden River R, C, School.
I understand she is the lowest paid Teacher on our list here only receiving $[illegible].00 per annum and Bonus.while the others are getting from $[illegible].00 to $500.00 and bonus, outside of Miss Rose Chaput Miss Bush is the best Teacher we have in this Agency.
We have what you may call model Teachers in Miss Chaput and Miss Bush, and I would strongly recommend that she be given a raise o of from $50.00 to $100.00 commencing at the first of the year.
I do certainly want to keep those two Teachers at Garden River I would sooner loose the other 3 Miss Johnston, Miss Peltier and Miss Thero than loose one of the Gaisden River teachers.
Hoping that you will not think I am overstepping my authority in making this request but i feel that she should be paid as high a wage as any of the others.and I sincerely hope you will give this letter your very best consideration.

I have to inform you that the Department has made arrangements with the Nardone Sisters, of Spanish, Ont., for the management of the Garden River R. C. Indian Day School. I regret, therefore, that your services will not be required by the Department after the 28th instant. If you are desirous of continuing in Indian school work, if you will write the Department, your application will receive consideration if a suitable vacancy occurs.

Your obedient servant,

J. D. McLean,

Sir:

I have your letter of the 17th instant, enclosing a petition from the members of the Garden River and Batchawana Bands requesting that Miss Rose Chaput be retained as teacher at the Garden River R. C. Indian Day School.

In reply I have to refer you to official letter of the 17th ultimo, in which you were informed that the Department had made arrangements with the Nardene Sisters at Spanish, Ont., for the future teaching services at this school. Miss Chaput was informed on the same date of these arrangements and also that her services would not be required at the Garden River School after the end of the school year which has recently closed. She was also informed that, if she is desirous of continuing in Indian school work, if she would write the Department, her application would receive favourable consideration. I may say that we have already placed Miss Bush in a suitable school, but no word has been received from Miss Chaput as to whether she desires another school or not.

A number of our day schools are being conducted by the Nardene Sisters, who are giving excellent satisfaction, and the Department considered, when they made the offer to take over the Garden River R. C. School, that it would be in the best interests of the work to have them do so. The Nardene Sisters are a teaching Order, and, besides, these workers take an active interest in the welfare of the Indians - not only in the work they perform as teachers, but also among the older Indian women on the Reserve. We have already received the nomination of the two teachers who are taking charge of this school, and it is hoped to inform you in the near future of their names, salary, etc.

You should inform the Indians who signed the petition forwarded by you of the arrangements made for the future carrying on of the teaching activity at this school. The Department regrets that it is unable to comply with their request to continue the services of Miss Chaput.

Dear Sir -

I would like to give a change to Miss S. Fee who has been teacher of the junior room at the Garden River Indian Day School.

I can nominate Miss P. Hickey, for teacher of the junior room, to replace Miss Fee.

Miss Hickey holds a New-York State certificate - She has seven years experience in teaching in Indian Schools and Seven years in White Schools.

If the Department approves of Miss Hickey's nomination, she will be prepared to begin her duty as teacher, when School resume in September.

Miss C. O'Driscoll will return as as teacher of Senior room.

Yours with respect.

Madam:

I have your letter of the 16th instant, nominating the services of Miss M. Hickey as teacher of the junior room at the Gerden River R. C. Indian Day School to replace Miss S. Fox, and stating the qualifications and experience which Miss Hickey possesses.

In reply I have to say that the Department will be pleased to approve of your request, and the appointment of Miss Hickey as junior teacher is approved. She will be allowed salary at the same rate as was paid Miss Fox, viz., $80 per teaching month. We are informing the local Indian Agent, Mr. G. H. Sims, Sault Ste. Marie, accordingly.

It is noted that Miss C. O'Driscoll will return as teacher of the senior room. I shall be pleased if both Miss O'Driscoll and Miss Hickey will be at Garden River in time to reopen the school on September 2nd, next.

MEMORANDUM:

The Honourable the Superintendent General.

For many years' past, the Nardene Sisters of Spanish, Ont., have supplied a teacher for the Garden River R. C. Indian Day School (Reserve No. 14 - Electoral District of Algoma West), and for the Wikwemikong Indian Day School (Reserve No. 26 - Electoral District of Algoma East).

The Superior of the Nardene Sisters recommends that, for the academic year 1934-35, Miss Louise Gattie, who has previously taught at the Wikwemikong Indian Day School, be transferred to the Garden River Indian Day School, and that Miss Goody replace Miss Gattie at Wikwemikong. Both Miss Gattie and Miss Goody are members of the Nardene Order.

I should appreciate your concurrence in the above appointments.

Re: Garden River R.C. Indian
Day School, No. 390.

Miss Sadie Burke, teacher of this school, who has been in our employ for a number of years, was unable to perform her duties from March 13 to March 31, both days inclusive, owing to illness.

During her absence from the school she was replaced by Miss Marcella Hickey. Salary should be paid the substitute teacher, Miss Hickey, for the period she taught the school at the rate of $90 a teaching month. A cheque should be drawn in her favour and forwarded to her at Spanish, Ontario.

It has been brought to my attention that 10 days' salary was deducted from the April salary of Miss Sadie Burke, teacher of the above school, for the period she was absent from the school owing to illness during the month of March.

It has been the custom for some years to allow sick leave for a period of at least one month, if necessary, during any academic year. Under the circumstances it would be appreciated if you would arrange to forward Miss Burke immediately a cheque for the amount deducted from her April cheque.

Dear Mr. Phelan:

I have received your letter dated June 22, and addressed to Miss Laferriere. Miss Laferriere has not been in Spanish since November, 1943, when I was appointed to replace her.

I regret the delay in replying to your letter. It was due to two reasons. I was away from Spanish during the latter part of June, and since my return, I have been waiting for a reply from Miss Wakegijig.

We have no teacher here who could be free to teach in the Garden River junior room next year, and I should be pleased if Miss Christine Wakegijig were appointed. On July 3. I sent her a message regarding the matter, and she said she would let me know as soon as she had made a decision. So far I have not heard furtner from her, but it is possible she may have written directly to Mr. Laurence at Saulte Ste. Marie, or to the Department.

Should I receive further information from her, I will send it to you at once.

Miss Mary Morris, who taught at Spanish for a year or so some time ago, has been teaching for us at the Magnetawan School. Rebate

Dear Jos Phelan:

Enclosed you will find a form for "Leave of Absence" In the following I will atrive to explain all.

Had an appendectomy operation two years ago and took an infected side in October. Had to have an operation last Nov., 8, (this year) and have been off since. Owing to a nervous condition I did not come along as well as expected and the Doctor (E.H. Spratt) ordered me not to resume duties for two months more. That I cannot do or wish to do for two months. I have consented to take the month of December and surely all will be favourable for the New Year.

Miss Hickey is substituting and says she will continue till I return. Now, how is "Sick Leave" arranged? I have taught the following terms for the Department and have had no sick leave:

As I was going nicely at Garden River and am quite anxious to resume duties as soon as possible, and with more ambition than ever. Had planned to spend the Xmas holidays at Byng Inlet and have the Indian children (Magnetawan Day School) for religious instructions and re-organize the choir for the Masses. Cannot disappoint them as they are looking forward to the occasion anxiously.

Dear Rev Phelan:

It was you appointed me to take charge of the Junior Class at Garden River, over one year ago. You advised me to carry out the policy which I thought best for the good of the children and the school. I want to thank you for that advice and I followed it very closely and I can say that progress was made! I have stuck entirely to the natural of my class in order to avoid friction and even if that I have to take a lot of abuse and interference which really does not affect my teaching but makes life pretty miserable.

Last year I put on a concert with the Junior Class only. The class did very well and was highly appreciated by Rev Fleming, the School Inspector and Fr. T.J. Cleary S.J. who were present for the concert. This year I want to put on a similar concert by the Junior Class and

to avoid any friction, interference or misunderstanding I would like a note from you authorizing me to do so as interference has already begun in this matter.

I like Garden River very much and there is a great deal of work to be done with the children.

There are thirty-five children in my class aging from seven to ten years. There are thirteen boys who can serve mass and say the Latin answers by heart. Six of my last year boys have passed into the Senior Room, leaving nineteen altar boys in all. This was one of the greatest accomplishments. The Cubs have been organized and are progressing nicely. Their investiture will take place early in the New Year.

Father Dumyn has built a large hall and it is at the disposal of the children. This hall is the basement of the new church and Mass will be said there till the upper structure is completed. Father also cleared the land around which is joined to the school yard. It allows the children to play on it as the school yard is rather small. Father is expecting a Resident priest but he has not arrived yet. I hope that he will.

arrive soon and lighten Father's responsibilities.

The coal stove was a problem but Father always showed us how to use them and they have been wonderful.

I expect that you will give my request prompt attention as the situation is not very bright.

I thank you for all favours and I will strive to go ahead with my duties earnestly and efficiently.

Dear Miss Morris:-

We have your letter of the 23rd instant with reference to arranging a Christmas concert for the children in the junior room at the Garden River R.C. School.

It is not the practice of the Department toissue instructions regarding such activities. You should be guided by the wishes of the Principal of the school.

An extra copy of this letter is being sent to Miss Goody.

Dear Rev. Father:

I received your letter and was quite surprised with it and for you sending a copy to the Principal. The situation is now unbearable.

The matter was discussed with a person of very good judgment before I wrote to you. This person knows and understands the situation perfectly.

Some of the reasons why I am resented and subject to as much is: I have results to show of my last year's teaching and the children progressed; Secondly, I have order and discipline in my Class Room. Something that cannot be found in the Indian Room. The pupils of the Senior Room have positively no respect for anyone, not even the Parish Priest.

So I said before the situation is unbearable. I am "down" but not "out" There is so much work to be done with

Dear Father Dwyer:-

Recently I received a letter from Miss Morris requesting authority to plan a Christmas concert at the junior room at the Garden River R.C. School.

(120)

I considered this a most unusual request as a matter of this kind should be settled by the Principal. With this in mind, I wrote Miss Morris and sent a copy to Miss Goody (see copy attached). Miss Morris has replied and from this letter, it is more or less evident that the Principal and herself are not on very good terms.

I know you visit the Garden River Reserve regularly and while I dislike troubling you, I thought you might be aware of the situation and would let me know exactly what the trouble is. It is understood that anything you write will be treated confidentially.

With reference to your letter of the 12th instant, I enclose one of our regular application forms which should be completed by Miss Latreille. Please have her complete and return this form immediately as we would like to know her qualifications.

It is regretted that Miss Morris is not co-operating with the Principal. The Inspector has always reported favourably regarding Miss Morris' work and capable teachers are difficult to secure at the present time. In addition we will have considerable difficulty in providing another school for Miss Morris as we have teachers for all the schools conducted under Roman Catholic auspices in Ontario.

Your letter of July 3rd came as a surprise to me, as I had written to you, telling you that we were unable to return to Wikwemikong and Garden River because of the shortage of teachers.

Unfortunately, I did not keep a copy of the letter, but if I remember well, it was written during the first week of June. Dear Dr Phelan:

I have been waiting a reply regarding the Junior Class Room at Garden River for the term 1947-48. and since no word has come I have drawn two conclusions

(1) Bishop Dignon's decision about placing the St Joseph's Sisters at Garden River

(2) Your letter may have gone astray

Owing to ill health I was confined to the Hospital from June 15th - July 5th I was sorry that I was unable to finish the term but after Father Dwyer's death the "flows" were to fast and too many. I hope to regain new strength soon and to return to the Mission Field at Garden River should I be appointed

I would like to hear from you about the school term 1947-48 and just where I stand I know your reply will either cure me or be a great draw back - but I must accept it

Ottawa, July 16th, 1947.

Dear Miss Morris:-

I have your letter of the 11th instant with reference to employment for the academic year 1947-48. At the present time we are arranging to have the Sisters of St. Joseph take charge of this school during the coming academic year. However, there is a vacancy at the Kaboni Indian Day School on Manitoulin Island. This is a small school and is quite comfortable. Would you be interested in this School? If not, we will have other vacancies between now and the first of September.

We do not appear to have received the form which was sent out to all teachers with one of our recent Bulletins. We would like to have this so we can have your in detail and be able to decide what salary can be allowed you for the next academic year, in accordance with the new salary schedule. I enclose duplicate copy of this form for your completion.

Dated April 11, 1949

Garden River (Catholic) Day School

However, there was one girl, Eva Syrette who will be 13 in September, who was ready with answers that were quite good. Eva, I am told, aspires to become a teacher. I am not too certain, but I believe she is still in Grade Seven. However I feel she is worth attention, and it might not be a bad idea if the local superintendent were asked to drop her a little word of encouragement when he is visiting the Garden River reserve.

I believe Eva had definite promise.

Sgd. W.J. Greening,
Inspector of Schools.

Reverend Sister Superior,

Garden River R.C. Indian Day School

Dear Sister:

We have received an application form unaccompanied by a letter of any kind and mentioning the Garden River Day School. As we are not certain whether Sister Mary Claire is replacing Sister Alice Marie or Sister Mary Alberta, we would appreciate a letter immediately clarifying this situation.

You will recall your letter of October 1 last year and my reply of October 7 concerning the teachers at Garden River.

It is most difficult for the Department to keep a record of its teachers and the forwarding of their salaries unless we are advised during the summer holidays of any changes being made.

I would appreciate this matter being brought to the attention of the Prefect of Studies of your Order.

Sincerely yours,

Bernard F. Neary,
Superintendent of Education.

We had no notification previously that Sister Lalemant and Sister Paschal were retired from their teaching duties at the Wikwemikong School.

Their cheques have already been sent to them, and I would ask that they be returned here as soon as possible.

We will proceed with the classification of Sister St. Matthew and Sister M. Alberta when these cheques have been returned.

Dear Mr.Laurence:

Would you kindly bring to the attention of the Education Divison, Indian Affairs Branch the fact that this school is becoming over-crowded.

The enrolment is as follows:

Senior room-52	Treaty-49	Non-treaty-3
Junior room-46	Treaty-40	Non-treaty-6
Total - 98	-89	-9

One other pupil is to return to the senior room when permittedby the doctor.

About 40 pupils can be accomodated fairly comfortably in each room but there is little free space.

During the past month a number of children have been absent from school with ear and throat infections so that the percentage of attendance was lowered.

Yours truly,

Sister Alice Marie

Mr. R.P.C. Lawrence,

Garden River R.C. Indian Day School.

Reference your 13/6-1-390 of November 9

We have noted the increasing attendance at this school and note that part of this is due to the number of non-treaty children in attendance. I presume that these are the families we talked about during my inspection trip and that they have been living on the reserve for some years.

The average attendance for October was 71.45 and if this continues, we will have to consider a third classroom at this school. Unfortunately, our Estimates have been finalized and this possibly should be considered for next year's Supplementary Estimates. I am therefore sending a copy of this letter to Mr. Matters.

I am also attaching the standard form used by the Department in considering such requests and would ask that the Sister Superior gather together the information for you, as required. This would give us an idea as to the future expected population at this school.

Sir:

The Separate School Inspector, in a report on his recent inspection of the Garden River R. C. Indian Day School, has strongly recommended that the salary of Miss Rose Chaput be increased in view of her length of service in Indian schools and the success she is making of her work at Garden River. The Department will approve of an increase of $100 per annum in her salary from the 1st of January. This will make the salary allowed her at the rate of $850 per teaching year, which will include any bonus provided by law.

Please inform Miss Chaput of the increase allowed and the full rate of salary, including bonus, which she will receive from the above date.

MADAM,-

In reply to your letter of the 30th ultimo, I beg to say that the payment of bonus to teachers of Indian day schools was discontinued from March 31st, last. The Department has, however, increased the salaries of teachers by the amount previously paid as bonus, namely, $150.00 for the ten teaching months.

Previous to March 31st, last, you were paid at the rate of $700.00 plus bonus. You are now being paid at the rate of $850.00 for the school year, and cheques amounting to $255.00 were paid to you for the quarter ending June 30th, last. You will, therefore, note that you were paid for the June quarter at the same rate as you were when bonus was being allowed.

Dear Sir, —

I received salary cheque for September quarter and I thank you.

Please allow me to ask the Department to kindly forward my cheques directly to me in the future, as who always done in all the other schools I where I taught.

I have a reason for asking this favor and it is this: the cheques were brought to the school here in an unsealed envelope by one of the men of the reserve, and I have no desire that my cheques pass through their hands, if it possibly can be avoided.

Thanking you for all past favors, I am

Dear Miss Walsh:

With reference to your letter of the 11th instant present regulations provide that in the case of teachers appointed since September 1, 1939, a 5% deduction will be made from their salary. In your case this amounts to $4.25 a teaching month. This amount is funded and when you discontinue teaching in an Indian day school you may apply for same and it will be returned to you plus interest.

All employees are also subject to a 2% deduction for National Defence tax. This amounts to $1.70. The two deductions total $5.95 and consequently the amount of $79.05 which was forwarded to you is correct.

Yours truly,

Philip Phelan,

Gordon Reserve May 11. 95—

W Van Abbott Esq Melrose Rupert Land Canada

Dear Sir

Here the Roman Catholics form about ¾ of the population of the Reserve, Children (R.C.) of age for School are about 75. The two manses of presents is in master to and in Fallowed Spring about 45 The School House and the furniture belong to the Indian Now this building is to small and in the same time to old and rotten to be worth repairing. The Indians are willing to contribute their part for a new school but as the cost of a suitable house with a lodging for the teachers would be about $1000. dollars they ask the Department for a pecuniary assistance Besides. When all the families are in the Reserve, the number of the children (50. 58. 55) with so many different standard is to by for one teacher. An augmentation of $150. dollars ought to be given to the principal, for a second teacher in the Fall and in the Spring

The attention of the Department might be called on the fact that the Roman Catholic band paid always (as far as I know) the whole salary, while many children belonging to the other Band enjoyed freely the advantage of the schools This other band ought to give the supplementary salary required for a second Teacher, while the money for the building of a new School ought to be contributed at least equally by one and the other band. —

Now the majority of the children in the Gordon Reserve band belong to School being Catholic, they might give up their protestant school where so few children are going and we would take charge of all the children, having a Teacher for the whole year, provided our school would be always a Roman Cath Sep. School as it is now although we might found objections to that mode

Sir

I have the honor to forward you herewith copy of letter received from Rev^d J.A. Cotter, Principal of the Roman Catholic School of Tyendinaga asking for aid to build a new School house and lodgings for the Teacher, and also for an extra allowance of $150.^{00} for a Teacher for the Dull and Spring.

In conversation with the Rev^d Gentleman he informed me that the Society would be able to raise $500.^{00} for the building and he would like the Department to furnish the other $500.^{00}. half to be charged to the Tyendinaga Band and half to the Bay of Quinte Band. the $150.^{00} for Extra Teacher to be paid by the Tyendinaga Band who at present contribute nothing towards the Catholic School I informed him that the matter of it being approved by you would have to be submitted to a Joint Council of the Band. and I understood the Reverend gentleman asked for no larger sum than they would be willing to vote to them called any attention to Section 76 Sub section a of the Indian Act-

shewing by his interpretation that the Catholic of the Gardens River Band were entitled to the full grant provided the Protestants to a separate School right, but if the money were pinched he would not push that right as it might cause trouble among the Indians themselves, with reference to the Protestant Children generally the Catholic School that Same time they never would consent to

I may further inform you that the Protestant School was the first School established on the Reserve as far back as the 1840s by the Revd Gustavus Anderson Revd Edn: McMurray and Revd Chance, and since my other predecessors I am not aware of the time the Department first established the School, the Church of England School was built by the Revd E J Wilson, and has been repaired from time to time by the Department The Roman Catholic School was started by the Rev Kohler Omuttawa in the 60's. this information I got from Major Wilson who at one time was Indian Commissioner here and has resided here since 1843 he also informed that at the commencement of the settlement in Garden River The Protestants were in the majority but sometime after the French Canadian half Breed population arrived, if any further information is wanted, the Major

Sir,

In reference to Mr Van Abbott's letter of the I6th instant enclosing a communication from the Rev. Father Artus, the undersigned begs to state that when he visited this school on the I7th September last there were 43 pupils present, and the school-room was overcrowded with that number. The building was old and inconvenient and the enrollment has reached as high as 56 during the current year. A modern school-building is the undersigned thinks, a necessity and he considers that the Garden River Band, who are chiefly interested in the maintenance of this school, should be called upon to contribute towards its erection, but before deciding upon the amount they should give to this purpose, it would be well to have a detailed estimate of the cost of the proposed new building to which the R.C. authorities propose to give $500. The Garden River Band have about $70,000 to their credit, while the Batchewana Band, who are asked to contribute half the cost have

about $10,000 to their credit. The school would be on the Garden River Reserve which is about 40 miles from the Batchewana Reserve, and the undersigned thinks it would be unfair to ask the Batchwana Band to contribute to any extent to the erection of this building.

This school is doing very good work,- the children are encouraged to attend by receiving a warm mid-day meal. Although the Protestant School is the older, the Roman Catholic School appears to have far out-stripped it in the matter of attendance, the average attendance at the latter being fully four times as great as at the former.

With regard to the application for the salary of a new teacher during Spring and Fall, the underisgned does not think that the attendance would justify this expenditure, as the teachers of the Ontario Public Schools are supposed to look after from 45 to 50 pupils.

Sir,

I have to acknowledge the receipt of your letter of the 16th instant enclosing a letter from the Rev. G.A.Artus,Principal of the Roman Catholic School on the Garden River Reserve,asking for assistance towards boinding a new school-house and lodging for the teacher,and also for a grant of $150,as an extra allowance for a second teacher during the Spring and Fall terms; and in reply I beg to say that while the Department is alive to the necessity for more accommodation for this school,it does not consider that it would be justified in taxing the Batchewana Band for a contribution to a new building. The Garden River Indians being most concerned in the maintenance of this school, which is in very flourishing condition,should,it is thought,contribute solely towards the erection of the phoposed ~~an~~ new school building.

As it is suggested that the Indians should contribute one-half of the funds necessary for the proposed building,the Department considers that it should be furnished with a detailed estimate,and pla plan. The Department is willing to contribute from the funds of the Garden River Band an amount not to exceed $500 for this purpose,but it does not consider

The R C School - Teachers Salary: Indian Fund, Shubenacadie $100.00 — orders
" Prot Schools " " Indian Grant Funds.

I think the Shubenacadie Band should pay a proportion of the cost of the two Schools since both are half. Dear Sir.

Indian agent Wm. Abbot communicated to you my request for pecuniary assistance that enable me to build a new school-house and for an augmentation in the salary in view of having two teachers in the spring and in the fall when the number of children is very large

The reply has been that 500 dollars might be granted provided the band consent. It seems most probable that it would not consent. to accept perhaps if that money were taken from their consolidated fund

Here I find in the law ruling Indian affairs a means to build this school without asking from the people a cent more than what is due. (already) Ch 43. 46 & 47 Vic. s. reads as follows .. the teacher "always . shall be of the same denomination as the majority of the band. and the Protestant or Catholic minority may likewise have a separate school .... " — Consequently in any Indian reserve the principal school must be always of the same denomination as the majority of the band, and again consequently the principal salary must be paid to the teacher belonging to the same denomination.

Here the Catholics are in the Garden River band. and have been for years if not always, in great majority. The only school supported by that band (or the principal one if there must be two) ought to have been theirs, and must become now theirs. If the law is the law —

The Garden River band pays if my informations are right) 300 dollars to the prot. school. and probably nothing to our Cath. teachers who is paid

Dear Sir:

I find to-day your favor 153328-5 dated June the 28th, in reply to my application for assistance in the building of a new school-house here, and I see with great surprise that my request has been misunderstood in several respects, and particularly as for the establishment of a school at Goulais-Bay, to which I did not make the least allusion in any preceding letter (the least in the copy I kept here of the important part of my letters. I do not find any word about it.)

Again this is my request: The Indian act reads as follows Ch. 43. n° 6. The teacher "shall be always of the same denomination as the majority of the band ... and "the ... minority may likewise have a separate school ... is under certain conditions. — Now, here, at Garden-River, the Catholics have been for years if not always, the great majority in the band of Garden-River called otherwise the Shingwak-Band. — Consequently the teacher for the school of that band ought to have been, and ought to be now a Catholic teacher, and any cent paid to another teacher before that Catholic teacher be appointed and paid has been paid and is yet paid against the law ... most evidently

To apply to the Officer to whom the maintaining and the enforcing of the law is given in charge to obtain a fair application of it. ... because it is justice and the common interest of the two bands residing here, to have a good school with teachers in conformity of religious principles with the majority of them.

I say again " Give me the 300 Dollars that have been for years to the protestant teacher. Rev. Sir,-

I have the honour to acknowledge the receipt of your letter of the 3rd instant, in reference to your application for a residence to build a new school house for the Catholic Indians residing on the Caradum River Reserve. And in reply I beg to say that the following statement was made to the agent [illegible] paragraph of your letter of the 3rd inst.;- "that the school house will "be all paid for, [illegible] of the Indians yearly (300 from the "[illegible] and the [illegible] bye-laws) I "might be able to do this [illegible], provided the $00 left be "applied to the [illegible] school Teacher at Caradum bay". from which you will see that no misunderstanding took place.

In reference to your remarks as to the present mode of payment to the two schools now in operation on the Caradum River Reserve. I may say that those schools were established years before the passing of the Act to which you refer. The Church of England school having been carried on for more than 30 years while that from your school has been created since 1873, although the majority of the Indians are of the Roman Catholic. This was not always the case and the change is entirely due to the efforts put forth by your Church, [illegible] the [illegible] Indians on the reserve. [illegible] carried on, and the Government do not consider it desirable closed for the present, they are in the vicinity, and the attendance is less than

[illegible] your school, or that accommodation could be provided for all the children on the Reserve in your school when rebuilt. Such a course if pursued by the Department would be most unjust as [illegible] many schools, both Roman Catholic and Protestant, would have to be closed if such a precedent were established or recognized.

The contribution towards the support of these two schools are made from the Indian School appropriation and the funds of the Carlton River and Batchewana Bands - the Carlton River [illegible] the largest attendance as well as the largest capital, consequently the greatest share - but this is only just and is not a violation of any law. It is admitted that your school is doing excellent work and it was to assist it in continuing this good work and to meet the requirements for increased accommodation that the Department consented to recommend a grant of $[illegible] towards erecting a new school building.

Good results have in the past been obtained in the Protestant school and the Department looks forward to its future success. The number of children of school age on the reserve is not large enough to justify the maintenance of two schools especially as they belong to different religious denominations.

The Department has under consideration the advisability of re-adjusting the salaries of the teachers of all its schools, and under the new regime it may be possible to increase the amount paid to your school.

I am very much pleased to know that my plans and specifications for the proposed new school building at Garden River have been judged satisfactory. - As for certain doors opening inwards. I had particular views, that I do not wish to enforce against the desire of the Department

The specifications and plans are now in the hands of 4 different contractors, and I expect to receive their tenders before the end of this week.

If, according to my hope, well founded on motives explained in preceding letters, the Department gives me the 1000 Dollars requested, please send me without any further delay the money or a formal promise that it will be handed to me before the end of next month. The contract is to be given in the first days of September, and the work must be all over the first of November. - But nothing can be done before the certitude is got that the Department will pay the said amount. Waiting for a prompt reply. I remain. Dear Sir

THIS LETTER WAS SENT OTTAWA, September I 0.

Rev:Sir,

With further reference to the proposed grant toward a new building to be used for school purposes on the Garden River Reserve,I would say that since my return to headquarters I have been able to give the matter some further consideration. The plans and specifications have been approved as being satisfactory for a building of the dimensions set forth/but it is questionable whether the Department can assume the responsibility of sanctioning the erection of such a structure. The full grant contemplated by the Department has all along been $500 (See letters of 25th June and 10th July last) and this amount can hardly be increased. Of course if the Mission would contribute the balance of the outlay the Department would not object to a building of the style and size outlined in the plans and specifications being erected. But in the event of the whole expense devolving upon the Department it would be necessary to modify the plans,so that the total cost would not exceed $500-the contemplated grant. This might readily be done by diminishing the size of the whole structure,by providing no room in

Dear Sir

I have the honour to acknowledge the receipt of your letter of Sept. 12 1895. No 153328-5, about the grant necessary for the building of a school at Garden River.

Being sure that the Department is animated with a spirit of justice, I am certain that after further consideration of the motives alluded to in my letters of July the 1. and July the 22, the only equitable decision will appear to you to be one permitting us to have a Building in proportion to the number of our children (95 of school-age and the needs of the place. I made my plans so as to avoid every useless expens. But with the view of having a school strong and comfortable for children and teachers. The Department is aware, I suppose, of the difficulty that teachers have in finding a suitable boarding place in Indian Reserves. Consequently considered as necessary to have in the same Building as the school room for two teachers. The Building intended will cost 1500 fifteen hundred Dollars Besides extraordinary expenses; and as the Mission is able to afford only a little more than 500 Dollars, we ask the Department to grant us kindly the balance, a thousand ....

.... first as a compensation for the wrong wilfully done to us, although unwillingly, throughout a long series of years: when the money that according to the very text of the law ought to have been given to us, the Majority, was given for the benefit of the Minority.

.... secondly as a grant made once for all instead of a yearly gift of 300 that we are by the law entitled to for the salary of a Catholic teacher for the Garden. Rives-be

Oh I had the honour to say: Provided a thousand is given now to us, we will be content to receive only yearly a small sum, let us say a hundred, which, added to the salary given for the school of the Badjiwanang band, will enable us to have, when necessary a decent teacher.

Doubtless, sir; you understand that it is not necessary to ask upon this affair the opinion of the public, to be sure of our rights.

Please, answer as soon as possible. Our Contractors are ready for work.

Dear Sir:

I presume you are aware that a request has been made to the Department for a grant to build a new school house for the Catholic Indians of Garden River. Though two-thirds of that band are Catholics, it seems that the salary of the teacher of the Protestant School has been paid out of the money belonging to the band, whilst none of this funds has been given to the Catholic School, which has been supported by the Badjiramang Indians.

Kindly it is not asking too much, as an act of compensation for this irregularity, to request a sufficient sum to build a suitable school for the Catholic children, especially as the present building, to my own personal knowledge, is altogether unsuitable for its purpose.

Trusting you will recommend a grant of at least one thousand dollars for a new school,

Dear Sir,

In the name of our whole Congregation I wish to tell you immediately our gratitude for the assistance that the Department is ready to give us for the erection of a new school-house

I was certain that the officers of the present Government would be pleased to help us, as soon as they would know the particulars of our case.

Now, Dear Sir, would you be kind enough to send me the amount promised, or to tell me when I may expect it. If there are some formalities to be filled by me, please, let me know it, because we cannot start the work before having the money. The contractor ought to be at work in a few days, to have the stone foundation finished before the cold nights come

IN COUNCIL.

The undersigned begs to report that the building in which the Roman Catholic School on the Garden River Reserve is conducted affords inadequate accommodation, and as the building was not originally intended for a school it has proved to be quite unsuited for the purpose.

The authorities of the Roman Catholic Church have decided to erect a new building, but have asked that a grant be given, as has been done in similar cases, from the funds of the Batchewana Garden River Funds of Indians, in whose interest the school is conducted. Plans of the proposed building have been submitted and approved of by the Department of Indian Affairs. The estimated cost of erecting and equipping the building is $1000. The undersigned considers that $1000 of the funds of the Indians interested would be well spent in building the erection of this proposed building, as it will be of permanent and great interest to the Bands to have a well-appointed school.

Dear Sir:

In reply to your welcomed letter of Oct. 8th 1895. No. 158828, 5, I beg to say that the contract for the school-house has been signed yesterday night., and that the contractor is satisfied to receive his payment by "advances made to him as the work progresses on estimates certified to by Mr. William Van Abbot". —

As for the specifications I must say that one or two modifications have been made. adding to the solidity of the building (four feet of stone-foundation instead of three under the ground); but suppressing some of the inside good. looking (instead of having walls and ceiling oil-finished and varnished, we will have it painted.) = Those modifications have been proposed by one of the contractors about 10 days ago, to allow him the possibility to reduce his tender from 1700 to 1550. — Having made the same propositions to the man that offered the lowest bid, he agreed to erect this building for a sum of 1380 Dollars.

As the Department contributing one thousand towards the building, the Mission, besides the ground on which the school will be and the play-yard, gives 380. And as I intended to spend 500, I will have the Desks and seats made at our own expenses.

I will send to-day to Mr. Van-Abbot a copy of the specifications.

Dear Sir,

Having been appointed lately to take charge of the Church and the Roman Catholic school for Garden River, Ont., my predecessor, Rev. G. Artud, has drawn my attention to the fact that the school material announced in your letter N° 153328....4, July the 30th 1897, has not been received, although the classes resumed August the 16th.

As for particulars regarding a clock and a blackboard, I must say that there is no clock in the school, so you can understand what inconveniency it is to the teachers to devide the tasks by quarters or half hours, to start the class and end it at the regular time, and regulate the recesses. My predecessor, in his letter of July the 29th did ask, if I am not mistaken for two clocks, because the school is divided now in two rooms, but if you can supply one of those clocks with a double dial that could be fixed in the partition between the two

rooms, it would be just as satisfactory as two clocks. As for the description of the clocks, I may say that any clock will do, as long as it keeps time well.

In reference to the blackboard mentioned in the petition; one of the rooms that counts over 60 pupils possesses but a small blackboard, 2 + 4 ft. It ought to be at least 4 + 10 ft, and must be made of thin boards. The partition and the walls, that are made of wood do not present a plain surface, on account of grooves practice in the boards.

Have blackboard made

I hope these particulars will be sufficient.

Rev: Sir,

I have to acknowledge the receipt of your letter of the 20th instant; and in reply I beg to say that the Department notes that you have succeeded Rev. G.A.Artus as Principal of the Gordon River Roman Catholic Indian school.

In reply to your remarks regarding school material applied for by Father Artus, I beg to say that the same was ordered from the Government Stationery Office on the 2nd instant and you will, doubtless, have received it before this.

Regarding the blackboard which you state is necessary I beg to say that you may have one, 10 ft by 4 ft made at the least possible cost. The Department does not consider that two clocks would be necessary, but thinks that if one were placed in the senior room it would answer the purpose, and it would like to be informed as to the cost of a suitable clock.

Your obedient servant,

Dear Sir,

I have been authorised by your letter of Aug. the 26th N° 153328-----5, to have a black board 10 ft: by 4 ft: made at the least possible cost; I could not get it made before this time. The lowest price I could get it is $3.00; But this does not include the painting. If the department would be pleased to send one half gallon of that special preparation which is furnished to other schools, I could get the black board painted without any extra charge. If I have to get the paint from Toronto it will cost me $1.50 more.

As for the cost of a suitable clock I could not find any to be recommended for a lower price than $4.00 or $5.00. But I beg to remark that one clock placed in the senior room, as suggested by your letter, may be sufficient to determine the beginning of class, the end or the recesses. But are we to understand that the teacher in the junior class is to go in the senior room to consult the clock in order to determine the work of each section in her own room, and if the time

time is not properly devided, some section of the class shall have to suffer on it.

My predecessor Rev. G A. Artus had been authorised by a letter of Mr L.D. Mc Lean Secretary July the 30th Nr 153328 - - - - 4 to purchase two brooms for the school and one axe. The two brooms cost .50cts and the axe $1.10 .

I also enclose the recipt of the Purser on board the Steamer « City of Collingwood if I am not mistaken » for the amount paid by Rev. F. Artus for the fare of the children Clark from Sault Ste Marie to Manitowaning. I remark that the name of the steamer is not mentioned on the recipt, neither the name of the children, if the Department would require these specifications please let me know in your next letter -

According to the new disposition of the rooms, 11 stove pipes and 3 elbows were required for the two stoves, the stove pipes cost 10cts each and the elbows 20cts each — $1.70 . I have been obliged to purchase them before the authorisation of the Department on account of the cold days we had last week.

A desk for the Teacher of the senior room is also wanting. Actualy the teacher uses a kind of bench instead of desk,

but there is no press or cupboard in the room where she could keep the school material as it is recommended by the Department. I have taken informations about the cost of a suitable desk and I could not get it made here for less than $8.00 or $10.00 with soft wood. We could import one from Toronto for the same price ($10.00) made with hard wood. I have seen one of these desks the other day in the separate school at the Sault-Ste Marie, They are tables with three drawers one one side and a little press on the other side.

The other articles wanted for the school, I shall mark down on the quarterly Returns.

Yours respectfully

P. S. This letter ought to have been mailed on Sept the 29th. I took it with me to mail it at Sault Ste Marie, but when there I remembered that I had forgotten to put in the different receipts. As I was bound for my missions in Lake Superior, I had to wait until my return to send it.

Rev' Sir,

With reference to your letter of the 14th instant, I return herewith the accounts forwarded by you as it is necessary , in order to comply with the regulations governing such matters,that they should be submitted to the Department by the Indian Land Agent ,Sir William Wm Abbott, of Sault Ste Marie, Ont, who must certify to them in the usual manner before payment can be made.

It would be well for you to have the blackboard for the Garden River School painted , and forward the bill for the same to Sir Wm Abbott , with the other accounts.

Under the circumstances described two clocks may be purchased , the price paid should not however exceed $4. each.

The desk required for the senior school room may be bought , but it should not xxxxxxxxxx cost more than $10.00 .

Dear Sir,-

According to the instructions of your letter N° 153328/21 October the 19th, 1894, I had the blackboard for the school painted here in Garden River; it gives great satisfaction. The enclosed bill shows that it cost a little over $3.00, but I would not charge the Dept. for the brush which can be used for something else. I do not charge neither the painting it self which has been done by ourselves. The material itself amounts to $1.94, but as there is a little shelac left, we can put it at $1.75. There is one quart of methylated Alcohol for which I have not the bill; it was required to thin the Shelac after adding the Lamp black and the white of lead.

The desk that I have been authorized to purchase for the school, came only last week. It Costs $10.00 as stated in my letter of September the 24th, with .35 cts for the freight from Sault Ste Marie to Garden River. The desk also gives great satisfaction.

Yours respectfully.

Ottawa,

Dear Sir,

I hereby present some bills without previous authorization to expend that money, but I can assure you there was fault of mine. I was absent the greatest part of the month of July and August and every time I was called out suddenly for sick calls as far as Batchewana and Drummond. When I returned the last time it was too late to write for authorization and some of these things had to be done before opening the school. Some of the desks supports were broken, and all of them had to be consolidated as well as the seats. The doors had to be fixed and panes of glass to be replaced. The wooden partition which devides the two rooms is in panels and has to be opened for examinations or some other causes, but this partition was only fixed with nails which had to be removed every time we wanted to open the partition, so I had the panels fixed on hinges and rollers.

The amount for the work done is $ 7.50 and for the bolts, rollers, hinges, panes of glass $4.61. Total $ 12 11

I thought it was as well to send those bills with the Returns.

"BALL BEARING" HINGE DISSECTED

SHOWING CONSTRUCTION.

THREE STEEL BALLS IN EVERY HINGE.

Costs No More than the Ordinary Iron Hinge with Makeshift Buffer.

Accept No Substitute.

Figure 2.

Figure 1.

FIGURE 1 represents the seat arm showing "socket" which fits over the "ball" on Figure 2 (which represents upright desk standard), this constitutes a "ball and socket," or, as it is termed by some, a "trunnion joint" hinge. When the seat arm (Figure 1) is fastened over the standard (Figure 2) the entire weight rests on the ball and socket joint—none whatever on the bolt, it being merely used to clamp the seat arm and standard together. On both Figures 1 and 2 you will observe two iron lugs which are the stops when the seat is folded down or up.

Figure 3.

✠ ✠

FIGURE 3 illustrates reverse side of seat arm showing inclined grooves in which three steel bicycle balls run. Fig. 4 is a cap which fits over grooves in Figure 3. You will observe that cap 4 is grooved to correspond with Figure 3, and when they are fastened together they form a tube larger in the middle than at either end, through which the balls roll as seat is moved up or down. Figure 5 represents the reverse side of Figure 4. Notice that the face of Figure 5 is "dished" or concave in shape. When hinge is put together a tempered steel washer A in Figure 6 fits over the dish in Figure 5. The different parts are then bolted together with bolt shown in Figure 6. The tail piece to caps 4 and 5 passes through hole in standard (2) maintaining both cap and standard in one stationary position, the seat arm moving between them.

The Little Balls Do the Work.

The Steel Bicycle Balls Inside the Hinge of the "Ball Bearing" Increase the Life of the Hinge Many Years and Make It Absolutely and Permanently Noiseless.

FIGURE 7.

As the seat arm (Figure 3) is moved up or down the balls in groove roll in same direction. This groove, as before stated, is inclined and as the balls approach their stopping place this narrowing space in groove, or rather tube, forces out or expands the cap Figure 4, which is made possible by the reverse side of cap being dish shaped with a flat steel washer over it, which sinks into the dish as the pressure of the ball forces the cap out. When a person is occupying the seat the weight of occupant does not rest on balls, but on the ball and socket joint before described, and the stops or lugs described in Figures 1 and 2. The mission of the balls and the steel washer is merely to act as a brake and arrest the force of the stop when seat is folded or opened. There is no weight or undue pressure on them, but the weight rests entirely on the ball and socket joint and stops.

Figure 7 shows seat folded down with cap (Figure 4) made transparent so as to show position and workings of balls. C, C, C, represent inclined grooves in which balls run. D, D, D, the stops or ends of grooves.

Figure 8 shows seat folded up with position of balls consequently reversed.

FIGURE 8.

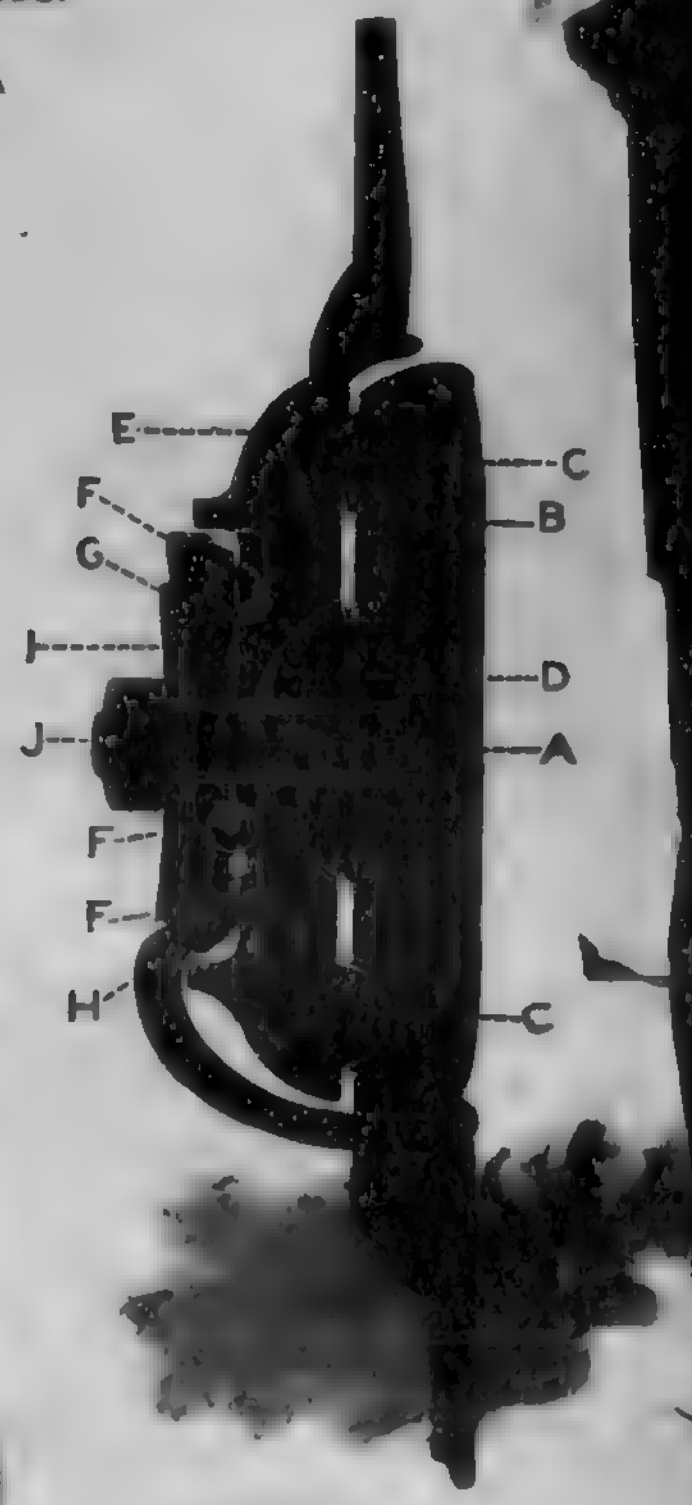

FIGURE 9.

Figure 9 shows a sectional view of the complete hinge put together. The seat is folded down and you are supposed to be directly in front on a level with the hinge looking into it. B represents desk standard. E represents seat arm. D represents "ball" on standard. G represents "socket" on arm. C represents lugs or stops on standard and arm. F, F, F, represent the steel bicycle balls rolling around in groove or tube. H represents cap described in Figures 4 and 5. Notice the tail piece that passes into hole in standard, keeping the cap in stationary position. I, represents steel washer before described in Figure 6. As the seat is folded down, the balls have forced the cap out slightly and the steel spring washer, as you will observe, is sprung into the dish of cap. J, represents nut on bolt. A represents head of bolt which passes entirely through seat hinge, clamping the whole together and forming the only common sense, permanently noiseless hinge ever placed on a school desk.

Fastening of Wood and Iron.

THE accompanying cut plainly shows our exclusive method of fastening wood work to iron. B represents upright standard. A represents lug which slips into mortise D in back of wood work. There is a flange on the casting B, on the opposite side from lug A, extending the whole length of back. When the wood is placed over the iron lug A, fitting into mortise D, the back is driven downward and the lug A acts as a wedge, forcing the flange on standard firmly into the recessed groove C in wood work, thus forming one continuous fastening the whole length of the wood. The wood work of seat and top of desk is fastened to the iron in a similar manner. This is the only common sense method of putting school desks together, and we are the ones who invented it and who have a monopoly of its use. E represents wood work showing dovetailed groove. When lug A is placed in mortise D and driven down, the lug A wedges the flange before spoken of firmly, forming a permanently secure fastening.

Note the perfect tongued and grooved glued joints; we make our tongues and grooves very large size and of a peculiar shape which gives an extra large surface for the glue to spread, thereby making the most perfect joint possible. Our method of jointing has stood the test of years, and no other desk made can compare with it in this particular

NO KEYS OR BOLTS USED IN SETTING UP THIS DESK. . . . .

In Process of Setting Up.

THE accompanying cut represents a "Ball Bearing" Automatic partially set up with the back off, showing the flange and lugs on the standard and the mortise and recessed groove in the wood back. When the **Solid Top, Seat and Back** are driven home they **wedge themselves firmly,** locking all parts securely.

EVERY SLAT SUPPORTED BY THE FLANGE, AND EACH LUG A PART OF THE MAIN CASTING.

The Locked Book Shelf.

THE Locked Book Shelf is secured in place by being pushed into grooves in the standard **from the front,** before the back of seat is placed in position. It can never be removed by mischievous boys, allowing books, pencils, etc., to fall on the floor, to the great annoyance of teachers and orderly scholars.

INCOMPARABLE FOR EASE OF OPERATION

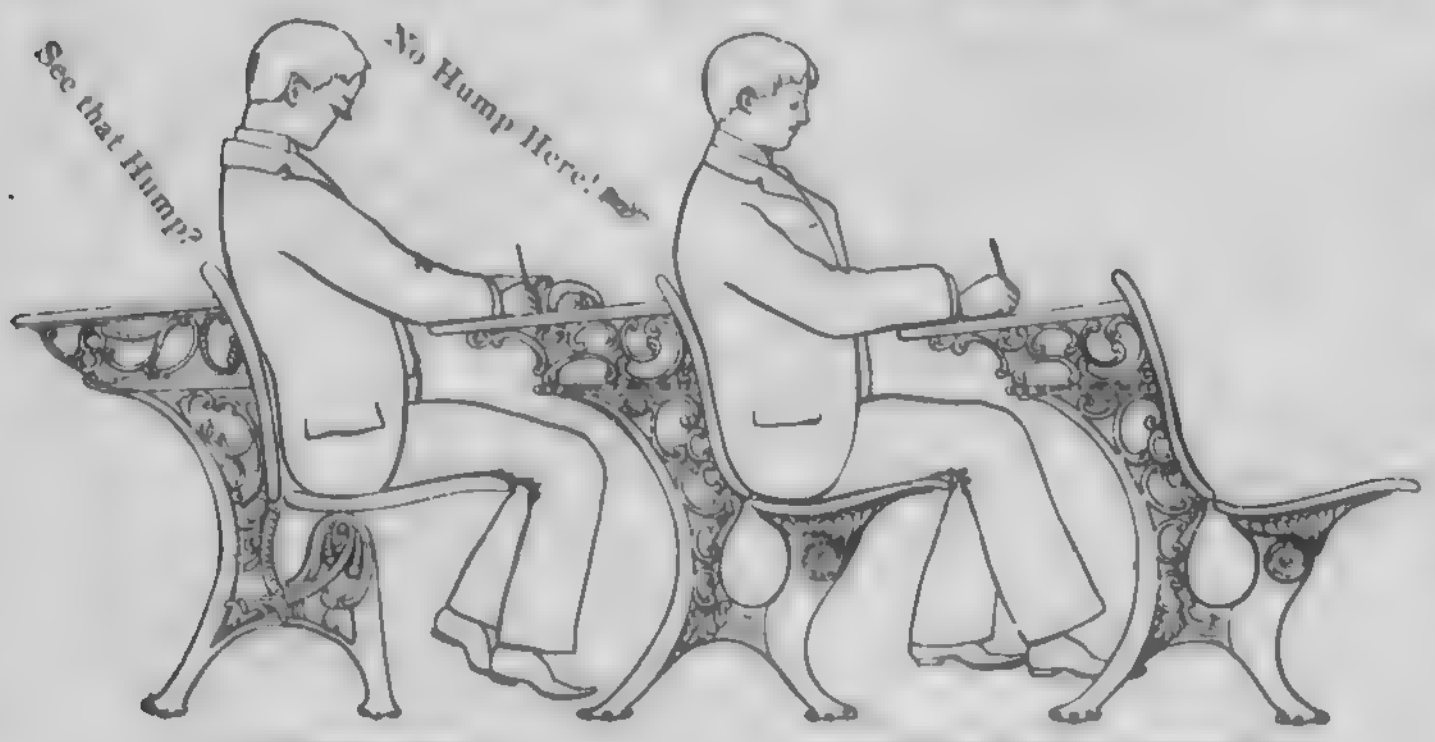
OUR Double Desks have **entire** seats or separate sittings, and with the **"Ball Bearing"** Automatic Double Desk with separate seats, each pupil can take, vacate or resume his seat without disturbing his neighbor or obstructing the aisle. **No sliding in and out of this seat.** Pupils do not slide into the aisle before they rise up, as in other seats. Some manufacturers of the old-style turn-up seats, to meet the demand for Double Desks with separate seats, have put in a center leg, to make the separate seats, for which they charge you from 50 to 75 cents per desk extra, and which are no better than a double desk with one long or entire seat. Can you fold one of their seats in the school room without getting into the aisle first? You might as well have the continuous seat, for you **cannot** fold their double desk with separate seats; they are not **practical.** The convenience of this seat is acceptable in singing, breathing, reading or calisthenics, where a large portion of the pupils are engaged simultaneously.

Our arrangement virtually gives both occupants of a double desk a **separate seat.** Also more room with less floor space than any other desk made.

We also make a **Double Desk with Entire Seat** which is **less expensive.**

UNEQUALLED FOR SIMPLICITY O
CONSTRUCTION.

THE DIFFERENCE!



A BARREL BACK. A "BALL BEARING" AUTOMATIC.

The "Ball Bearing" Automatic is a Revelation in School Desks.

NOT a luxury for the rich, but a perfect seat for everybody and a preventive of dreadful and painful deformities and diseases that must follow the use of the old style barrel back school desk. Note the position as illustrated above. With the Perfect **"Ball Bearing"** Automatic there are no deformed spines, stooped shoulders, congested headaches and congested vessels of the eye. Surely these fearful facts will appeal to the heart of every parent or school officer in the land. What is the saving of a few dollars compared with the health and comfort of our future men and women? Think of this!

SCHOOL DESKS ought to fit the form. The form shouldn't be twisted to fit the desk. That is contortionism. There are plenty of form theories, but only one true model, the natural human form. That is the pattern of the **"Ball Bearing"** Automatic. Beware of **"barrel"** backs. The **"Ball Bearing"** Automatic is a revelation, so completely does it cut loose from traditional evils, and remember, it is a perfect **FORM FITTER.**

Flush Top Ink Wells.

NICKEL PLATED.

OUR ink bottle is securely locked in place. It cannot be spilled by accidentally striking underneath, but bottle can be removed for cleaning by turning half around. The cover is *flush* with top of lid, and books, slates, etc., can be moved over the surface without noise or interruption. The PEN REST attachment is of great convenience.

The Shield.

WHILE our desk is the strongest made, and needs no bracing, we decided to add strength where we knew it was required. The shield protects the seat in front from being marred or rubbed by the occupant of desk in rear. Boys cannot place a pin in their shoes and "electrify" the studious scholar in front, and neither can they fold the seat down when once up. The shield braces the desk laterally, supporting the castings where the leverage is greatest *when leaning upon the lid.*

WARRANT.

WE fully warrant in every respect the **"Ball Bearing Automatic Desk for 15 years.** This warrant covers every part and every piece that enters into the construction of the desk. We make no reservation whatever, neither do we stipulate that the breakage must be due to some fault of material or construction, as other desk manufacturers do. We simply say, if a desk of our manufacture gets broken in any way or from any cause wit. in 15 years of its purchase, notify us of the fact and we will send the necessary repairs without charge and without asking questions as to how the breakage occurred. This is a broad-gauge warrant, but we are broad-gauge people and our responsibility is such that a warrant issued by us is a practical gilt-edged insurance policy on every desk bought from us.

Teachers' Desks and Chairs.

We carry a very large stock of these goods which we illustrate in our catalogue. If you are interested, send for our catalogue. It is yours for the asking, and is well worth your examination.

If You are Undecided, Write Us. If in Need of Anything in Our Line Examine Our Goods and Get Our Prices.

THE selection of our furniture will save you lots of worry in the future. There is no guess work in the construction of our work. Every device offered by us has been thoroughly tested and tried The highest grade of product is our goal. We aim to make each year's work more perfect than the preceding year. Our prices are no more than is charged by others for inferior work. DON'T buy experiments or deal with experimental concerns. BE SURE, and in dealing with us you ARE sure that everything is right. Our name and reputation, reaching around the world, is a guarantee that this is so. Ten is to one as we are to other concerns engaged in the school furniture business

Our Furniture is the Standard of the World.

Dear Sir.

In place the new desks which have been purchased for the R. C. School of Garden River it will be necessary to remove a chimney which is placed just in the middle of one of the rooms. Some alterations have been made in the school this chimney has always been in the way very much, but as the long desks were set in two rows only, the could go on each side of the chimney but the new desks will have to be fixed in three rows so I would like to be authorized to remove that chimney. There are two chimneys in the school. But it is good to remember that the school was built for one teacher only with the intention of giving lodging to the teacher, and one of these chimneys would have been used in that case for the teacher's appartments. But since the new school was built the number of pupils has increased considerably so that it was found necessary to make two rooms and to remove the partition where is the chimney mentioned, in order to enlarge one room. I do not intend to remove the chimney altogether, but leave the top of it and rest it on the rafters &c. that it will not spoil the appearance of the school, and might be used in case of necessity. For the present I will bring the two stove pipes in the same chimney. I think that I can have the job made for 4 or 5 dollars and for sure it will not exceed 7 dollars - An immediate [redacted] is humbly solliciled for we expect the men [illegible] four day to day.

Dear Sir

As I marked it on the enclosed envoice, two (2) of the iron supports of the 35 desks received from John B. Snider Manuf. Co. Waterloo Ont. on Oct. the 4th; were broken so as to make two (2) desks useless Four (4) other desks have one support each craked so as to make these desks weaker; and another support has the groove for the drawer filled up by the casting.

According to envoice there ought to be thirty five (35) double shuline desks, but as matter of fact we can use only twenty seven (27) desks; the last one in each row having no seat. There are four rows of desks in each of the two rooms, so as to make eight seats (8) wanted.

Here is the description of the broken or craked supports. No 4 one left support, hinge entirely broken off, and was not in the pakage: No 3 one R. sup. broken pin, for the top; the supt- is shallow at that part. No 3 one L. sup. has the more than half of the grooving, where the drawer goes in, filled up in the Casting. Four (4) R. Sup. No 1 are craked near the drawer of the desk.

I can certify that they came in this condition.

Sir:-

With reference to the concluding portion of your letter of the 30th. September respecting the difference in prices charged by Mr. John B. Snider and the Canadian School and Furniture Company, for school desks, I beg to say that the price, $3.65, charged by Mr. Snider for a "No. 3 double entire desk" covers the cost of delivery at Sault Ste. Marie. Mr. Snider charges for the same desk at his shop (according to price list on file 315780) $3.00. The Canadian School and Furniture Co. according to their price list quote the price since the 10th. August for the same desk at $3.35. It will hereon therefore that Mr. Sniders price is the lower.

OTTAWA, 30th July, 1902

Sir,

I have to call your attention to the following remarks of Mr Inspector White in his report on the Garden River Roman Catholic school:-

"The room for the lowest class is certainly too "small. Seats made for two pupils must serve to hold "three and even then there is not always room. I "would recommend removing the partition so as to in- "crease the size of the junior room at the expense "of that for the seniors.

The Department would like you to be good enough to report on this matter at your earliest convenience, giving an estimate of the cost of any repairs you suggest.

Your obedient servant,

Sir:-

I have to acknowledge the receipt of your letter of the 10th inst., asking whether authority has been given for the purchase of two new stoves for the Roman Catholic School on the Garden River Reserve. In reply I beg to inform you that no requisition has previously been made for new stoves for this school and no authority has been given for their purchase. If, as you say, the stoves at present in use are unsafe, the Department would like to know the probable cost of stoves to replace them.

Sir,

I beg to call your attention to official letter of 30th July last, in which you were asked to report as to the advisability of removing the partition in the Garden River Roman Catholic school so as to increase the size of the junior room. Mr Inspector White, who visited this school on the 9th instant, has again pointed out that the room for the juniors is too small. The Department would like you to report at once giving the approximate cost of the proposed work, and an explanation as to why you have omitted to do so before this.

I have the honor to acknowledge the receipt of your letter of 22nd inst referring to purchase of 2 stoves for the Gordon Ross Catholic School.

I merely beg to say that the stoves are very much in being broken and at any time likely to cause damage to the building if not looked after with the utmost care.

A stove for the larger room laid down at the Station Gordon Ross cost. about £13-10 and for the smaller room about from £10-5 to £12-10. cost of setting them up and some extra pipes about £2-10 more.

I was given to understand that a requisition had been sent in for these stoves.

I have the honor to acknowledge the receipt of your letter of 27th inst asking for my report on the advisability of removing the partition between the two class rooms of the Roman Catholic School at Garden River In reply I beg to say that I had examined the rooms on the 6th of August last on receipt of your letter of 30th July and was under the impression that I had sent in a report.

SCHOOLS NOV 5 1902

I have since visited the School again on Sunday last 28th inst. and consulted the Class Teachers concerning the matter and on account of a number of pupils having made from the Junior to the Senior room. I would not advise any change being made at present as from this date until Spring opens I think the rooms will accommodate the pupils attending during that period

Extract from report of Rev. V. Renaud, S.J., teacher of the Garden River (R.C.) School, for the year ending December 31, 1911.

To improve the attendance it would be necessary to hire a man with a team from December to April to collect the children. I think that somebody here would do the work for 50¢ a trip or $1.00 a day. As for the parents who live near the school and keep their children at home I think a little firm should be imposed upon them.

Rev. Father Renaud, who is in charge of the Roman Catholic School on the Garden River Reserve, suggests that arrangements should be made to have some of the children conveyed to and from the school during the winter months.

I have to ask you to be good enough to report on the distance these children reside from the school and what numbers, if any, there are residing at such distances that it is not possible for them to walk.

It has been reported to the Department that the Garden River (R.C.) School is in need of painting. I have to ask you to be good enough to report as to the probable cost and the best means of having this work done. I may say that on a previous occasion when painting had to be done on this reserve the Department supplied the material and the Indians did the labour and this might be the best method to follow in this particular case, if it is decided to take action.

I have the honor in reference with your letter 153328/5 Jany 29th to report that after looking over the matter in question Viz. giving the pupils conveyed to the R.C. School during the Winter months. I find that the children who reside at a distance that would be considered too far to walk. are those now living in that Part called "French Bay" and are Largely if not altogether members of the Bahkwana Band. Who reside up & are told about 2/3 of the attendance at the R.C. and some of them would be From 2½ to 3 Miles away and as the roads are now in good order and should be better for the balance of the winter. I would think that the expense of a conveyance would be too Large to undertake without further details Considering the fact that the Bahkwana Band are anxious to have their Rights in the Garden River reserve definately defined. and I am now doing what can be done in that connection

Mr. Murdoch McLennan

Dear Sir

At last, I saw John Boyer yesterday, and spoke to him about the painting of the school house.
If the Department supplies the paint, John will charge $2.50 a day, and it will take him about 16 days to give two coats. Now, if you like better to give him the job, he will supply the paint and do the whole work for $70.00. By the "whole work" I mean the outside wall only. I think it is cheap enough, and neither you nor I, would do the same work for that price.
The size of the main building is 22×46 ft, the wall being 16 ft. high. Besides, there is the equivalent of a building of 14×22 ft, with a 8 ft. high wall.
With these dimensions, one can find out how much paint it would require.

Yours truly
P. Renaud S.J.

I hand the honor to acknowledge with your letter No 153328 1.5. January 31st. to hand with enclosure from Chief Isaac Bear V. Rama. P.J. The Principal of the R.C. School on the Garden-River Reserve. on which he submits for Chief & John Bogan. a Number of the Estimates Board. to do the Job of Painting the outside of the school for $70.00.

Asked Mr. Rama. if the Indians of the Band would be able to do the work required of the Department would decide to supply the Paint. and he stated that he did not think there were many of the Band that could do the work properly. and considering the fact that the Garden River Band. are asking for the Painting of the Convent Church on the Reserve I would think that our competent Painters could do the work If it is decided to have the improvement done to better advantage. I find that it will Require about 20 Gallons of Paint to give two Coats. Inside & outside of the R.C. School House which will cost about $2.25 per Gallon at the Goderham Worts Co. Limited.

I have to acknowledge the receipt of your letter of the 19th instant in ~~xx~~ further reference to the bell for the Garden River (R.C.) School.

In reply I beg to say that the price asked by Rev. Father Renaud for the old beell is altogether too high. In the first place the bell is smaller than the usual small school bell. The Department has before it two catalogues of school bells and the smallest is twenty inches in diameter, weighing about 105 pounds and costing $16.00. If you cannot obtain a bell in Sault Ste. Marie at a reasonable price the Department will order one from Toronto. Nothing, however, will be done until you are heard from again.

ACCOUNTANTS NOV 19 1912 BRANCH

Dear Sir,

-- Reference No. 153328/5 --

Replying to your favor of the 12th inst., we beg to state that we can supply you with a school bell 20 inches in diameter, the weight of the bell only, being 105 lbs., and the weight of the bell and mountings complete, including the wood sills, yoke standards, rope wheel, being 150 lbs., for $11.20 net., F.O.B. Toronto.

We might state that this is the smallest bell usually sold for school purposes, and to get anything smaller in size than that, it would be only an ordinary farmer's bell, which would be mounted in a different way. We enclose you an illustrated description of the bell we quoted you on, the regular list price of it being $16.00. We have this in stock and can ship it out promptly.

Yours very truly,

BLACKBOARD MATERIAL

Imperial Slate Blackboard

WE supply the Real Slate Blackboard from the celebrated Imperial quarries. This is "lower vein" slate of superior quality, selected stock, dark natural color, unusually straight fibre, free from knots and burls, hand shaved, accurately squared and fitted to dimensions.

THE IMPERIAL SLATE BLACKBOARD

Will last as long as the school, and cost nothing for repairs
Furnished in the following widths: 3, 3½ 4, and 4½ feet.
The average length of a slab of Slate is about 5 feet.

We replace, gratis, f.o.b., your station, all boards broken in transit. Providing the freight agent certifies to the breakage before you accept the delivery of same, and you then furnish us the railway receipt. We ship the longest slabs possible, thus ensuring fewest joints.

Slate Blackboard weighs about 5 lbs. per square foot.
We handle only the first grade at ruling market prices.

PRICES

4 ft.	29c.	" " "	" "
4½ ft.	31c.	" " "	" "

Special quotations given to places outside of Ontario on application

Safe Delivery Guaranteed

We have placed the Imperial Slate in place, and must say that it is the best in our schools. Instead of a comparison with the others there is a *strong contrast*, and we strongly recommend your Slate to any school.

Yours, A. A. WHITTAKER,
Secretary Board of Education,
Morrisburg, Ont

Our Imperial Slate has been selected for the new Normal schools and many of the large schools throughout the Dominion.

EXTRACT 4.4.47.5

Dear Sir,

Regarding your letter, No 444,479, dated 19th May 1914, re, the erection of a fence around the Roman Catholic cemetery at Garden River, I am anxious to learn whether and when the Department intend granting the same. We have been waiting now quite a while for it, the matter is urgent.

Another point I beg to bring to the notice of the Department, viz, the necessity of some repairs about the Roman Catholic schoolhouse, among others, the two porches, a covering over the bell on the roof, etc. I mentioned this to Mr Indian Agent Mc. Kibb, lately. He said he knew about it and would look after it. Still, I thought that I should say a word about this matter to the Department, as school is to open at the end of this month.

Hoping that the Department will take these matters into its kind consideration.

P.S. I likewise wish to bring to the knowledge of the Department that several parties have been, of late, disfiguring the walls of the schoolhouse by scribbling or carving thereon some of the writing is very nasty. I complained of this to my people, in church, and also to Mr McNabb.

Sir/=

Rev. Father Specht has called the attention of the Department to certain repairs being needed about the Roman Catholic school at Garden River. He mentions that two porches and a belfry are needed and the Department would like you to see that any repairs which you consider necessary are made to this school before the reopening after the summer holidays. He complains that the out side walls have been scribbled over. You should have this effaced.

Sir,—

Immediate

I wired you last evening as follows

Best offer painting Garden River Roman Catholic School Eighty five Dollars, answer,

I tried to get some of the Indians to do the work but none of them would do it, I took, two of the Painters in the City down ther one of them wanted $100,00 the other one (James Sawyer) $85,00

The building is 48x 22 and then there are 4 additions in the shape of porches and 19 Storm Windows and all need a coat of Paint,

If you consent to have the work done I can have Mr Sawyer do it right away.

Kindly permit me to apply for a few articles of clothing for the children of the Garden River Roman Catholic School.

There are some really require mitts, socks and etc.

There are more pupils who attended school regularly and I think should be encouraged by some small preasant at Christmas.

I have 51 pupils on the roll, and my average as yet is about 34. There are some about two miles from the school.

Should you favour me with this request I shall feel grateful.

I am.

Yours Respectfully.

Ottawa, December 9, 1914.

Sir,-

In reply to your letter of the 8th instant enclosing a communication from Miss Katie Tackney, teacher of the Garden River R. C. Day School in which she requests a grant to purchase some articles of clothing for the pupils of that school, as well as some gifts for Christmas, I beg to say that you may expend the sum of $15.00 for this purpose. You should consult the teacher in this matter and the gifts supplied should be in the nature of mitts, socks and articles of clothing required for the children.

You will be good enough to furnish accounts in duplicate properly certified for the articles purchased and forward the same to the Department for payment. The amount of the purchases should not exceed in value the sum of $15.00.

Your obedient servant

Dear Sir.

Mr. Pat. Boyer asks me if you could let him have $10. on his school account for making fires etc. He ... some clothes.

I ... like to know if it would not be right for to ask the Department - if you could through you - to pay the wages and tea &c. which we are running up.

For several months we serve tea and sugar at noon to the children who live too far, and this hot drink at noon is almost necessary with this cold [illegible]. It ... hard things on me personally. I am sure the Department would be willing to do so and to refund me what I have found out for so long. If required I can send in a little bill for you.

Believing me, Dear Sir

Sir,-

In reference to that portion of your report of the Garden River (R.C.) School for the month of September, last, in which you state that a well and pump are required for this school kindly advise the Department as to whether there is a well at the Mission and, if so, whether the school could use it. If not, the Department would like to have an estimate of the cost of digging a well and putting a pump in it for this school.

In future when recommending any repairs or improvements to the schools in your agency kindly furnish the Department with an estimate of the probable cost, so that there may be no delay in dealing with the matter.

In reply to your letter of the 12th instant No 153328/5, in reference to well and Pump at the Garden River R, R, C, School, I beg to say that I have had an estimate of the cost of digging a well at the price of $20, 00 out side of the co cost of the Pump which should not cost any more than the one at the Anglicanm Schoolwhich was $20,00,

They have been using the water out of the Riverand the Priest's P Pump but the Water is not fit to drink, without being boiled, the School needs a well very badly,

Ottawa, April 3rd., 1916.

Sir,-

I have to draw attention to the fact that on the 29th December you sent to the Department an account of $6.25 in favour of Mrs. Louisa Laenge for service as caretaker of the Roman Catholic School at Garden River Reserve during December quarter last. The voucher in question was paid by cheque No. 3441 which went forward on the 14th of January. In view of this fact you should explain why you sent to the Department on the 30th March a voucher in favour of Antoine Boyer, rendered at $10.00, for service as caretaker of the above mentioned school from the 5th December to the 29th February. The Department is paying Boyer $5.00 by cheque No. 4519, which is going forward for service, as caretaker of the school during January. Two caretakers will not be employed at the same time for the school and consequently payment will not be made to Boyer for service rendered during December. You should see that a caretaker is appointed at a yearly salary to do the work in question at that school. I may say that it is considered that $25.00 a year should be ample remuneration. This is the amount allowed for the services of the kind at other schools. The appointment is left in your hands only, and the Department relies upon you to see that the work is entrusted to a responsible person. You should report without delay as to the action you have taken.

I may add that the allowance of $5.00 a month authorised by official letter of the 7th December last for lighting

Sir,—

Enclosed please find a/c from Father C. A. Artus that was returned to me for correction on the 25th of June last, Father Artus has been sick and has moved away from Garden River to Steelton, I only got his a/c corrected yesterday.

I wish to add that the Priest who took Father Artus's place does not care about buying Tea and Sugar for the Scholarsbut he says he will have his Housekeeper prepare it for them if I furnish it, the Teacher Miss Tackney says it is very much required by the Scho children,it would be no trouble for me to buy it and give it to the Teacher,

Dear Sir:

I was delighted when I came back to see the walls and ceiling of the two class-rooms re-tainted. Many thanks for same.

May I ask you to see if you could get the school floor repaired, also my kitchen floor, when you see the condition I'm sure you shall deem it absolutely necessary. Soliciting an early reply.

I am,
Yours Respectfully,

Sir,-

I have to acknowledge the receipt of your letter of the 6th instant, in which you state that the teachers of the different schools in your agency are anxious to know if they will be allowed the usual sum for prizes to be given to the children at Christmas.

In reply I beg to say that you may expend the sum of $20.00 in the purchase of prizes for the Garden River Anglican, Garden River (R.C.) and Goulais Bay Schools. You may divide this amount up amongst the three schools mentioned as you think best, but the total amount expended for this purpose must not exceed $20.00.

You will be good enough to forward separate accounts, in duplicate, for the expenditure incurred for each school.

Your obedient servant,

Asst. Deputy and Secretary.

Sir,—

I beg to acknowledge the receipt of your letter of the 5th instant No 153328-5 in reference to the out buildings at the Garden River R, C, School and in reply would say that it is my intentionn to use all the old Timber that can possibly be used to advantage, I consider that there are about logs enough to build the new shed efz we may require some few pieces of Lumber for the roof, I would recommend having the Roof Shingled.
The estimate of $100,00 is just a rough estimate by myself and one of the Indians, before we go on with the work I will try and get an estimate from a practical mechanic,
Awaiting your further instructions,

Dear Sir:

With reference to the accounts sent you recently, we would appreciate it very much if you could arrange to have these paid with as little delay as possible, as we are very much in need of the money. We realise, of course, that through neglect in the office here, these bills were not rendered to you in the proper form at the times the goods were purchased, and it is only on my return from the service, that I find your accounts, with many others, has gotten beyond our usual care. However, we very much appreciate your business, and shall be glad if you can have the account vouchered with as little delay as possible.

Yours very truly,

Sir,-

I have to acknowledge the receipt of your letter of the 2nd instant, in which you request, on behalf of the teachers of the Indian day schools of your agency, that a grant to the amount mentioned by you be provided to purchase prizes for their Christmas entertainment.

In reply I beg to say that you may expend an amount not to exceed $10.00 in the purchase of suitable articles for each of the Roman Catholic and Anglican schools at Garden River, $7.50 for the school at Goulais Bay and $5.00 for the school at Batchewana.

You will be good enough to forward separate, itemized accounts, in duplicate, for the expenditure incurred for each of these schools, and quote this letter as your authority for the expenditure in each case.

Sir,-

Inspector Bennett, who recently visited the Garden River Roman Catholic Indian Day School, reports as follows,- "Porch floor and door need repairs. Stove in teacher's residence needs repairs, teacher's residence needs wood."

Kindly have the necessary repairs made as soon as possible, and you may also purchase sufficient wood to last until the warm weather comes. In making the purchase of the wood or of any material required for the above repairs you will be guided by the requirements of the War Purchasing Commission.

The inspector also states that the attendance is very unsatisfactory. Possibly this has to some extent been due to the weather but there is no reason why the attendance at present should not be improved and the Department will expect you to take steps to increase the attendance at this school.

EXTRACT FROM REPORT OF J. M. BENNETT, B. A.,
INSPECTOR OF SEPARATE SCHOOLS, 47 BROWNING AVE.,
TORONTO, ONT. Dated April 25, 1922.

Original on File #13-3-6.

Garden River Indian Day School:

1. Roof of school leaks a little in one place. There are no ladders to enable one to fix it.

2. Teachers report that the building is terribly cold in winter, due to lack of putty on windows, floor boards heaved up, roof leaking almost all around edges of eaves - painting urgent - new roof needed. In fact, a new house should be built as almost as much would be spent on repairs.

3. Teacher's residence is such that in case of fire it would be so inflammable that the church and nearby buildings would be burnt.

4. Teachers, I understand, will have to vacate the residence in June, as it is in such condition that it is no fit habitation.

The outstanding remark is this: - Somebody will have to provide a new teacher's residence for September. Can something be done immediately?

Sir, -

Mr. J. M. Bennett, the Separate School Inspector, reports regafding the Garden River Indian Day School as follows: -

"1. Roof of school leaks a little in one place. There are no ladders to enable one to fix it.

2. Teachers report that the building is terribly cold in winter, due to lack of putty on windows, floor boards heaved up, roof leaking almost all around edges of eaves - painting urgent - new roof needed. In fact, a new house should be built as almost as much would be spent on repairs.

3. Teachers' residence is such that in case of fire it would be so inflammable that the church and nearby buildings would be burnt.

4. Teachers, I understand, will have to vacate the residence in June, as it is in such condition that it is no fit habitation.

The outstanding remark is this: - Somebody will have to provide a new teacher's residence for September. Can something be done immediately?"

Regarding this report, I have to request that you will arrange to have the roof of the school building repaired, and you should furnish a report and estimate of the cost of the work that would be required to place the school building in good repair for next winter.

Regarding the teachers' residence, I have also to request that you will furnish a report as to the work that would be required to place this building in good repair, and make it comfortable for the teachers' use.

This information should be received as soon as possible in order that, if it is decided to undertake any repairs, the work could be carried on and completed during the coming summer holidays. In making your report as to the desirability of a new teachers' residence, you will take into consideration the remarks of the Inspector mentioned above, and state whether, in your opinion, the present building could not be repaired without any large expenditure.

We will expect an early reply giving full information regarding the school and teachers' residence, and the cost of having any repairs considered necessary carried out.

Sir,—

I beg to acknowledge the receipt of your letter of the 4th instant No 13-3-5 and have to say.

1st The roof of the School room does leak in one place, but it does not need a new Roof.
There are no ladders at this school, and we need one very much.

2,&3 those paragraphs of your letter must refer to the Teachers dwelling house, I quite agree with all that is said in reference to this building, IT CANNOT BE REPAIRED it would cost more to repair this building than it would take to build a nice cottage with 2 bed rooms a dining Room Parlor and small Kitchen, a one Storey house,

3, We need a Woodshed at this School and also to have the Closets removed and wood shed built where the closets now stand, We are loosing wood every year and have no way of checking the loss as it is only an open shed,

The cost of repairing the School roof would not cost over $5,00 for Shingles and Labor, I cannot estimate the cost of repairs to the Teachers dwelling as it is not worth spending any money on it, it is a menace to the Church and other buildings, all frame and as dry as tinder,

Should you decide to build a Teachers cottage and a woodshed I will get you prices as soon as I get plans of the buildings,
Awaiting your further instructions,

Sir:-

I have to acknowledge receipt of your letter of the 18th instant, with reference to the repairs required to the school and teacher's residence at the Garden River R. C. Indian Day School.

1. In connection with the repairs needed to the roof to prevent leakage, I beg to say that you should arrange to have this work done as soon as possible. It is noted that you estimate the cost to be about $5.00.

2. You may arrange to have a ladder made for this school, or, if you consider it cheaper, you may purchase one of the length needed.

3. Regarding the teacher's residence, I beg to say that we will have no funds this year to erect a new residence for the teachers at this school. If a few minor repairs could be carried out in order to make the building as comfortable as possible for another year, I will be pleased if you will state the nature of the work that would be needed. Only such repairs should be undertaken as are necessary to enable the teachers to reside there with a fair degree of comfort for another winter.

4. Regarding a wood shed and the removal of the closets, I will be pleased if you will furnish an estimate of the cost of building a wood shed large enough to provide storage for the fuel used, as well as a small compartment for other storage purposes. A small building with a sloping roof and rough boarded walls should serve the purpose. The doors should have proper padlocks or other means of being securely fastened. You will have an idea of the size that will be required to meet the demands.

I will be pleased if you will state approximately the amount that will be necessary to erect this wood shed and have the closets removed and placed in good condition on another site. I may say that we have no plans for a wood shed. Kindly furnish this estimate, also that for the minor repairs to the teacher's residence, as soon as possible so that, if it is decided to authorize the work, it can be done during the summer holidays.

Ottawa, August 11, 1922.

Sir:-

I have to acknowledge receipt of your letter of the 2nd instant, furnishing an estimate of the cost of building a wood shed, removing the closets and repairing the roof at the Garden River Indian Day School.

In reply I beg to say that you may arrange to have this work done, and the cost should not exceed the estimate submitted by you, viz.: $120 to have a wood shed erected, large enough to provide storage for the fuel used as well as containing a small compartment for other storage purposes. The doors should have proper padlocks or other means of being securely fastened. You will please see that the building is of sufficient size to meet the requirements.

In your letter of May 18th you state that the closets should be removed and the wood shed built where the closets now stand. Before the work of building the wood shed is commenced, you should arrange to have the closets removed to another site. The repairs required to the roof should also be attended to.

When this work is completed, you will be good enough to forward properly certified vouchers, in duplicate, covering the expenditure incurred. For the above amount, it is expected that the contractor will provide all the necessary material and you will be expected to see that the work is performed in a satisfactory manner.

You have not stated what minor repairs would be required to the teacher's residence in order that it can be used during the next school year. We have no funds available to erect a new residence this year.

Extract from Teacher's Annual Report on the Garden River R.C. School for the year ended March 31, 1923. - 160370-29F

The teachers have to burn green wood all winter, therefore, they consume more kindling and it is very hard to get the school heated. And in case of fire I think they should provide ladders that would lead to the chimney of the school. It is impossible to get anyone to clean the pipes of the school rooms or the house because they have not been paid for the last work they have done. Also other necessary work should be done around the school as the teacher cannot do it herself.

Ottawa, March 28th, 1923.

Sir: -

The senior teacher of the Garden River R.C. Indian Day School, in her annual report for the present fiscal year, states that it has been very hard to get the school rooms heated owing to the fact that green wood has been used all winter. She recommends that ladders that would lead to the chimney of the school should be supplied. She also states that it is impossible to get any one to clean the pipes of the school rooms or house because they have not been paid for the last work they did, and also that it is difficult to get any other necessary work done.

Regarding the wood, you should arrange to have the supply required for next winter delivered at the school, where it could be stored and dried, and would be ready for next winter's use. This matter should receive your attention, and a request should be made early in the summer for the necessary authority to purchase the quantity required.

You should state whether you consider that ladders are necessary, and if so, the cost of supplying the same.

If there are any amounts due for work performed in connection with this school, you should furnish properly certified vouchers, and, if satisfactory, payment will be made.

As it is difficult for the teachers to attend to the care-taking, I would be pleased to have your views as to whether you consider it would be advisable to appoint a janitor to do the care-taking and other necessary work around the school, and, if so, the amount of salary you would suggest be allowed for this service.

Your attention to the above matters will oblige,

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

IN YOUR REPLY REFER TO

ADDD
THE DEPT. OF INDIAN AFFAIRS

Sir,—

In reply to your letter of the 28th ultimo No. 13-3-5 In reference to the heating of the Roman Catholic School, I beg to say that heretofore we have had no complaints about the heating of this school. We have used more dry wood during the time Miss Toner has been teacher than we have in the last two years. She does not seem to want to use green wood, and it is impossible for me to get her dry wood now.

In regard to the cleaning of the pipes in the school room. I had Mike Larose clean the pipes and put on the storm windows and Miss Toner neglected to send his bill. This is the reason that he has not been paid.

In regard to the ladders, I would say that one ladder is necessary.

I will arrange during the summer to have wood cut and delivered for next winters use.

In regard the care taking of the school. Mrs. Mike Lesage was attending to that, but she could not get along with Miss Toner. She told me she would not work for a slave driver. If suitable to you I will get Mrs Lesage to again take up the care taking of the school and with the understanding that Miss Toner has nothing to do with her.

I have the honor to be Sir,
Your obedient servant,

A. D. McHall

Sir: -

I have to acknowledge the receipt of your letter of the 3rd instant, referring to the complaints made by the teacher regarding the quality of the wood supplied and the heating of the classrooms of the Garden River R. C. Indian Day School during the past winter.

In reply I beg to say that the furnishing of the wood - either dry or green - and the proper use of the same are matters that should be adjusted between yourself and the teachers. There should be no cause for complaint to the Department regarding this matter.

Regarding the caretaking, while it is expected that the caretaker will perform these duties to the satisfaction of the teachers, yet, the teachers themselves should use tact in their dealings with, and in any instructions given by them to the caretaker. Any disputes that arise should be settled without having to refer such matters to the Department.

If there is any amount due for the cleaning of the pipes of the school room, putting on storm windows, or for any other services, you should obtain the accounts from the teacher, attach them to proper voucher forms, which you should certify and send to the Department for payment.

You may purchase a ladder, which you state is required. Properly certified vouchers should be forwarded covering the expenditure incurred.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Extract from Inspector's Report on the GARDEN RIVER R. C. SCHOOL. May 3. 1923.

Teacher's residence needs a roof.

Windows also leak badly.

Every room in the house leaked.

The teachers claim that in spite of fires they were nearly frozen. They say they could not spend another such winter. The wood was green.

See Correspondence re weather etc.

School pipes and house pipes never cleaned last fall. House leaked terribly. Wood for winter supplied was green.

Sir:

The Separate School Inspector, in a report on his recent inspection of the Garden River R.C. Indian Day School, draws attention to the condition of the roof of the teachers' residence. He states that the roof leaked badly, and, as a result, water came through in every room in the house. He also states that there is leakage around the windows.

I have to request that you will furnish a report as to the repairs required to place this roof in good condition, and also to prevent leakage around the windows. This matter should receive your early attention, in order that, if it is decided to have any repairs made, they can be carried out during the coming summer holidays.

The Inspector further states that the stove pipes in the school and teachers' house require to be cleaned. You should, therefore, arrange to have these pipes taken down, thoroughly cleaned out and replaced.

You will be good enough to arrange during the summer to have the necessary supply of wood cut and delivered, in order that it can be dried and ready for next winter's use.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Ottawa, August 22nd, 1923.

Sir:

I have to refer again to the poor condition of the roof at the Garden River H. C. Indian Day School. The Superintendent of Indian Education reports that this building should be reshingled without delay. You are authorized to purchase the shingles necessary to cover the school house, and to engage competent Indian carpenters to do the work.

It is also reported that the fence in front of the school property is worthless, and should be removed. You may purchase sufficient fencing of the Page wire type and enough posts for 210' frontage. A small turnstile gate should be built immediately in front of the school house.

Mr. Ferrier also reports that certain doors require locks, and that there are some minor repairs to be made to the floors. You are authorized to spend $25 in this connection.

In the purchase of the shingles and fencing, you should secure competitive prices, and any labour that you engage should be, if possible, from among the members of the Indian Band.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

I am in receipt of your letter of the 21st instant, with which you forwarded paylist or statement of time occupied by the foreman and labourers engaged in shingling the Roman Catholic school building and erecting a fence, and in reply I re-inclose the paylist submitted, as it is necessary for you to certify thereto before payment can be considered. It is observed that charge is made at the rate of $5.00 a day for services of foreman, and at the rate of $4.00 a day for the services of each labourer. These charges are considered high. It is not usual for the Department to pay more than $2.00 or $3.00 a day for such work, and, therefore, an explanation in the matter is desired from you. You should state why you certified the paylist at the rates charged.

e following is a true copy of a Minute of a Meeting of the

Treasury Board, held on the 18th October, 1923.
The Deputy of
approved by His Excellency the Governor General in

Council, on the 19th October, 1923.

INDIAN AFFAIRS -

The Board had under consideration a memorandum from the Honourable the Superintendent General of Indian Affairs reporting that the residence in use by the teachers of the Indian Day School used by the Roman Catholic portion of the Garden River and Batchawana Indians and situated on the Garden River Indian reserve, in the district of Algoma in the province of Ontario, is inadequate and so dilapidated as to be beyond repair, and it is necessary to replace the same at a cost estimated at $2,000.00 for a suitable four-roomed cottage to accommodate the two teachers employed; that the capital at the credit of the Garden River and Batchawana bands amounts respectively to $97,822.88 and $87.117.51, and it is proposed to meet the cost of the new building from their funds in proportion to the number of children attending the school from the two bands, namely, $1,500.00 from the Garden River band and $500.00 from the Batchawana band.

The Superintendent General recommends that under Section 89 of the Indian Act, authority be given for the above mentioned expenditures of $1,500.00 and $500.00 being made from the Garden River and Batchawana capital accounts, respectively, on the construction of the teachers' residence referred to.

The Board concur in the above recommendation and submit the same for favourable consideration.

Clerk of the Privy Council.

The Superintendent General of Indian Affairs.

Ottawa, Nov. 5, 1923.

Sir:

I have to acknowledge receipt of your night letter of the first, your telegram of the 2nd and your letter of the first instant - all with reference to the proposed building activity in connection with the Garden River R. C. Indian Day School. I have to confirm official day letter of today's date, as follows: -

"Reference Garden River Roman Catholic Day School. It is considered false economy to move present school building and to erect separate teacher's residence. Arrangements will be made to prepare plans and let contract for combined school and residence early next spring. Full explanation in today's letter."

I have to inform you that the proposed building activity in the case of this school has been given serious consideration, and, in view of your recommendation, it has been decided that lot 185, of the new survey of the reserve, would be the most central site for the Roman Catholic pupils. As you were informed in the official telegram, it is not considered wise to move a 26-year-old building, at considerable cost, to a site on the main road. The Superintendent of Indian Education and the Separate School Inspector both report that the present school is not attractive from any standpoint. A new teacher's residence has to be erected in any case, and it is considered in the best interests of economy to arrange for a combined school and teacher's residence. Such a building would contain two classrooms on the ground floor with cloak-room for children. The teacher's residence would be up stairs and might consist of a combined kitchen and dining-room, two bedrooms with clothes closets, etc. A proper basement should be provided with furnace and perhaps a dry chemical closet for winter's use. The funds necessary, over and above the $2,000 which will be taken from the Garden River and Batchawana Capital Accounts, will be provided in the Appropriation for Indian Education.

The plans for such a building should be prepared by the Department and the contract awarded. I regret that this arrangement does not provide adequate residence facilities for the two teachers at the Garden River Indian Day School for the coming winter, and the Department will give favourable consideration to any recommendation you make with a view to ameliorating conditions for them.

You should make arrangements with the members of the Band to release lot 185 for school purposes. The resolution in this connection should be forwarded to the Department.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Memorandum:

Mr. Orr.

A two-roomed school and teachers' residence combined is required for the Garden River R. C. cause. Mr. Indian Agent Hemmes has been requested to have the timbers of the land release Lot 1 S of the new survey of the reserve for a site.

The building should provide two classrooms, which will accommodate a total of 60 pupils. The junior room with the smaller desks should accommodate 35 pupils and the senior room, 25. You will remember that we discussed the best type of building and agreed on the classrooms with children's cloakroom on the ground floor. The teachers' residence could be on the second floor and might consist of a combined kitchen and dining room and two bedrooms with clothes closets, etc. A proper basement with furnace and perhaps a dry chemical closet for the teachers' use in winter is needed. $2,000 is available from the Garden River and Batchawana Bands' Capital account and $3,000 will be provided in the appropriation.

PC. 13/2134

The need at this school is great and building operations should commence as soon as possible in the coming season.

Russell Hemmes.

Agreement made in duplicate the TE[illegible]
OCTOBER 1924. A. D.

BETWEEN His Majesty King George the Fifth, represented by the Superintendent General of Indian Affairs of Canada (hereinafter called the Superintendent General);

AND

Messrs. A. Brochin & [illegible]ney,

of Sault Ste Marie, Ont. (hereinafter called the Contractors).

The Contractors for themselves, their heirs, executors, administrators and assigns, agree to do in the most workmanlike manner all works and provide all the materials of the best kind shown in the drawings and described in the specifications marked "A" and "B" respectively and signed by the Contractors and to complete, furnish and hand over to the Superintendent General or to some person by him appointed for that purpose the,

and all other work and labour incidental to and necessary for the entire completion thereof, whether specified or shown in the drawings or specifications or not, by the 1st day of November A. D. 1924

AND in consideration of the above agreement on the part of the Contractors the Superintendent General hereby agree to pay the said Contractors the sum of Six Thousand five hundred forty-eight.....dollars, provided always that the Superintendent General may at any time during the progress or after the completion or alleged completion of the work appoint an Architect, Engineer or other officer, in which case the certificate of such Architect, Engineer or other officer, that the work is duly completed and of the amount, if any, due to the Contractors after making such allowances for penalties and for defective or incomplete work, or for extras and deviations as the Architect, Engineer or other officer shall think fair, shall be a condition precedent to any claim by the Contractors under this contract.

AND the Contractors for themselves their executors, administrators and assigns, further covenant and agree:—

1. That the wages to be paid in the execution of this contract shall be those generally accepted as current in each trade for competent workmen in the district where the work is carried on. If this condition is violated the Superintendent General may cancel the contract and refuse to accept any work done thereunder.

2. That if the Contractors fail at any time to pay any account for any goods or materials supplied, or money advanced by anyone to the said Contractors for the purposes of this agreement, or to pay the account of any sub-contractor for any work or materials done or supplied for the said works to be constructed under this agreement, and such

Dear Sir;-

Re Combined Day School & Teachers Residence.

Signed copy of contract recieved and note that the date of completion is filled in as Dec 1st 1924. In the form of tender we stated three months as the time of completion, from the acceptance of the tender, which was Sept 18th. Althe the school will be completed before Dec 13; it is not possible, consistent with good work to have it ready by Dec 1st.

All the outside work, with the exception of one coat of paint is complete, the second coat of plaster started this morning. The floors and inside painting are the only things that will not be complete the first week in Dec. Trusting that we will recieve a favorable reply, we are;

Sir:

I have to request that you will inform the Department whether it will be necessary to supply any new desks for the use of the classrooms in the new R.C. Indian day school which is in the course of erection at Garden River. No doubt a number of the desks at present in use in the old building could be transferred. If any new desks are required, you should state the name of the manufacturer of the desks at present in use in order that if a further number is required desks of a similar type can be ordered. It will be necessary to give the sizes of any desks required, and I may say for your information that desks are manufactured in the following sizes, viz: -

Size No.	6	-	Pupils	5 to 8	years,
"	5	-	"	8 to 12	"
"	4	-	"	10 to 15	"
"	3	-	"	12 to 16	"
"	2	-	"	16 to 18	"

You should consult the teacher in this matter and prepare a list giving the sizes of the desks and the number of each size required. I may say we prefer that the single type of desk be used. Please give as full information as possible regarding any school desks that may be required.

You should also state whether it will be necessary to supply teachers' desks and chairs, or if the ones at present in use will be satisfactory.

It may also be necessary to supply some new articles for the teachers' living quarters. A list of the equipment required should be furnished. Any articles of furniture that are serviceable in the present residence should be utilised in the teachers' living quarters in the new building, and it is hoped that it will not be necessary to furnish any further large supply.

You should consult the teacher regarding the desks required and any new furnishings for the living quarters, and prepare a list which you should forward to the Department at an early date. Full shipping directions as to where any supplies should be sent by rail should be given.

Sir;

In reply to your letter of Nov 19th No13-3-5 in reference to work required at the new R, C, School at Garden River i beg to say that I cannot give any close estimate of the cost as I do not know what kind of Closets you would want there. We should have at least one Acre if not more cleared of underbrush and make it fit for a play ground, it is my intenti to leave some of the Pine trees standing for Shade trees.
I cannot give an estimate of the Well required as I cannot te tell how deep we would have to go.

As to the closets I interviewe Dr Mc Caig and he asked me to suggest that you put in what is MAX called a Kaustine system he informs me that they have it in one of the Schools here and it is satisfactory.
I would suggest that your Architect draw up plans of the work req required and let it by tender.

We have a nice building and I would like to see the surroundings correspond to the building.

This should be submitted to the Department without delay and instructions will be given you if it is to be added as an extra to the contract. The Department is not prepared to put in the Kaustine system.

You may make the most economical arrangements for the boring of a suitable well by a responsible man. When it is completed, indicate what type of pump is required. Would it be possible to use the pump from the well at the old site in this connection?

With reference to a drain from the basement, please report fully concerning the advisability and secure an estimate of the cost.

You are authorised to arrange for the clearing of one acre, suitable for playground. Engage Indians on a day labour basis. You should give supervision to the work, so that the expense will be as low as possible.

The Department will arrange for the purchase and delivery of two suitable box stoves for the classrooms. You may purchase, after securing competitive prices if possible, a suitable small cook stove for the teacher's residence.

Ottawa, December 9, 1924.

Sir:

I have your letter of the 6th instand, with reference to outbuildings at the Garden River R. C. Indian Day School. The Department considers the price of $76 per closet is excessive and that a woodshed 16' x 24' is larger than is necessary. There is being directed to you, under separate cover, plans of a woodshed and closets which, it is considered, would be suitable for this school. Please have the contractors submit a price for the woodshed and for the three closets. The teacher's closet could be attached to the woodshed. This price should be submitted to the Department by telegram.

You are authorised to arrange for the installation of a drain from the basement. Your estimate of $17.50 should not be exceeded. If the contractors are to do this work, it should be added as an extra to their contract.

I have to refer you to the last paragraph of my letter of this file number of the first instant. It has been decided to allow you to purchase, after securing competitive prices, two cast iron box stoves for wood and have them installed in the two classrooms. The stoves should have flat tops and should be approximately 36" in length. This authority is in addition to the instructions concerning a suitable small cook stove for the teacher's residence.

Sir;

Inclosed please find a list of articles Etc required for the New Garden River R, C, School.
The Desks in use at present are nearly all broken we can pick out about 1 row along the side for the double Desks, and put the new single desks along the centre.

The Cook stove that the IE we have will do as it is a very good stove, one of the Class Room stoves is all right for one room, the Box stove in Miss Bush's Room is too small to heat the new room.

The Teaxhers Desks will do we should arrange to give them a coat of Varnish, They require a a Chair apiece in the School Rooms they are using a common Kitche chair now.

The bedding is all O, K, and so are the most of the dishes.

We require a number of Blinds there is 16 Windows 35'x60' inside the Casing. we also require Curtains for 4 windows and 2 D doors.

For the living room I have requested ordered 1 Lounge I did not say they would get it but I would suggest getting them a cheap one. I do not think there is anything on this Order but what is really necessary.

We have two good Teachers at this School and I would like to see them comfortable and contented as goodTeachers are no too plentiful.

Sir;

I beg to say that I wired you this morning as f follows.

School Contractors through today what about Closets. I was notified this morning that Hane & Brecken was finishing up today and they wanted to know about building the Closets they also notified me that I should keep a fire in the building I have no Stove unless I bring on fro m the School rooms at present in use.

I have not been able to get a man to drive the Wel for me yet . I am going down today and try and get some person to either dig or drive a well.

I will try and keep the Stove the contractors are using untill I get word from you.
I will have to hire a Team to draw the Wood we have at the old School building up to the new bui,ding and also have some person keep a fire going until I can move the Teachers up . I sent you a list of things wanted before I move the Teachers, as soon as I get instructions to purchase those necessary articles I will have them moved up and in the Holidays will move the School material, they can walk from the new School for a few days until the Holidays commence.

Hoping you will give me all instructions necessary to get settled before the School opens in January.

Sir:

I have to acknowledge receipt of your night letter of the 11th instant, with reference to outbuildings at the Garden River R. C. Indian Day School. I wish to confirm my answering night letter of yesterday's date, as follows:

> "Department considers price for outbuildings Garden River School excessive. Secure prices from other contractors and submit to the Department for consideration. Do not purchase stoves until you receive my letter."

I have also your letter of the 8th instant, with reference to the equipment that is needed at the new building. I have noted that the present cook stove and one classroom stove are suitable for the new building and I wish to change the authority in the last paragraph of official letter of the 9th instant. You may purchase, after securing competitive prices, one cast iron box stove, for wood, and have it installed in one of the classrooms. The stove should have a flat top and should be approximately 36" in length.

You may arrange for the purchase and installation of 16 window blinds. Please secure competitive prices for this equipment, installed; and when you are submitting a properly certified account, in duplicate, in favour of the firm given the business, support it with a memo showing the firms asked to quote and the prices quoted. You may also purchase a dozen bars Comfort soap for the use of the children.

The Department will purchase the desks and teacher's chairs that are listed in your letter and you will be advised when the order is placed. Please telegraph, early Monday morning, the railway station to which these desks and chairs should be shipped by freight. I note that the present teacher's desks are satisfactory.

I have also your letter of the 10th instant and I have to authorize you to make arrangements to keep a fire going in the new building, until such time as the teachers move in. You are also authorized to arrange for the cartage of the wood and other equipment that is being taken from the old school and residence.

A separate communication is being addressed to you with reference to the furnishing of the teacher's residence.

Your obedient servant,

J. D. McLean,

I am inclosing letter received from the contractors.
I am sending the two Stoves today also getting points and pipes for Well and having it drove tomorrow.
If we had one closet finished right away I would move the Teachers at once and save the expense of having a man look after the Fires. We cannot let the building go without fire until the plaster gets perfectly dry.

I am overstepping my authority in the buying of Stove Pipes and Stove Boards and material for the well but the material is necessary and I am economising as much as possible. I do not think we gould get any other Contractor to go down to Garden River now to do this work.

Sir:

I have your letter of the 16th instant, enclosing the tenders which you received for the erection of the out-houses in connection with the new building at the Garden River R. C. Indian Day School. In this connection I have to confirm our night letter to you of the 16th instant, as follows: -

> "Instruct Alex. Scott to erect outbuildings at Garden River School. Submit vouchers in his favour when work is complete and inspected. The expense not to exceed his offer as mentioned your night letter yesterday's date."

It is noted that Alex. Scott agrees to do the work of erecting the woodshed and two closets and giving these buildings two coats of paint, for the sum of $413. When the work has been completed to your satisfaction, you should forward a properly certified voucher, in duplicate, covering the cost.

We note by your letter of the 15th instant that you had purchased two box stoves and had them sent to the school, but that you subsequently arranged to have one of them returned. This is in accordance with the instructions contained in our letter of the 13th instant, authorising you to purchase one cast iron box stove. I may say that prices are being obtained for the desks and it is hoped to have them at Garden River by the end of the present month.

Gentlemen:

Your quotation of the 17th instant for the desks and teachers' chairs required for delivery at Garden River Station is accepted at the price quoted, viz. $309.10 F.O.B. above named station, Government sales tax included. Please ship as soon as possible addressed to A. D. McNabb, Esq., Indian Agent, Garden River Station, Soo Branch, C.P.R., the following school desks and teachers' chairs, viz: -

9 No. 6 New Globe Automatic Single Desks,
9 No. 5 " " " " " ,
12 No. 4 " " " " " ,
12 No. 3 " " " " " ,
2 Teachers' Arm Chairs, No. 1563.

The school desks should be shipped in a knocked down condition - one desk set up as a sample. Ink wells are to be supplied with each of the three larger size desks.

When shipment has been made, please forward your account, in duplicate, to Mr. McNabb, whose post office address is Sault Ste. Marie, Ont. He is being informed that the order for the above desks is being placed with you, and requested, upon receipt of same, if in good condition, to certify the account and send it to the Department when payment will be made.

As these desks are required to complete seating equipment at a new school which is being opened on or about January 5th, next, I shall be pleased if you will ship same at the earliest possible date. Kindly acknowledge receipt of this order and state date when shipment will go forward.

Yours very truly,

EXTRACT FROM INSPECTOR'S REPORT ON THE GARDEN RIVER R. C.

INDIAN DAY SCHOOL, JANUARY 20, 1925.

New main building, 2 classrooms, 2 bedrooms, living room, kitchen and cellar appear well built.

A.- The contractor should not be fully paid until all is satisfactory. Rain entered through walls of one cloakroom and one classroom from the ceiling. It also entered over inside door of kitchen from the top and a few other places. The valley on the roof alongside the bedroom could not have been properly flashed with tin. This should be looked into before the plaster is destroyed.

B.- For some reason or other the beautiful white walls, here and there, even of the ceiling, have been splashed with varnish. (see below)

C.- The old teacher's desk and old school desks are still being used. They will do. However, they should be varnished. Summer time would be the best time so that a good job of them would be made.

D.- The doors should be weather stripped. They need it. Metal after all is best.

(2)- The two toilets and woodshed are up. The woodshed is certainly small. It is only 12 x 10. Rather small. Toilets should be screened as they are facing the road.

(3)- Playgrounds should be arranged for.

(4)- The seats in the junior room, just furnished, are too small altogether. The same is true of new seats in Senior room. I suggest that new singles in senior room be put in junior room and junior seats be transferred and sold to some schoolboard for five-year-old children.

(5) - The storm windows freeze up easily and when melting point comes there is a whole ledge full of water that cannot get o out between the windows. It soaks through and comes under the sill into the room.

The points noted in this report are as I saw them. Weather being severe may be the cause of A. & 5. It may not be the contractor's fault.

A small table and cupboard or kitchen cabinet is necessary since there is no pantry or shelving space.

Wash stand needed. A classroom cupboard or bookcase is needed.

Ottawa, February 2, 1925.

Sir:

The Separate School Inspector, in a report on his recent inspection of the Garden River R. C. Indian Day School, states regarding the new school building and teachers' residence that rain entered through the walls of one cloakroom and one classroom from the ceiling and that it also entered over the inside door of the kitchen from the top and a few other places. He also states that the valley on the roof alongside the bedroom could not have been properly flashed with tin, and that these matters should be attended to before the plaster is destroyed. The Inspector further states that for some reason or other the walls and even the ceiling have been splashed in places with varnish. He also states that the storm windows freeze up easily and, when melting point comes, there is a whole ledge full of water that cannot get out between the windows and that it soaks through and comes under the sill into the [redacted]

You should take the above matters referred to by the Inspector up with the contractors, and they should see that the roof is put in a first class condition and the other matters should also be attended to. The Department will rely on you to see that this is done.

The Inspector requests that the old desk of the teacher and the old school desks which are still in use should be varnished and recommends that this work be done during the summer holidays, next. You should bear this matter in mind and arrange to have the desks varnished.

Regarding the toilets, the Inspector recommends that, as they are facing the road, screened approaches should be provided. Please furnish a report regarding this matter and state the approximate cost of the material and labour required in having same erected.

Early in the spring you should draw attention to any levelling of the grounds or clearing required, to provide suitable playgrounds for the children. In making your report regarding this matter, you should state the amount of work that would be required and the approximate cost, also the size of the playgrounds you would recommend be put in condition.

The Inspector has drawn attention to the desks, he states the seats in the junior room are too small and that the same is true of the new seats in the senior room. He suggested that the new single desks in the senior room be put in the junior room and that the new seats in the junior room be sold or transferred and larger

seats provided. I may say with reference to the new seats which were provided that they were the sizes as selected by the teacher and yourself.

The Inspector recommends that a small table and cupboard are necessary in the teachers' living quarters, as there is no pantry or shelving space. He also states that a washstand is needed, as well as a bookcase or cupboard for the classroom. If you consider these articles are necessary, you may arrange for the purchase of same, competitive prices, if possible, being obtained, and no unnecessary expense should be incurred. If you make any of these purchases, you should forward properly certified vouchers, in duplicate, covering the cost.

The Department will expect to hear from you regarding the various matters referred to by the Inspector, and you should also report as to any action you have taken to comply with the suggestions made.

IN YOUR REPLY REFER TO
No. ...
...
TO DATE OF THIS LETTER

...Sault Ste Marie, Ont., February 5th 19 25

Sir,—

I beg to acknowledge the receipt of your letter of the 2nd Instant No 13-3-5 in reference to the Garden River new R, C, School and in reply have to say, that I had an interview with Mr Breckem one of the Contractors and he informs me that the reason for the leakage in the building is that the Ice forms on the Naves and backs up the water under the Shingles and causes it to run down the Walls he says if the Ice was kept away from the eaves it would not leak.

He also claims that all valleys are flashed with 26 guage Iron the plan calls for 28 guage.

The reason of the Storm windows frosting is that the walls are damp from the lateness of the plastering although there has been fires kept going continually the Walls have not got properly dried but after this season that complaint will be eliminated, now the water runs down between the Storm & inside windows and causes the dampness there.
Mr Brecken informs me that as soon as the Snow is gone he will go down with me and rectify any defects in either the material or workmanship.

He also infoms me that he will have the painter fix up the Varnish stains on the walls.

In reference to varnishing the Teachers Desk and the old School seats I had in mind doing that in the Summer vacation also putting Screens in front of the Closets. Just at present it is utterly impossible to get a man at Garden to do any work as they are all away in the woods and it would cost too much to take a man from there, if the Inspector will give us time we will have all the work required done early in the spring.
I have the same to say about the small table I can get one made at Garden for one half what it would cost to buy one from the Furniture dealers, I have the cupboard for their dishes on order from the T, E, Simpson Co Ltd. I can also get the Book case made at the Garden for far less than I can buy it ready made. The Washstand is also ordered and I understand on the way this was apart of the Order given the Simpson Co for the furniture already delivered, they did not have the washstand in stock and ordered it to be sent to Garden River direct from Factory same as cupboard for dishes.

In reference to the Desks I went by the sizes mentioned in your letter of Nov 29th No 13-3-5 giving the sizes for certain ages, I would suggest that we leave the desks as they are for the present.

On account of the heavy expenditure incurred in connection with the new School I am trying to keep the expenses as low as I can.

In reference to the playground when the spring opens up I will have a proposition to lay before the Council to have the present road passing in front of the School building closed and open another road about one hundred and fifty feet to the east of the School this will be for safety for the Children. this will not cost much as it is only a few rods of a new road to build, however I will take this matter up later on.
Hoping this explanation is satisfactory.

I have the honor to be Sir,
Your obedient Servant

Ottawa, February 10, 1925.

Sir:

I have your letter of the 5th instant, regarding the new R. C. Indian day school building at Garden River.

In reply I beg to say it is noted that you have taken up with the contractor the matter of the leakage in the roof. It is also noted that this is caused by the ice which forms on the eaves and backs up the water under the shingles. The janitor should be instructed to see that the snow and ice on the roof is cleared off at frequent intervals. It is further noted that the complaint regarding the water between the storm and inside windows will be eliminated when the walls have properly dried, also that the contractor will rectify any defects in either material or workmanship. It is also noted that the contractor will arrange to have the painter remove the varnish stains on the walls.

Regarding the desks, it will not be necessary to make any alterations in the seating arrangements at the present time. You should arrange, however, early next summer to have the teacher's desk and any old school seats varnished.

It is noted that the furnishings have been ordered and that you will arrange to have a table and bookcase made locally. You should attend to this matter as soon as possible and have the table and bookcase made and placed in the school at an early date. No unnecessary expense should be incurred, and you should forward properly certified vouchers, in duplicate, covering the cost. Vouchers covering the cost of all furnishings should also be forwarded.

We note that you will take up the matter of providing playgrounds early in the spring. You should also bear in mind the question of having proper screens erected in front of the closets.

I have to request that you will see that the contractor leaves the building in good condition and that all work is completed to your satisfaction.

Dear Sir;-
Re Garden River School and Teachers Residence.

As your are aware we completed this schoolon the 14th of Dec 1924 according to the plans and specifications supplied by the department,and have fulfilled all the requirments of the contract which was signed by the Dept' and ourselves. This contract called for thepayment of 90% as the work progressed and the balance in 30days after completion,which would have been Jan 14th.

In regard to the letter of the Inspector in regard to water coming through in several places,and attributed to the rain,I duscussed this matter with you at the time,and as there had been no rain from the completion of the school till the date of his visit,it could not have been rain,therefore it must have been the ice forming along the eve causing the water to back up under the shingles,which is as you are aware a common occurrence with 90% of the shingle roofes in this part of the country,where there is so much snow.Re the flashing the valleys and sides of the roof are flashed with 26 guage iron which is heavier than called for in the specifications. In regard to the several spots of varnish we beg to advise that we have had the rooms effected given a coat of Kabastine.further in regard to rain coming through I have visited the school on two seperate occasions during aprolonged rain and beg to advise that the roof does not leak.

As it is now nearly five months since we should have recieved the final payment we respectfully request that you take the matter up with the Superintendent General of Indian affairs,with aview of having a check covering the amount due in a short time.

Yours very truly

Sir,-

Replying to your letter of the 24th ultimo with reference to the new school house at Garden River, I beg to say that I do not think that replastering the interior foundation with cement would overcome the difficulty of water soaking into the basement. The only way to effectively keep the basement dry would be to install on the outside at the bottom of the foundation wall all the way around the building a four inch field tile drain, same to be connected to the drain leaving the buildings. The top of the field tile drain, up to the level of the ground, to be filled in with coarse gravel, and the drain leaving the basement should be deep enough to carry away any water that will collect.

It will be impossible, of course, to do anything with this until the spring, but I would ask you to please keep it in mind, and when weather conditions will permit obtain and submit to the Department a price for the field tile drain above mentioned.

Your obedient servant,

J. D. McLean.

School buildings in good condition, no complaint except on cellar which has contained about six inches of water since last fall without freezing. It rendered the cellar useless.

I mentioned it before sir., the walls need a tar coating outside and tile at the foundation outside and in, these to lead away to a creek close by.

No "well" yet. Carried from store ½ mile away for drinking, washing, cooking etc.

Sir:

Mr. Inspector Bennett, in a report on his recent inspection of the Garden River R. C. Indian Day School, has drawn attention to the drainage of the cellar in the building. He states that this cellar has contained about 6" of water since last fall.

In this connection I would refer you to official letter of December 7th, last, in which you were requested to obtain and submit a price for the installing of a field tile drain on the outside at the bottom of the foundation wall all the way around the building, the same to be connected to the drain leaving the building. You should furnish this information as soon as weather conditions permit of a thorough examination and the preparation of an estimate of the cost.

The Inspector further states that a well is required, as it is necessary to have the water carried a distance of a quarter of a mile. Please furnish a report, together with a recommendation, as to whether you would advise that a well be drilled near the school, and, if so, you should state how you would propose having the work done and the approximate cost of same.

MEMORANDUM

DR. SCOTT.

Approved Dec 20

Mr. Agent McNabb, Sault Ste. Marie, reported in December, last, that trouble was occasioned by the seepage of water into the cellar of the new Roman Catholic school (Garden River) building which was erected last summer, it being necessary to bale out the water on several occasions.

Mr. Orr states that the only way to effectively keep the basement dry would be to install on the outside at the bottom of the foundation wall all the way around the building a 4" field tile drain, same to be connected to the drain leaving the building.

Prices have been obtained by Mr. McNabb to have this work done. The lowest tender received by him for the excavating, supplying tile and relaying the drain to a ravine some 500' from the school was the sum of $493.40.

It will be necessary, in order to preserve the foundation of this building, that proper drainage facilities be provided. I shall be pleased to have your authority to instruct the Agent to arrange with the lowest tenderer to carry out this work. The Band Funds will not stand the expense, and it will be necessary to provide the same from our appropriation for Indian education.

I have your letter of the 2nd instant, enclosing the quotations which you received for the excavating and putting in of a tile drain for the purpose of carrying away the water from the basement of the Garden River R. C. Indian Day School.

In reply I beg to say that you may arrange with John M. Nicolson, Sault Ste. Marie, to excavate and lay a 4" tile drain at the proper depth all around the outside walls of the school at a satisfactory level to connect with a 4" tile drain to be carried into a ravine 500' from the school building. This drain should connect with basement catchbasin and should have ample fall to carry away all water from school building. Mr. Nicolson should complete this work to your entire satisfaction for the sum quoted by him of $493.40, including all labour and material. The Department will expect you to visit this school during the course of this work and see that it is being carried out satisfactorily. It is hoped that when this work has been finished there will be no further trouble as to the drainage at this school. The work should be undertaken and completed at the earliest possible date.

When the work has been completed, you should forward a voucher, in duplicate, properly certified, covering the cost.

Sir,—

I beg to acknowledge the receipt of your letter of Sept 21st File 13-3-5 in reference to getting a well at Garden River R. C. School and in reply have to say that I got a man to go down with me today and he claims that he located the proper place to dig or drive for water. About a Year ago we expended quite a sum of money driving for water but had no success, This man claims he can locate water with a crooked stick, and the two Teachers and myself saw the stick turn in h his hand and he said to dig there and we would get water. I cannot get any person to give me an estimate of the cost of digging or driving a well. but the Batchewana Chief Mr Nolan will do the work for 40¢ per hour and Board himself.

If we drive I will have to buy Pipe and a Point to drive. If we dig I will require some planking for cribbing as the digging will be through sand and the sides will have to be crib cribbed.

I would recommend buying pipes and driving. we will also have to have a pump.

Just as soon as I have your instructions in this matter I will get at it at once .

Sir:

I have your letter of the 4th instant, relative to the digging of a well for the use of the Garden River R. C. Indian Day School.

In this connection it is noted that you have had a man locate a probable supply of water. We are not prepared to buy pipe and a point to drill a well or to pay for the Indian labour for this purpose. It is thought that you should be able to obtain in Sault Ste. Marie or in the neighbourhood a man with a well drilling outfit who would proceed to Garden River and drill a well at a reasonable cost.

I have, therefore, to request that you will give this matter further consideration and endeavour to obtain the services of someone with a well drilling outfit who would do the work. If the man secured by you can furnish an estimate of the cost per foot for drilling the well, you should state the cost of same. Please also state the distance the site selected for the drilling of the well is from the school building.

Sir,-

I am taking the liberty of writing you in connection with the R.C.School at Garden River, in looking it over recently I find several matters that need attention.

First. There is no proper place to get good water. Mr Bosseineau and Mr Lesage two dependable men advise digging a well 10 or 12 ft deep. They are sure good water will be secured at that depth, Mr Bosseineau has a well only 10 ft deep and gets splendid water. Digging and lining and proper covering would not cost over $30.00. I would recommend this as something must be done to get a better water supply.

Second. The roof of the School must be attended to, the plaster inside is already damaged from the water coming through, The ice forms on the lower part of the roof and the water backs up under the shingles. I would recommend galvanized iron be laid on the lower part of the roof extending from the eves up 4 or 5 ft around the entire building.
This has been done on some of the large buildings in the City and has proved very satisfactory.

Third. The inside walls of the School are very dirty, and the damage done from the water has left them in bad shape,. I would recommend all walls be sized and painted two coats, then heavy burlap put around the lower part of the rooms,as plaster is getting broken.

Fourth. The Teachers have asked for two ceiling registers to be put in, as their sleeping quarters are very cold in winter, also two screen doors and several screen windows are badly needed. If these repairs are made it will put the building in splendid shape.

I have the honor to be

I have your letter of the 4th instant, relative to the water supply and repairs required to the Garden River R. C. Indian Day School.

With reference to the water supply, I have to say the Department will approve of having a well dug at a suitable location near the school. It is noted you are of the opinion that good water can be secured at a depth of approximately 12 ft. and that the digging, lining and covering of the well would not cost over $30. You may arrange to have this well dug and a proper covering placed over same. No unnecessary expense should be incurred and, if possible, the cost should be kept down to the estimate mentioned by you.

Regarding the repairs to the roof, the renovating of the interior of the school and installing two ceiling registers, I shall be pleased if you will furnish an estimate of the cost of having galvanized iron laid on the lower part of the roof extending from the eaves up 4 or 5 ft. around the entire building; also the cost of having the interior walls sized and given two coats of paint and having burlap put around the lower part of the rooms. Please state, also, the cost of installing the two ceiling registers. In furnishing this estimate, you should state the cost of the materials and the labour, separately. When we have this information, consideration will be given to authorizing having the work done.

You may purchase and have installed two screen doors and several screens for the windows and forward a voucher, in duplicate, properly certified, covering the cost.

I shall be pleased to have your early reply, giving the information requested concerning the amount of the repairs mentioned above, so that, if it is decided to have this work done, it can be carried out during the coming summer holidays.

Sir,-

Inclosed please find Estimates for repairing R.C.School Garden River.

In reference to Flockhart Bros estimate for repairing roof, I may say they are the only people in the City doing this class of work, that I could recommend . The enclosed letter explains fully the way the metal is put on Etc.

My estimate submitted for re-decorating inside of School is for a first-class job, and would put the building in good shape.

I am glad to report that the well at School has been completed, and good water secured at a depth of 10 ft the cost not exceeding my estimate $30.00.

Sir:

I have your letter of June 21st, last, which I regret was inadvertently overlooked, enclosing an estimate of the cost of repairing the roof and redecorating the interior of the Garden River R. C. Indian Day School.

In reply I beg to say that the quotation which you submitted from Flockhart Bros. for installing galvanized iron on the edge of the roof, extending from the eaves up four or five feet around the entire building, for the sum of $193.00 is satisfactory. You may arrange with this firm to install this metal on the roof as stated in their quotation to you of the 17th ultimo. I am enclosing herewith their letter, which will serve as a guide in having this work done. Please arrange to have this firm complete the repairs to the roof before the end of August, next, when the school reopens after the summer holidays. You should see that a first class job is executed. It is understood that the above quotation includes supplying of all material and labour. You should forward a duplicate, properly certified, covering the amount due work.

hat there are no funds available this present ost of redecorating the interior of this ing the two floor registers, and this work er until next summer.

the quotation of Flockhart Bros. attached the amount due them in payment for the work.

Dear Sir

Referring to Instal on the edge of roof for the Garden River School House to prevent the water leaking in caused by the ice forming on the eaves and backing up going underneath the Shingles The only remedy that we have found is to Instal on the Instal all around and of Sufficient width as on the roof

It will take 232 Lineal ft of Instal 36" wide to go around it and also 232 Lineal ft - - 12" wide that has been is to Instal a Hooper Joint and goes up under the present Shingles all the existing Shingles to be kept on

The Instal to be 26 Gauge Galvanized Iron and come in 8 ft lengths The lower edge of Sheet to be formed so that it will hook on the Shingles at the edge and the upper edge to be folded so as to allow the 12" Piece to Lock into it

The vertical Joints also to be folded so that each Sheet will be Locked together all Soaking will be done under

EXTRACT FROM REPORT OF MR. INSPECTOR BENNETT, dated September 30th, 1927, on his inspection of the Garden River R.C. Indian Day School.

Original on File 13-3-6.

"1. Cupboard needed for Jr. Room. Nothing there now.

2. New well is absolutely no good. The water coming from it smells and is tainted and cannot be used.

3. Walls of Jr. classroom need burlap as a protection from the children. That much of the wall is quite marked up."

EXD.

Ottawa, October 5, 1927.

Sir:

The Separate School Inspector, in a report on his recent inspection of the Garden River R. C. Indian Day School, states that a cupboard is needed for the junior classroom. It is thought that you might be able to arrange to have an inexpensive cupboard, with lock and key, built locally, which would serve the purpose. Please ascertain from a local carpenter the cost of building a suitable cupboard of an inexpensive type and inform the Department.

The Inspector further states that the new well is unsatisfactory and that the water obtained from it smells and is tainted and cannot be used. I shall be pleased to have a report from you regarding this matter. You should state what steps you would recommend be taken to remedy the conditions as mentioned by the Inspector.

The Inspector also states that the walls of the junior classroom should be burlaped. He states the walls are marked up. Please state the approximate cost of having burlap placed around the walls of this classroom.

The Department will be pleased to have a report from you regarding the above matters at an early date.

October 12th 1927.

Sir,-

I have your letter of October 8th inst No. 13-3-b re water supply at R.C.School Garden River. In reply, I beg to say, that I would recommend that a pipe be driven the present well a sufficient depth to get away from the surface water. Of course there is the possibility that we may not be successful in getting water, but it is worth trying, the school certainly must be supplied with good water. Owing to the uncertainty of the proposition, I am unable to give an estimate as to the approximate cost, but I should say that the labour and material would not exceed $40.00

Also re burlap for the walls of the Junior Class Room. I beg to submit, what I consider a very reasonable figure for the job. The measurement around the wall is 33 yards, and the price put on, and one coat of paint is $1.10 per yd. I would strongly recommend that the two Class Rooms be done and also the two wash rooms, as the walls are very dirty. The entire measurement for all is 96 yds, and at $1.10 per yd complete would be $105.60.

Also a bookcase for the above school, I can have a very suitable one built, stained and varnished to match woodwork in school for the sum of $34.00.

I have the honor to be Sir,
Your obedient servant.

I have your letter of the 12th instant, relative to the well at the Garden River R. C. Indian Day School, also the burlapping of the walls and the providing of a [redacted].

With reference to the well, it is noted you recommend that a pipe be driven down the present well a sufficient depth to get away from the surface water and that you consider this would be the best arrangement to make. If you are satisfied that this would overcome the difficulty in the water supply for this school, you may arrange to have the pipe installed. If possible, the cost of the labour and material should be kept within your estimate of approximately $40.00.

Relative to the burlap required for the walls, I have to say that the Department will approve of having this burlap put on the walls of both classrooms and the two washrooms. It is noted that the cost will be approximately $105.60. If possible, this work should be carried out without unnecessarily interfering with the classroom routine.

You may arrange to have a suitable bookcase built, have it stained and varnished to match the woodwork in the school and supplied with lock and key. The cost should not exceed your estimate of approximately $34.00.

Please attend to the work in connection with the well before the cold weather sets in and the other work can be carried out when considered most advantageous. When all is completed, you should forward properly certified vouchers, in duplicate, covering the expenditure incurred.

Sir:

The Separate School Inspector, in a report on his recent inspection of the Garden River R. C. Indian Day School, states that the building should be painted, otherwise it will deteriorate very much. He also states that the woodshed is entirely too small and should be made larger.

I shall be pleased to have a report from you regarding the painting of this building, stating whether you would recommend that the work be carried out. If you recommend that the painting be undertaken, please give an estimate of the cost of the material and labour, and state definitely the amount of painting that should be done, also how you would propose the work should be undertaken. You should also report regarding the woodshed, giving an estimate of the cost of any addition that you would recommend be made.

Sir,-

Replying to your letter of June 13th ult No. 13-3-5 re repairs to R.C.School Garden River,I beg to submit estimated cost of painting the building inside and out.

Painting outside of building one coat of paint $148.00. Inside of building,sising and painting two coats. Living room,kitchen,washrooms,classrooms,and surlap around kitchen. $148.00.

14' 148 10 3 03

Extension of woodshed 30ft long by 12 ft wide in keeping with the present shed(painting included) $210.00.

I beg to recommend that this work be done, the school building will then be in first-class shape. I might also add that the shed is very necessary,as most of the wood remains outside during the winter and has to be dug out of the snow. I may say that I can get the work done for the above prices but if the Department wishes me to call for tenders I will do so.

I have the honor to be Sir,
Your obedient servant.

Sir:

I have your recent letter, undated, relative to the painting of the Garden River R. C. Indian Day School building and the erecting of an extension to the woodshed, also giving an estimate of the cost.

In reply I have to say that the Department will approve of having the painting carried out during the present summer holidays. You should arrange for the purchase of the paint, oils and other material required, obtaining competitive prices and making the purchase from the firm quoting the lowest. Please see that a good grade of paint, etc., is procured and arrange for the labour in having the work performed, under the direction of a competent painter. You should keep proper time sheets of the labour employed. A supply of forms for this purpose is enclosed. The outside of the building should be given one coat of paint and the inside, including living room, kitchen, wash rooms and classrooms, given the necessary sizing and two coats of paint. Burlap may be placed around the kitchen. You should select the colours of the paint to be used.

10 forms sent

The cost of this work should be kept within your estimate, viz., $145 for the outside painting and $148 for the inside. Should you require an advance to pay labour, same will be sent you upon request, stating the amount required.

Regarding the extension to the woodshed, would it require to be extended the length mentioned by you, viz., 30 ft.? The Department does not desire to expend any large amount in the extension of this shed. I shall be pleased if you will submit another estimate of the cost of an extension, which should not exceed the length absolutely necessary. When we have further information from you in this connection, consideration will be given to authorising the building of the extension. Please give this matter your prompt attention and reply as soon as possible.

A. F. MacKenzie,

Sir:

I have your letter of the 12th instant, with further reference to the building of an addition to the woodshed at the Garden River R. C. Indian Day School. It is noted that by reducing the extension from 30 feet, as proposed, to 20 feet, the cost would be approximately $150, including painting.

The Department considers that an addition of 20' to the proposed woodshed should be sufficient to provide storage facilities for the fuel, and will approve of your arranging to have the work undertaken. You should purchase the lumber and other material required, obtaining competitive prices, from the firm quoting the lowest price. You should also arrange for the labour, and keep proper time sheets as requested in our letter of the 7th instant, in carrying out the painting. The Department will leave this matter in your hands to have the work carried out at the lowest possible cost. When completed, you should forward a voucher in the usual manner, properly certified, covering the cost, also time sheets, certified by you, in duplicate, for the labour.

Sir.-

I am enclosing requisition for cooking and sewing classes, for the Garden River R.C.School, also requisition for hot lunches for the children during the winter months.

I presume it is the intention of the teachers to ask the Department to provide these lunches, and should the Department so decide I believe the children would be greatly benifited in health, by having one good hot meal a day. However I do feel if this is granted to the R.C.School the Anglican school should receive the same consideration because of its close proximity.

I have the honor to be, Sir,
Your obedient servant.

Ottawa, October 18, 1929.

Sir:

I have your letter of the 15th instant, enclosing a requisition from the teacher of the Garden River R. C. Indian Day School for supplies for the cooking and sewing classes and for hot luncheo for the children during the coming winter months.

In this connection I have to say that the Department will approve of the teachers preparing and serving a hot lunch to the pupils at midday on each day the school is in operation and also teaching sewing, knitting, etc. You may arrange for the purchase of the quantity of sewing material as mentioned in the requisition prepared by the teachers, and you may arrange for the purchase, as required, of the various supplies and utensils for the serving of the midday lunch. It is not intended that a regular meal be supplied the pupils, as the purpose of the hot lunch is to augment the lunch brought by the pupils from their homes. It is thought that an expenditure not exceeding $15 per month would be ample during the winter months to cover the cost of the groceries and food supplies required for the serving of the lunch. You should arrange for the purchase of the sewing materials, utensils, and a sufficient quantity of food supplies to enable the teachers to start serving the lunch, and you may arrange during the winter months for the purchase of the food supplies as required. It is expected that the teachers will see that there is no waste of these supplies. Please forward certified accounts, in duplicate, covering the cost of the sewing material and cooking utensils, and also from time to time for the supplies for the midday meal.

If the teacher of the Anglican School will prepare and serve a similar lunch to the pupils at midday, the Department would favourably consider authorizing the supplies required upon receipt of a requisition for any supplies and utensils, etc., that may be required.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

Sir,-

With reference to the well at the Garden River R. C. Indian Day School, the Department notes that the water is not proving satisfactory. Please let me have a report from you, stating exactly what you consider would be the best thing to do to improve the condition of the water. Favourable consideration will be given to your recommendations in this regard, provided the cost would not be too excessive.

Your obedient servant,

A. F. MacKenzie.

Sir,-

With reference to the Garden River R. C. Indian Day School, I beg to say that the Department approves of your purchasing the number of 7" pipes required to permit the stove in the senior classroom being moved to the back of the room.

You may, also, have a small cupboard built in the teachers' quarters and, also, install a sink, with leaf.

A new porch at the rear of the residence may be built and a storm door provided for the front door.

You may also purchase a flour bin, coal scuttle, 2 shovels, 1 saw, 1 hammer and any locks that are required.

Your obedient servant,

A. F. MacKenzie.

Ottawa, June 17, 1930.

Sir:

Replying to your letter of the 14th instant, I have to say that you may arrange to have the minor repairs required at the Garden River Indian Day School (A.C) carried out during the coming summer holidays. It is noted that you estimate the cost of the repairs required to the roof, the painting of the porches and washrooms and the repairs to the steps to be approximately $45. You should purchase any material required and arrange for the labour in having the work carried out, and you should see that a satisfactory job is completed.

After the above work has been carried out, you should forward an account, in duplicate, properly certified, covering the cost.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

Sir:

I have to acknowledge receipt of a requisition from the teacher of the Garden River R. C. Indian Day School for classroom supplies and for single school desks.

With reference to the desks, I have to say that, as our funds this present fiscal year are extremely limited, we will be unable to provide the expenditure required in furnishing the desks asked for. It is hoped that the present seating accommodation will be satisfactory during the balance of the present school year. Early next Summer, if you consider that single desks are required, you should forward a requisition giving full particulars as to the size and number of each size required, also the number and size of the rear and front seats.

MEMO FOR FILE:

On the 6th instant, I visited the Garden River R.C. Indian Day School and found a very attractive building, on a nice site, and a very interesting work being done by the Misses O'Driscoll and Hickey, members of the Order at Spanish. Next year, we should purchase 15 or 20 desks with rears and fronts to complete the two classrooms. We should also arrange to double the size of the boys' toilet and to install urinals. There are other improvements, which I am authorizing the Indian Agent to do, by letter of today's date.

Sir:

Pursuant to Mr. Ferrier's instructions, I have now to authorize you to erect a flagpole and a suitable sign at the Garden River R. C. Indian Day School. You should also do a little clearing at the front of the property, so that the school will not be obscured from the highway to the east. Further, you should plough and level off the corner where the boys play. You may also have prepared for next year a garden plot.

You will please make an effort to find the trouble with the drain from the cellar. This year, the Department's funds are very limited, and I can authorize only fifty feet of digging in an effort to locate the stoppage.

A. F. MacKenzie.

EX'L.

Ottawa, October 6, 1931.

[redacted]

I have your letter of the 3rd instant, enclosing a communication which you received from the Provincial Sanitary Inspector, Sault Ste. Marie, recommending that a driven well be located on the school property to provide a water supply for the use of the Batchewana Indian Day School, and also that the toilets at the Garden River R.C. Indian Day School be enlarged.

In reply I have to say that, as our funds this year are extremely limited, it will not be possible to arrange to have the above work carried out. You should drew both these matters to the attention of the Department early next spring, when, if funds are available, favourable consideration will be given to providing a well at Batchewana and enlarging the toilets at the Garden River R.C. School.

[illegible]

The Separate School Inspector, in a report on his recent inspection of the Garden River R. C. Indian Day School, has drawn attention to the condition of the drain from the cellar of the school building. He states that at the time of his inspection he took the trouble to measure the water lying in the cellar and that there was a depth of almost 4".

In this connection I would refer you to official letter dated June 23rd, last, in which you were requested to make an effort to find the cause of the trouble with the drain. It is noted that you forwarded an account to the amount of $24 for "digging up cellar drain and making temporary outlet for water". It appears from the Inspector's report that the work done to the drain last summer has not solved the problem and, as the present condition is dangerous to the health of the pupils and to the building, I would request that you give this matter further attention and report to the Department what you consider should be done to provide proper drainage and to prevent the water from getting into the cellar. You should give an estimate of the cost of any work you would recommend be carried out. You should also state whether this work could be done this Fall. When we have your report, consideration will then be given as to whether this work can be authorized at the present time or not. Please give this matter your prompt attention.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Garden River.

At your request we have examined the premises of the R.C. School at Garden River and we are prepared to waterproof the basement of this building making it watertight for the sum of Sixty Six dollars ($66.00).

With reference to drain from the School to the Creek We are prepared to supply material and do all labour consisting of vitrified pipe with cemented joints for the sum of Three Hundred Dollars ($300.00).

Trusting we may be favoured with this work, we are,

Yours very truly,

November 9th 1931.

Sir.-

In reply to your letter No.13-3-5 of the 4th.instant with reference to the celler drain at the R.C.School, Garden River, I am enclosing a letter from McLarty's, Harten & Wiber, Contractors giving the cost to make the basement waterproof.

I may say that when we dug up the drain last summer we found that the joints were fully one half apart and wrapped with tarpaper which had rotted and let in the sand, and it would be necessary to dig up the entire drain 400 ft. and lay proper tile with cemented joints. We made a temporary at that time which took care of the water until the heavy rains in October.

Mr. McLarty who is a reliable contractor states that he is prepared to make the celler waterproof by putting in a new floor and coating the entire celler with waterproof cement, for the sum of $66.00 which seems to be reasonable, and will I believe solve the problem.

There is at present only one inch of water in the celler and I am having this taken out at once. Mr. McLarty can do this work as soon as the celler is dry.

I would recommend that Mr. McLarty be given the job of making the basement waterproof for the sum of $66.00

I have the honor to be, Sir
Your obedient servant.

I have your letter of the 9th instant, with reference to the drainage from the cellar at the Garden River R. C. Indian Day School and enclosing a quotation which you received to waterproof the basement and make it watertight.

In reply I have to say that the Department will approve of your recommendation to make the cellar waterproof by putting in a new floor and coating the entire cellar with waterproof cement, for the sum of $66. You may, therefore, arrange to have this work carried out, and you should see that a satisfactory job is completed. The total cost should not exceed the estimate given by you, viz., $66. It is hoped that as a result of this work the difficulty occasioned by the water seeping into the basement will be overcome. Please arrange to have this work carried out at an early date.

After the work has been completed to your satisfaction, you should forward an account, in duplicate, properly certified, covering the expenditure incurred.

Sir:-

I herewith enclose vouchers in my favor for $14.00 which I paid for labour on repairing cistern, cleaning same, and fixing storm windows R.C.School Shoshegwaning.

I beg to advise that the cistern cracked pratically from top to bottom and the water all leaked out and the teacher was anxious to have it repaired in a hurry so as to catch a winters supply of water. I therefore had it done at once and also had it cleaned which hadnt been done for a good while. It is in first class shape now, may also say that I had to buy one 12 ft 2" plank to put on the sill of the school over the cistern as the sill was getting badly decayed.

I would recommend that enclosed account for labour be paid and also the plank paid for.

Sir:

I have your letter of the 30th ultimo, regarding a grant to purchase gifts for the pupils of the Indian day schools in your Agency to be given them at Christmas.

In reply I have to say that you may incur an expenditure not exceeding the following amounts in the purchase of suitable articles for each of the schools:

Garden River R. C.	....	$5.00.
" " C. E.	....	4.00.
Goulais Bay	....	4.00.
Batchewana Bay	....	4.00.

Our funds this year are limited and the above authorized amounts must not be exceeded.

After the purchase has been made, please obtain itemized accounts, in triplicate, covering the expenditure for each school separately. These you should attach to proper voucher forms, certify in the usual manner and forward for payment.

Your obedient servant,

Dear Mr Pelham,

Kindly advise me whether it be possible to have the following for the Gordon Indian School — An outside bell, ladders and proper and suitable ladders in case of fire, also fire protection and enough lumber to have clothes closets in two rooms upstairs.

I may add that there is no fenced ground the school and this is a cause of much inconvenience as horses and cattle travel at will, furnishing a nightly melody — cow bells — Now if I am permitted by Circular I could get some of the boys — from Qu'Appelle to get out posts & place them for a very moderate price — if the wire could be obtained — Of course I shall await such advice on this

and if you think well of it I can
ask Mr Sims permission to let
me deal with him for the posts
etc. The lumber for closets, &c
can be obtained at very low
rate from Ennis Falls or Halliday
and I could have one of
my two Indians, men to
go the Canoe factering - If permitted
I could pay it — & I believe
I can get it done much
cheaper than buy dealing in
Ind — then I could control
the mill — by I mean
only for lumber for closets
& what I own — name.
Please excuse this note
I write in a rush.

Dear Miss O'Driscoll,-

I have your letter of the 6th instant, with reference to certain improvements required at the Garden River R. C. Indian Day School.

I am anxious to make things at the Garden River School as comfortable for you as possible, but our funds this year are so limited and the demands so heavy that we require very definite information regarding the expenditure involved before authorizing any repairs. When you return to the school, you might give this matter further consideration and let me have an itemized statement of the cost of each of the improvements requested in your letter. When this information is received, the Department will be in a position to decide what amount, if any, can be allowed.

Yours sincerely,

Miss C. O'Driscoll,

Sir:

The Department understands that cupboards are required in the upstairs part of the teacher's residence at the Garden River R. C. Day School, also a ladder. Information has also been received that approximately $25 will cover the cost of the material and labour.

Please authorize Miss O'Driscoll to incur this expenditure for the improvements mentioned above. Certified accounts, in triplicate, should be forwarded later for the expenditure incurred.

Sir:

I have to acknowledge receipt of your voucher, No. 31, covering the cost of supplies for the school lunch at the Garden River R. C. Indian Day School during the month of April. This account is being paid.

It is noted that you refer to letter dated November 11, 1929. Instructions have previously been issued that new authority should be requested at the first of each fiscal year.

At other Indian schools, the Department has found it necessary to discontinue serving the midday meal after the end of April, and we are not prepared to authorize further expenditure for this purpose at the Garden River R. C. School. Before the school re-opens in September, you should communicate with the Department, stating the minimum amount required for serving a midday meal at this school during the academic year 1934-35.

Sir:

In your letter of June 23th, you requested authority to expend approximately $65.00 in moving and repairing the toilets at the Garden River R. C. Indian Day School. This expenditure was authorised by official letter of July 10th. So far, the Department has received only one account for cleaning and moving the toilets. If you have not already arranged for the other work, please do so immediately, in order that the toilets may be in proper condition before the school re-opens in September.

Dear Mr Pheland,

Yours of the 6th inst. to hand, in returning to Sydney I expected to have had a meeting with Mr Chisholm, but was disappointed — He has not been down yet — I have had a long conversation with Mr Mackenzie regarding the Indians — He says he will be glad to have the Indians go to Lake Superior to work for him — He will give them $1.00 per day — I think myself that it would be better for them to go there than to remain here — I will write to Mr Chisholm & see what he says about it — I have had a letter from Mr Pheland, in which he says he will take about 100 pieces 1½" at 20 per ft. & some about 50 pieces 4.98 — I have written him, he will not be able to get it in a day or two. He said he would send me a bill & he would guide the men (Indians) at the mill. He is the right man for the place & a good hand. He gives

Dear Sir,

I enclose receipted bills in triplicate of items purchased for the residence and repairs I am still engaged in connection with the piping of the water into the kitchen.

For this work the estimate amounted to $30 was allowed & but the work here took so much difficulty (necessitating purchased several pieces) the time spent in labour was necessarily much longer than estimated & would have been.

The total expense of this work $42.25
I request that a cheque be issued for this amount & forward to me at Garden River that I may settle accounts & close the work.

JUN 5

Sault Ste Marie, Ont.
June 4, 1935.

Sir:

I beg to say that the Garden River R.C. Day School requires painting and other repairs. The outside of the building is badly in need of paint and should have two coats, including storm windows. New steps, platforms, pully cords for windows, and other minor repairs are necessary. The total cost would be around $160.00 to $200.00.

Should the Department decide to make these repairs, which are very urgent, it is my intention to give the work to the Indians of the band.

I have the honor to be, Sir,
Your obedient servant.

Ottawa, June 7, 1935.

Sir:

I have your letter of the 4th instant, giving an estimate of the cost of the painting and other repairs required to the Garden River R. C. Indian Day School building.

In this connection I have to say that you may arrange for the painting of the outside of the building and the storm windows. A good grade of paint should be used. You should arrange, also, for the installing of new steps, platforms, pulley cords for windows and other minor repairs that are necessary. The total expenditure should not exceed your estimate of $200. It is to be understood that the labour will be performed by Indians of the Band. You should purchase all materials, from firms on the approved list, and obtain accounts, in triplicate, which you should attach to proper voucher forms, certify in the usual manner and forward for payment.

E.R. 3346

Returns should be kept of the labour employed, and full particulars should be given regarding the days or hours each man was engaged and the rate paid.

This work should be carried out during the coming summer holidays. Please see that a good job is completed and at the lowest possible cost. The above authorized amount must not be exceeded in performing all the painting and repairs.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

Sir:-

I herewith enclose report of R.C.School Sheshegwaning.

I beg to advise that this school requires the following:- 60 ft new rope for flag pole. 5 lb putty for storm windows, 3 panes of glass for basement. 1 pkg kalsomine for one room upstairs in school residence.

A man should be engaged to cut weeds around the school, put in putty, put up swings etc. I can have this done by a man that would otherwise have to get relief.

A new Coleman lantern is also required at the school, they have two Coleman lamps but one of these is worn out and I can trade it in a new Coleman lantern with a cost of $8.75 and would recommend that this be approved as well as the items mentioned above.

Sir,

Will you kindly consider my request that the telephone be installed in this school.

The work connected with the school necessitates a considerable use of a phone to communicate with the Agent and Doctor in the interests of our Indians and especially to communicate with the Peace Officer who lives two miles distant. To do this, I am obliged to go to the store to phone as there is no other phone. This is quite a little distance and besides I often find that the Peace Officer is not at home. There are necessitating much inconvenience, and I am obliged to make another trip.

Dear Sir -

Will you please ask the Department if they will give me ten dollars to have cleaning done in the class-rooms.

The walls in both classrooms need to be washed and the desks in the junior room varnished. They should be scrubbed and sandpapered in preparation for varnishing.

I have not sufficient janitor money for this cleaning and varnishing (I have already received the varnish) and as it is very necessary I trust the Department will grant it

Yours respectfully,
Louise Gattie.

Ottawa, June 7, 1938.

Dear Sir:

I am in receipt of your letter of the 4th instant, with reference to repairs required at the Garden River R. C. School.

When preparing our appropriation for the current fiscal year, it was possible to include an item of $75.00 only, for repairs and improvements at the day schools of the Garden River agency. In view of the present set-up of our appropriation, it is practically impossible to exceed the amount that was actually provided. Under these circumstances it will not be possible to expend $100.00 at the Garden River R. C. School. Please let me know what repairs are absolutely necessary at this school, in view of the fact that it will not be possible to do all the work suggested in your letter of the 4th instant.

Yours truly,

Dear Sir:

With reference to your letter of the 19th ultimo, it is not the practice of the Department to employ outside assistance to estimate the cost of repairs required at an Indian day school. It is felt that the Indian agent should be able to make a reasonably satisfactory estimate and should also forward a requisition for the material required for repairs.

When requesting authority for any work at Indian schools, you should state if the labour can be done by Indians and, if not, you should advise what tradesmen would be required.

Yours truly,

Dear Sir:

With reference to requisition dated the 20th instant for supplies for the Garden River R.C. school you may authorize the teachers to incur an expenditure not exceeding $13.00 in the purchase of a Christmas treat for the children.

You should also inform them that this is the last year the Department intends to make a grant for this purpose. Later in the year a letter will be directed to you making suggestions as to the manner in which it is considered that funds can be raised for the purpose.

Yours truly,

R. A. Hoey,

Dear Sir:

Miss Louise Gattie, Garden River R.C. Indian Day School, has requested an allowance of $5.00 for spring cleaning. Kindly advise me if this amount will be granted.

She also requests that permission be given to have the fourteen school desks in the Senior Room re-painted and varnished as they are in very bad condition. The cost of this would be approximately $25.00.

I would recommend that this request be granted as the desks are now in very poor condition.

Dear Sir:

With reference to your letter of the 6th instant I regret that funds at our disposal at the present time will not permit authorizing the expenditure requested in your letter in connection with the Garden River R.C. School. Might I suggest that the teacher organize the older pupils to clean the school without cost to the Department. These are serious times and all interested in Indian education are expected to co-operate as expenditure must be kept at a minimum. Consequently it is felt that the pupils should be sufficiently interested to assist the teachers in giving the class rooms a spring cleaning.

Dear Sir:

With reference to your requisition of the 19th instant you may expend an amount of $18.00 a month for the period December 1, 1940, to March 31, 1941, in purchasing supplies for serving a midday lunch at the Garden River R.C. School.

You may also spend $40.00 in replacing the school steps and making other repairs at the same school.

If you consider the 20 cups, 42 spoons and 5 yards of table oilcloth are required you may secure them.

Dear Sir:

The wood shed roof at the Garden River Reserve Roman Catholic School needs re-roofing as it leaks very badly.

The cost of material and labour to do the above work would be approximately $20.00.

Kindly advise me if it will be in order to purchase the necessary material and proceed with the above repairs.

Dear Sir:

As you have likely noticed, our playground here is in bad condition. The deep sand, stumps, ground and peculiar shape make it hard to keep a number of children playing.

To overcome this difficulty I had plans drawn & equipment constructed, last October. This consisted of two swings for the girls and a jumping rope, and their equipment for the junior boys. This cost nine dollars and eight cents.

Do you think that it would be refunded? I am enclosing bills and receipt for the amount.

Yours truly,

Dear Sir:

Enclosed herewith please find Voucher No. 1077 for $9.60 in favour of Miss Julia Goody covering payment to Eli Bmissoneau for labour and material constructing playground equipment at the Garden River Reserve R.C. Indian Day School.

Miss Goody arranged for this work to be done herself and paid for same, and I am enclosing a letter received from her in which she asks if the Department will reimburse her for this expenditure.

Please advise me if payment will be made to Miss Goody for the cost of making this play-ground equipment.

Ottawa, September 25, 1942.

Dear Sir:

Miss Burke, who called at this office today, is of the opinion that the interior of the Garden River R.C. School is urgently in need of paint. She intimated, also, that blinds are badly needed for the windows.

In this connection, may I refer to departmental letter to you dated July 8, 1942, in which you were authorized to buy certain supplies necessary at this school.

It would be appreciated if you could visit this school at an early date and discuss with the teachers, who will likely be there at that time, the best ways and means of decorating the interior of the school, so that the general surroundings will be reasonably attractive.

When you are there, it would be appreciated, also, if you made an inspection of the school grounds. Miss Burke is of the opinion that these grounds are wholly unsuitable as a playground but might be improved by levelling and seeding. You should send in a specific recommendation in respect to steps that might be taken to improve the playground surrounding this school. Your immediate attention to this matter will be very much appreciated.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Dear Sir:

In accordance with the last paragraph of your letter 13-3-5, September 25th, I made an inspection of the school grounds at the Garden River Reserve R.C. School and found the playgrounds very sandy. I am of the opinion that the grounds should be seeded down as suggested to Miss Burke by Mr. R.J. Bryden, Soil Analyst, Ontario Agricultural College.

The cost of this work would be as follows:

Seed and Fertilizer required for the grounds, which are approximately 1/4 acre in area.....	$20.00
Labour to level, roll, sow and rake grounds.....	$10.00
12 loads of muck to cover whole area with a light covering, after seeding.....	$20.00
Approximate Total Cost.....	$50.00

With regard to decorating the interior of the school as mentioned in your letter, I will report on this later.

Yours very truly,

R.P.G. Laurence

Dear Sir:

With reference to your letter of the 3rd instant, you may insur an expenditure of $50.00 in improving the grounds at the Garden River R.C. School. With reference to the last paragraph of your letter, you should let me know if you purchased the articles authorized in official letter of July 8. No account has yet been received and under these circumstances the Department is under the impression that you did not carry out the instructions contained in the letter just mentioned.

With reference to your letter 13-3-5, October 6th, this is to advise you that the articles authorized in official letter of July 8th have all been purchased with the exception of 5 Gals. Floor Paint and 1/2 Gal. Turpentine.

The reason for not purchasing the above is that Miss Goody, the previous teacher, who was going to attend to the painting of the floors this Fall if allowed the paint, did not return to the Garden River R.C. Indian Day School, as expected.

Dear Sir:

In your letter of September 25th last, 13-3-5, you requested me to discuss with the teachers of the Garden River R.C. Indian Day School the best ways and means of decorating the interior of the school.

Both classrooms and halls in this School should be redecorated, the walls, ceilings and woodwork painted a lighter colour to help brighten things as these schoolrooms are very dark on account of the windows all facing North and therefore getting no direct sunlight.

The approximate cost of this work would be $150.00. This includes fourteen (14) gallons paint, $55.00, and labour, $95.00.

If it is decided to do this work, the best time for doing so would be during the Christmas holidays.

Yours very truly,

R.P.G. Laurence

Dear Sir:

Enclosed herewith please find Requisition covering school material for the Garden River R.C. Indian Day School requesting, among other things, 24 single desks and 2 back seats.

I have inspected the seating in the Senior Room of this school and find that the above desks are required. At present a number of the children are using wooden benches and chairs and, in some cases, three boys sitting at a double desk. The double desks on hand are old and broken and in most cases too small for the children, which is very uncomfortable for them.

If at all possible, I recommend that these desks be supplied as it is hard for the teacher to get the best out of the children if they are not comfortably seated.

Dear Sir:

In rainy weather during the Fall and Spring of the year the basement and cesspool of the Garden River R.C. Day School floods. When this happens, and the condition exists at present, the sewage is unable to get away and the kitchen sink blocks.

To remedy the above situation, four inch tile should be laid to a low spot, one hundred feet distant from the School, to carry the excess water away, and a new cesspool dug. The approximate cost of material and labour for doing so would be $40.00.

This work should be done as soon as possible. Please advise if it will be in order to proceed with same.

Dear Sir:

I desire to refer you to our order No. 15499 of November 21 covering 15 gallons of paint to be forwarded to R.P.C. Laurence, Indian Agent, Sault Ste. Marie, Ont. Your quotation on this paint read f.o.b. Sault Ste. Marie, but the Indian Agent advises that when the paint reached that point he was required to pay an amount of $2.26 freight charges. He has enclosed a receipt from the C.N.R. for this amount. In view of the quotation reading f.o.b. Sault Ste. Marie, I should appreciate it if you could arrange to have $2.26 refunded to our Agent at the earliest possible date. Please let me know when you have done so.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

13-3-5 Garden River R.C H+S

Garden River, Ont.
February 3, 1943.

Dear Mr. Hoey:

We intended writing sooner but the school work and problems we met with seemed to occupy every moment of our time.

No doubt you are familiar with the circumstances re the feud between the two bands. This made itself felt among the pupils and for a while there was "guerilla warfare" to and from school in active style. However they are most agreeable lately, and, at least among the children, the feud has died out or nearly so.

The single desks and the decoration of walls and ceilings has had a most subduing influence on both boys and girls. When the school opened in January, I was greeted with a chorus of: "Miss, is it ever nice" "Miss, it is just swell". We notice a much better and more cooperative spirit among both, parents and pupils, but punctuality and attendance are not up to the mark; at least not what we hoped for. Some certainly deserve credit for regularity and studiousness, but no amount urging or effort on our part can interest or waken up a few of the parents. As a last resort we sent the local constable around but I do not think they are afraid of him, perhaps the Mounties could help.

Our Agent, Mr. Lawrence, has been most considerate and cooperative. We had an understanding with him last fall that social evenings could be held in the school provided school property was not damaged and there was no rowdyism or drunkeness. These social gatherings brought us in friendly contact with the people and promoted good fellowship. Now we are annoyed by one of the Councillors, Mr. Williams, who claims he is a ward of the Department and tells us we are breaking "the Sabbath" etc. He intrudes even while the games or other entertainment are going on. I understand Constable Thibault has been active in breaking up their affairs when held in private homes, altho' I do not think he goes himself probably has his agents.

If the Department would notify those men to leave us alone we would greatly appreciate it. After all it is not their affair. We could never get around to all the houses, and the social evenings held occasionally give us the opportunity of meeting the people we would otherwise miss. It is not practical to hold them on week days, it would interfere with our class work.

I know my letter is altogether too long, but before closing I would like to let you know how much we appreciate the moving pictures held in the school. We had them for the first time on Monday. They have a decided educational value and bring both the children and adults in touch with the world's great questions of today. I hope they will continue to be given <u>in</u> the <u>school</u> .

Trusting I have not encroached too long on your time and thanking you cordially for all the help you have given us.

Respectfully yours

Sallie J. Brike-Linton

Ottawa,
February 10, 1943.

Mr. R.P.G. Laurence, Indian Agent, Sault Ste. Marie, Ont.

I have a letter from the Principal of the Garden River R.C. School in which she states that, while there appears to be a better and more co-operative spirit among both parents and pupils, the punctuality and attendance are not as good as they should be. This applies particularly to a few of the parents who do not seem to recognize the importance of sending their children to school regularly. Any assistance that you can give Miss Burke in this regard would be appreciated.

The following is an additional extract from Miss Burke's letter:

"Our Agent, Mr. Lawrence, has been most considerate and co-operative. We had an understanding with him last fall that social evenings could be held in the school provided school property was not damaged and there was no rowdyism or drunkenness. These social gatherings brought us in friendly contact with the people and promoted good fellowship. Now we are annoyed by one of the Councillors, Mr. Williams, who claims he is a ward of the Department and tells us we are breaking 'the Sabbath' etc. He intrudes even while the games or other entertainment are going on."

Please interview Mr. Williams immediately and advise him that the Department will not allow any interference with the gatherings mentioned by Miss Burke.

R.A. Hoey,
Supt. of Welfare & Training.

Sault Ste. Marie, Ontario.
June 14,1943.

Indian Affairs Branch, Department of Mines and Resources, Ottawa.

Miss Sadie Burke, teacher of the Garden River R.C. School, has requested that the wood shed be enlarged so as to hold her winters' wood, as last winter she experienced considerable difficulty in digging the wood out of the snow.

The cost of material and labour necessary to enlarge this shed to enable it to hold the winter's supply would be approximately $180.00. Material $120.00, labour $60.00, total $180.00.

Mines and Resources
OCT 25 1943

Dear Mr. Phelan:

I did not expect the Entrance pupils to return, but we have a Ninth Grade.

I am requisitioning just what is necessary. Would you please see that the Books are sent at once. Or could I get permission to get what I need in the Sault?

I would like also to get a grant of $25.00 for sewing. I have several girls in class, between the ages of fourteen and sixteen years, who are most interested in needle work of all kinds and have formed a Junior sewing circle, besides their class work.

There seems to be an epidemic of measles just now and rather severe, seems to be a combination of flu and measles. Many are out. I hope do not have to close school, but it may come to that.

Just got word from Dr. Heath the measles are not as severe or dangerous as I thought. Will probably be able to teach it through.

Yours sincerely,

You will please find enclosed requisition from Miss Burke of the R.C. Indian School, Garden River Indian Reserve, requesting that hardwood floors be laid in the Garden River School.

It is difficult to keep the present floors clean and new hardwood floors would be a decided improvement.

The approximate cost of 1st Birch flooring for the above would be $550.00 for material and labour.

Kindly advise me regarding this matter at your convenience.

Ottawa,
May 29, 1944.

Mr. R.P.C. Laurence, Indian Agent, Sault Ste. Marie, Ont.

I have your letter of the 22nd instant, with reference to the request that you have received for a new hardwood floor in the Garden River R.C. School. I realize that it is difficult to keep the present floors in good condition, but at the same time the Department does not feel disposed to incur such a heavy expenditure due to present conditions. I feel that this school can do without hardwood floors until after the war.

R.A. Hoey,
Supt. of Welfare & Training.

Ottawa, February 8, 1945.

Mr. R.P.C. Laurence, Indian Agent,
Sault Ste. Marie, Ont.

I am in receipt of a letter from Miss S. Burke, teacher of the Garden River R.C. School, which reads in part as follows:-

"We are snowed in almost to the eyes here. It took a man and relays of the school boys one whole day to get the snow and ice off the roof when I returned after Christmas. I wanted to have the snow plough turn in at our gate and make a road from the school to the highway and in turning make a circuit in the yard, instead of piling the snow up five feet deep at the gate. I did not succeed in getting the favour, but I don't see why it cannot be done. It takes the boys nearly a half day shovelling the [illegible] the plough makes at both gates."

Miss Burke's request appears quite reasonable and it would be appreciated if you could arrange to have the snow plough do what she requests. I feel there should be no difficulty in arranging this with the provincial authorities who, I suppose, are supplying the snow plough on the highway.

Ottawa, November 26, 1945.

Mr. R.P.G. Laurence, Indian Agent, Sault Ste.Marie, Ontario.

With reference to requisition of the 20th instant, you may purchase the following for use at the Garden River R.C. Day School:

1. Two storm windows with nails, hooks, etc.,
2. Window locks (2)
3. Two Call bells
4. Twelve brass hooks for cloakroom.

At the present time the Government Stationery Office has no pencil sharpeners in stock. However, if you can secure these locally you may purchase them at a reasonable cost. In the event of securing them you should send a special account covering their cost as we will have to submit it to the Government Stationery Office.

MAY

Dear Mr. Phelan:

I have been wondering if you would consider heating our school by the crude-oil system.

The wood has become a problem; as yet there is no supply in for next year, which means wet soggy wood for the coming winter. There has always been difficulty along this line. One year we lighted the fires with heavy school wood and kerosene--a dangerous and disagreeable system. No light or kindling wood was supplied for two or three months. Another year the kindling was brought in six-foot length slabs from the mill, and lay out for over a month in the rain before I could get it split and sawed in stove lengths. During the vacation some of our wood has been stolen.

On the whole it is most unsatisfactory and has always been a cause of worry. Even when it is brought, it is often heavy and too large for the stoves--hence clumsy and so heavy to lift. Then it has to be re-split, and this costs high, as the natives do not believe in speed.

The crude-oil system is much cheaper and more convenient. The extra expense in procuring stoves suitable for the purpose would be paid in a short while. As far as I know, the crude oil stoves would cost about $125. each. We would need one for each classroom and a much smaller one for the living room. I forget the amount of oil needed for each room, but it was far cheaper than the wood.

Last summer you spoke of giving new floors. If you cannot give us both, I would prefer the crude-oil system to be installed.

Sincerely yours,
Isabel Burke.

Dear Sir:

The Department is considering burning crude oil at the Garden River R.C. Day School. I understand it is becoming increasingly difficult to secure wood and that, as a consequence, green wood has to be used to a great extent during the winter months.

I have been informed that crude oil stoves can be purchased in Sault Ste. Marie for an approximate amount of $125.00. Three of these would be required at the Garden River R.C. School.

Please investigate the matter thoroughly and let me have a report from you. At the same time you should obtain a quotation for the oil stove and forward this for our consideration. The name and address of the firm quoting should be given.

Yours truly,

Philip Phelan,
Chief, Training Division.
